Notes

Make

- "HK" was observed marked on the left side of the slide and on the grip.

Model

- introduced in 2004.
- "HK USP" is marked on the left side of the slide and on the grip.
- "SD" in model designation denotes silenced/suppressed.
- features include: round barrel with threaded muzzle; polymer receiver/frame with integrally moulded grips; single/double action trigger mechanism; adjustable trigger stop; patented recoil reduction system; ambidextrous safety; receiver/frame mounted slide stop; adjustable sights to see over the optional sound suppressor.
- this firearm is also available with a LEM ("Law Enforcement Modification") trigger mechanism that converts the firearm to DAO (double action only), and lightens and smoothes the trigger pull.
- overall length with a 116mm (4.56") barrel is 201mm (7.94"), average weight is .77kg (1.7lbs).

Manufacturer

- "Heckler & Koch GmbH" and "Made in Germany" is usually marked on the right side of the receiver/frame, above the grip.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Action	- recoil operated.
Serial Number	- serial number is marked on a metal strip inlett into the underside of the receiver/frame, and may be repeated on the left side of the slide, just above the hold-open notch and on the barrel. - sound suppressor is serialized with the last three digits of the matched firearm when assembled together at the factory. - observed serial number consisted of two numbers, a dash (-), and six numbers.
Calibre	- calibre designation "9mmx19" was observed marked on the left side of the slide and on the barrel.
Shots	- detachable box magazine.
Canadian Law Comments	- this firearm left the factory equipped with the muzzle end of the barrel being threaded to accept a sound suppressor. The sound suppressor is subject to the definition of "Prohibited Device" in "Part III/Firearms and Other Weapons" of Section 84 of the Criminal Code of Canada.

Notes

Make

- make is marked on the firearm as "Heckler & Koch", as well as with the HK logo.

Model

- introduced in 1970.
- "Mod. VP' 70" marked on the left side of the slide.
- features include: synthetic receiver/frame; striker fired; fixed sights; may have an additional manual safety fitted as an option.
- this is the early production burst-fire version of the VP-70, subsequently converted to fire in the semi-automatic mode only; concurrent with the production of the full automatic pistol, Heckler & Koch also made a semi-automatic only version of the VP-70. Later production VP-70s were segregated into the semi-automatic only VP-70Z ("Zivil" or "Civilian"), and the VP-70M (the burst-fire machine pistol).

Manufacturer

- "HECKLER & KOCH GMBH" is marked on the left side of the slide.

Action

- blowback operated; fires three-round bursts at a rate of 2200 rpm.

Serial Number

- originally the serial number was marked on the bottom of the slide and on the chamber of the barrel, but not on the receiver/frame.
- on later production VP-70's, Heckler & Koch moved the serial number to the side of the slide and the barrel hood.

Shots

- detachable box magazine.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Canadian Law Comments - early pistols marked only VP-70 will require examination for determination of legal class.

FRT Report

Firearm Reference Number (FRN): 24134
Make: Heckler & Koch
Model: VP70M

Summary

Make:	Heckler & Koch
Model:	VP70M
Manufacturer:	Heckler & Koch (HK)
Level:	Converted Automatics
Type:	Handgun
Action:	Converted Automatic
Country of Manufacturer:	GERMANY, WEST
Serial Numbering:	See Note
Legal Classification:	Prohibited

Calibre, Shots and Barrel Length

FRN	Calibre	Shots	Barrel (mm)	Legal Classification Legal Authority	Level	Barrel Type Code
24134 - 1	9MM LUGER	10	114	Prohibited CC 84(1) "prohibited firearm" para. (c)	Converted Automatics	
24134 - 2	9MM LUGER	18	114	Prohibited CC 84(1) "prohibited firearm" para. (c)	Converted Automatics	

Notes

Make

- "HECKLER & KOCH GMBH" over "OBERNDORF/N MADE IN GERMANY" is marked on the left side of the slide.
- "HK" logo is marked on the grip.

Model

- introduced in 1970.
- "Mod. VP 70 M" or "VP 70 M" is marked on the side of the grip.
- features include: synthetic receiver/frame; striker fired; fixed sights; may have an additional manual safety fitted as an option.
- originally produced as the burst-fire capable version of the VP-70 that requires the attachment of a shoulder stock for full-automatic fire; concurrent with the production of this pistol, Heckler & Koch also made a semi-automatic only version of the VP-70 (the VP-70Z). Late-production VP-70s were segregated into the semi-automatic only VP-70Z ("Zivil" or "Civilian"), and the VP-70M (the burst-fire machine pistol).

Manufacturer

- "HECKLER & KOCH GMBH" over "OBERNDORF/N MADE IN GERMANY" is marked on the left side of the slide.

Action

- no longer capable of full automatic fire.

Serial Number

- numbered on the side of the slide and on the barrel hood.

Shots

- detachable box magazine.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Canadian Law Comments - early pistols marked only VP-70 will require examination for determination of legal class.

Notes

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Make	- the maker's designation is marked on the left side of the magazine housing as "HK".
Model	- the model designation, "XM8" is currently marked in large print on the left and/or right side of the firearm. - the "XM8" is a derivative of the Heckler & Koch G36 assault rifle. - this weapon system was developed by the US Army's office of Project Manager for Soldier Weapons in conjunction with the US Army Infantry Center and designed by Heckler & Koch in Sterling, Virginia, it is intended to replace the M16/M4's in US service. If adopted, the model designation will be the "M8" and will be manufactured at the Heckler & Koch factory located in Columbus, Georgia. - features include: a modular weapon system with easily interchangeable barrels, hand guards, receivers, butt stocks, and battery powered sighting systems; removable carrying handle; ambidextrous charging handle, magazine release, bolt catch, safety/selector, butt stock lever; bayonet lug (318mm & 508mm barrels); integral folding bipod (508mm barrel). - a detachable "XM320" 40 mm side-loading grenade launcher is available as part of the modular system. - a LSS lightweight 12 gauge shotgun module can be easily added to the "XM8" without tools. - available in urban blue, desert tan, OD green, arctic white, brown, and black polymer. - the rate of fire is 750 rounds per minute. - overall length ranges from approximately 537mm (21.1") in the Compact Carbine configuration, to 1022mm (40.2") with stock extended in the Automatic Rifle configuration. - the average weight (with attached optical sight) ranges from approximately 3.1kg (6.2 lbs) in the Compact Carbine configuration, to 3.72kg (8.2 lbs) in the Automatic Rifle configuration.
Manufacturer	- the manufacturer's designation is marked on the firearm as "HK".
Action	- gas operated, rotating bolt.
Serial Number	- the serial number is marked on the receiver/frame. - the serial number rationalization is unknown.
Calibre	- the calibre designation is marked on the firearm. - rifling characteristics: 1 turn in 7 inches.
Shots	- semi-transparent 10 or 30 round detachable magazines, 100 round drum magazine.

FRT Report

Firearm Reference Number (FRN): 144369
Make: Heer, Charles
Model: Martini Schuetzen Rifle

Summary

Make:	Heer, Charles
Model:	Martini Schuetzen Rifle
Manufacturer:	Heer, Charles
Level:	Manufacturer Specifications and Commercial Customization
Type:	Rifle
Action:	Single-Shot
Country of Manufacturer:	SWITZERLAND
Serial Numbering:	See Note
Legal Classification:	Non-Restricted

Calibre, Shots and Barrel Length

FRN	Calibre	Shots	Barrel (mm)	Legal Classification Legal Authority	Level	Barrel Type Code
144369 - 1	7.5X55 SWISS	1	819	Non-Restricted CC 2 "firearm"	Non-Commercial Customization	

Notes

Make

- "CHARLES HEER" over "VEVEY" was observed marked on the right side of the receiver/frame.
- "VEVEY" is a town located in the canton of Vaud in Switzerland.

Model

- model designation is not marked on the firearm.
- this is a modified Martini action used by gunmakers to build "Off-Hand" or "Schuetzen" or "Schuetzenfest" target rifles which were used in target matches.
- features include: adjustable sights; blued round, fluted barrel; color case hardened flat sided Martini type receiver/frame; breech block is hinged at the rear of the receiver/frame and swings downward at the front to open; double set triggers; checkered wood forearm and straight grip stock with "schuetzen" style hooked buttplate and high comb cheek rest.

Manufacturer

- Charles Heer was located in Vevey, Switzerland between 1897 and 1946.

Action

- rear hinged, lever operated tipping block design.
- Martini action is locked in the firing position by the tip of the operating lever holding the breech block face up and in line with the chamber.

Serial Number

- serial number is marked on the receiver/frame
- serial number observed consisted of three numbers without a letter prefix or suffix.

Notes

Make

- "HEEREN - KUFSTEIN", "OSTERR. PAT. AM" and "A 5273/68" was observed marked on the front of the receiver/frame, under the forearm.
- "Heeren", this make is named after the designer/inventor of this compact dropping block rifle Christiano Arturo Juan Antonio Heeren Y Massia.
- Heeren was born in Hamburg, Germany in 1844.
- Heeren became an engineer and settled in Paris, France before 1880.
- Heeren's design received a British Patent No. 243 on the 15th June 1880, under the name of Johnson.
- Heeren's design was also granted a United States Patent No. 239,496 on the 29th of March 1881, under the name of C.A. C.J. Heeren.

Model

- "HEEREN - KUFSTEIN", "OSTERR. PAT. AM" and "A 5273/68" was observed marked on the front of the receiver/frame, under the forearm.
- this firearm is custom made using the Heeren falling block action.
- features include: octagonal barrel with iron sights and mounts for a scope ; falling block action operated by the trigger guard assembly being pivoted down and to the rear to open the breech; hammerless; safety lever on the right side of the receiver/frame; engraved animals scene on receiver/frame; checkered wood forearm and pistol grip buttstock.

Action

- falling block design.

Serial Number

- serial number is located on the top of the receiver/frame.
- observed specimen had three numbers without a letter prefix or suffix.

Calibre

- cailbre was observed marked on the barrel.

Notes

Make

- "HEGE" is the tradename of "Hebsacker Gesellschaft and Hege Gmbh" of Germany.
- "HEGE", "HEGE SCHOFIELD", "HEGE WAFFEN WEST GERMANY", "HEGE WEST GERMANY", "Original HEGE", "ORIGINAL HEGE - UBERTI", or the "HEGE" trademark logo which consists of a winged horse within a circle are some of Hege's firearms markings.

Model

- "AP 66" is usually marked on the left side of the slide.
- "AP66" is basically a copy of the FEG Model AP, which in turn is a copy of the Walther Model PP.
- "AP66" may also be known as "AP66", "AP66 ATTILA", or "ATTILA".
- "AP66" was produced by FEG of Hungary for distribution by Hege of Germany.
- "AP66" is a blowback operated, semi-automatic handgun.
- features include: fixed sights; round barrel; flat sided slide with right side ejection, rear gripping serrations and a safety lever mounted on the rear left side; exposed hammer; double/single action trigger mechanism; detachable box magazine release button is located on the left side of the receiver/frame behind the trigger, checkered grip plates; blued finish.

Manufacturer

- manufacturer's name is not usually marked on the firearm.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Action	- blowback operated.
Serial Number	- serial number is usually marked on the front of the grip strap or on the left side of the receiver/frame behind the trigger. - serial numbers observed consisted of a two letter "BB" prefix and five numbers.
Calibre	- calibre is marked on the left side of the slide.
Shots	- detachable box magazine.
Other Markings	- observed markings on the left side of the slide: 1) "HEGE WAFFEN WEST GERMANY" over "AP 66 Cal. 7.65 mm (32 Browning)" or 2) "HEGE WEST GERMANY" over "cal. 7.65mm/.32/Browning".

Notes

Make

- "HEGE ARMS WEST GERMANY" may be marked on top of the barrel.
- "HEGE" is the tradename of "Hebsacker Gesellschaft and Hege Gmbh" of Germany.
- "HEGE", "HEGE SCHOFIELD", "HEGE WAFFEN WEST GERMANY", "HEGE WEST GERMANY", "Original HEGE", "ORIGINAL HEGE - UBERTI", or the "HEGE" trademark logo which consists of a winged horse within a circle are some of Hege's firearms markings.

Model

- "Siber A Lausanne" may be inscribed on the barrel.
- this is a reproduction of a single shot Siber Percussion Pistol.
- originally designed and manufactured in the mid 1800's by Jean Frederick Siber (1812 -1898) in Lausanne, Switzerland.
- features include: octagonal barrel with Barleycorn dovetailed front sight and mirco-ajustable rear sight; engraved percision made percussion lock; oil finished hand checkered stock of European walnut rounded at a 70 degree angle and a tulip forend.

Manufacturer

- "HEGE ARMS WEST GERMANY" was marked on top of the barrel.

Action

- muzzle loader.

Serial Number

- serial number was observed marked on the left side of the barrel.
- observed serial number consisted of three digits no letter prefix or suffix.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Calibre

- "CAL. 33" was marked on the left side of the barrel.
- Siber formula was 33-3-333 or 33 Caliber, 3mm groove depth and 333mm rifling twist or one turn in 333 mm.

Notes

Make

- "HEGE SCHOFIELD" is usually marked on the left side of the barrel.
- "HEGE" is the trade name of "Hebsacker Gesellschaft and Hege Gmbh" of Germany.
- "HEGE", "HEGE SCHOFIELD", "HEGE WAFFEN WEST GERMANY", "HEGE WEST GERMANY", "Original HEGE", "ORIGINAL HEGE - UBERTI", or the "HEGE" trademark logo which consists of a winged horse within a circle are some of Hege's firearms markings.

Model

- introduced in 2005.
- model designation is not marked on the firearm.
- this is a modern reproduction of the Smith & Wesson Top Break No 3 Single Action Schofield Model 1 revolver originally produced in 1875.
- features include: half moon front sight and a notched rear sight; ribbed barrel; front hinged receiver/frame with a fluted cylinder; break open release is mounted on the top of the standing breech; exposed spur hammer; single action trigger mechanism; plain walnut grip panels; blued finish with a case hardened trigger guard.
- similar to the Model 2 Schofield which is an improved version of the Model 1 Schofield. The main difference being the second model has an oval barrel catch that has a scooped/dished-out center section which is also part of the rear sight.
- overall length for a 127mm (5") barrel is 273mm (10.8"), average weight is 1.09kg (2.4lbs).

Manufacturer

- Uberti's logo may appear on the firearm as a letter "U" inside a rifled, octagonal barrel.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Action	- hinged barrel design.
Other Markings	- "MADE IN ITALY" may be marked on the firearm.

Notes

Make

- "HEIZER DEFENSE LLC" is marked on the firearm.

Model

- "PS1" is marked on the barrel.
- this is a double-action-only single-shot pistol capable of firing either 2 1/2" 410 shotshells, or 45 Colt bulleted cartridges.
- this pistol is built along the same lines as Heizer's "Double-Tap" over/under two-shot derringer, only adapted to a single-shot design.
- features include: very thin construction; matte black oxidized/phosphate/anodized finish; fixed open sights; a tip-up barrel; double-action-only trigger mechanism; ambidextrous action latch on the sides of the frame, above and behind the trigger; and a concealed hammer/striker, to avoid snagging on clothing during use.

Manufacturer

- Heizer Defense logo of "HEIZER" over "DEFENSE" or "HEIZER" over "TITANIUM" may be marked on both sides of the receiver/frame.
- "HEIZER DEFENSE LLC" over "ST. LOUIS MO USA EARTH" over the "serial number" over "PATS. PEND." may be marked on the left side of the receiver/frame.
- "HEIZER DEFENSE LLC" over "ST. LOUIS MO USA EARTH" over "MULTI-CAL" over "PATS. PEND." may be marked on the right side of the receiver/frame.
- Heizer Defense LLC is a firearms design, engineering and manufacturing company located in St. Louis, Missouri, U.S.A.
- Heizer Defense LLC is partnered with Heizer Aerospace.

Action

- hinged barrel design.

Serial Number

- numbered on the receiver/frame.

FRT Report

Firearm Reference Number (FRN): 144131
Make: Helenius
Model: RK20

Summary

Make:	Helenius
Model:	RK20
Manufacturer:	Helenius
Level:	Manufacturer Specifications and Commercial Customization
Type:	Rifle
Action:	Single-Shot
Country of Manufacturer:	FINLAND
Serial Numbering:	See Note
Legal Classification:	Prohibited

Calibre, Shots and Barrel Length

FRN	Calibre	Shots	Barrel (mm)	Legal Classification Legal Authority	Level	Barrel Type Code
144131 - 1	20X99R	1	860	Prohibited PFR, Part 1, para. 95(z.078)	Manufacturer Specifications and Commercial Customization	

Notes

Make

- the make may or may not be marked on the firearm.

Model

- the model may or may not be marked on the firearm.
- this is an unusual single-shot falling-block anti-materiel rifle chambered for the WW2-era 20x99R ShVAK cartridge.
- features include: blued or parkerized finish; large multi-chamber muzzle brake; heavy cylindrical barrel; long-eye-relief optical sight on the left side of the barrel; a folding bipod; action-operating handle on the left side of the receiver; pistol-grip below the chamber; a large rectangular receiver with a thick falling-block breech; and a curved buttplate with heavy padding.
- to load this rifle, the operating handle is pulled to the rear, a cartridge is dropped into the feedway on top of the breechblock and pushed forward into the chamber, then the operating handle is pushed forward again.
- a slightly smaller-framed version of this rifle, albeit with a longer barrel, is also made in 12.7x99 and 12.7x108, as the "RK97".

Manufacturer

- the manufacturer may or may not be marked on the firearm.
- Asepaja Helenius is a prolific firearms inventor/designer and gunsmith, located in Salo, Finland.

Action

- falling-block.

Serial Number

- numbered on the receiver/frame.

Firearm Reference Number (FRN): 137159
Make: Henderson, S
Model: Percussion Pistol

Summary

Make:	Henderson, S
Model:	Percussion Pistol
Manufacturer:	
Level:	Manufacturer Specifications and Commercial Customization
Type:	Handgun
Action:	Single-Shot
Country of Manufacturer:	UNITED KINGDOM
Serial Numbering:	See Note
Legal Classification:	Antique

Calibre, Shots and Barrel Length

FRN	Calibre	Shots	Barrel (mm)	Legal Classification Legal Authority	Level	Barrel Type Code
137159 - 1	50 PERCUSSION	1	125	Antique CC 84(1) "antique firearm" para. (a)	Non-Commercial Customization	

Notes

Make

- known example was marked "S.HENDERSON" on the lockplate, and "LONDON" was observed marked on the top of the barrel.
- it may be possible that S. Henderson was the American arms dealer/distributor who operated in the mid-1860's; his name is referenced in an American Civil War government document dated 1862 in reference to the purchase of firearms from England for the Northern war effort; it states that, "The London market had been cleaned out by speculators for the China trade. In this market Henderson, an American, had made contracts with nearly all the manufacturers ..."; no further information on "Henderson" has been determined.

Model

- model name is not marked on this firearm; model designation is derived from the characteristics of the firearm.
- this firearm would have been made circa 1830 to 1855.
- this pistol bears a striking resemblance to the percussion pistols made by the firm of Van Wart & Son of London, England.
- features include: half stocked, percussion ignition, muzzle loading pistol; octagonal barrel; back-action side lock; under barrel mounted ram rod; lightly engraved hammer and lock; silver or brass barrel escutcheon and forend cap; checkered wood grip.
- may also have a belt hook on the left side of the pistol and provision for percussion cap storage in the pistol grip.

Action

- muzzle loader.

Serial Number

- known example did not have a serial number.

Remarks

- it may be possible that S.Henderson was an American arms dealer/distributor who operated in the mid-1860's; his name is referenced in an American Civil War government document dated 1862 in reference to the purchase of firearms from England for the Northern war effort; it states that, "The London market had been cleaned out by speculators for the China trade. In this market Henderson, an American, had made contracts with nearly all the manufacturers ..."; no further information on "Henderson" has been determined.

Firearm Reference Number (FRN): 70349
Make: Henry
Model: 1860

Summary

Make:	Henry
Model:	1860
Manufacturer:	New Haven Arms Company
Level:	Manufacturer Specifications and Commercial Customization
Type:	Rifle
Action:	Lever Action
Country of Manufacturer:	UNITED STATES OF AMERICA
Serial Numbering:	See Note
Legal Classification:	Antique

Calibre, Shots and Barrel Length

FRN	Calibre	Shots	Barrel (mm)	Legal Classification Legal Authority	Level	Barrel Type Code
70349 - 1	44 HENRY RF	15	610	Antique AFR, Section 1, para. 2	Manufacturer Specifications and Commercial Customization	

Notes

Make

- "HENRY'S PATENT. OCT. 16. 1860" over "MANUFACT'D BY THE NEW HAVEN ARMS. CO. NEW HAVEN. CT." was observed marked on the barrel.
- Benjamin Tyler Henry was the designer/inventor of the Henry metallic cartridge and the Henry Repeating Rifle.
- Benjamin Tyler Henry was born in 1821 and died in 1898.
- Benjamin Tyler Henry was assigned Patent Number 30,446 on October 16, 1860 for a magazine firearm.

Model

- "HENRY'S PATENT. OCT. 16. 1860" over "MANUFACT'D BY THE NEW HAVEN ARMS. CO. NEW HAVEN. CT." was observed marked on the barrel.
- this rifle was the forerunner of the subsequent lever action type rifles later produced by the "Winchester Arms Company".
- it was developed from the "Volcanic Arms Company" designs and was built around the new 44 HENRY RF cartridge designed by B.Tyler Henry.
- manufactured from 1860 to 1866.
- total quantity manufactured was approximately 14,000 units.
- features include: oil stained walnut stocks; blued finish on the iron receiver/frame version and plain finish on the brass receiver/frame.
- a distinctive identifying feature of the Henry rifle, is the lack of a forend, and the absence of a loading gate on either side of the receiver/frame.
- the production of Henry Rifle can be broken in four major variations:

IRON FRAME: receiver/frame made of iron rather than the standard brass, no lever latch, and rounded type buttplate at its heel, total production is believed to be less than 300.
EARLY BRASS FRAME: or first model; as above but receiver/frame made of brass, with or without lever latch, slotted receiver for rear sight, rounded and pointed heel buttplates (from serial number 1500 to 2500 both styles were used).
LATE BRASS FRAME: brass receiver/frame, lever latch standard, butt of the heel with a pointed profile consistent, serial number range above 2500.
MARTIAL MARKED: or U.S Government purchased and issued Henry Rifles; total quantity 1,731, acquired between 1862 and 1865, most were in serial range 3,000 to 4,200, believed to be all brass receiver/frame models, inspectors mark C.G.C. at breech of barrel and stock, the initials CGC are those of Charles G Chapman, a civilian employed by Springfield Armory Company during production of the U.S. Government order.

Manufacturer

- "MANUFACT'D BY THE NEW HAVEN ARMS. CO. NEW HAVEN. CT." was observed marked on the barrel.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Action	- manually operated, lever actuated, repeating rifle.
Serial Number	- serial number was observed marked on the barrel, behind the rear sight. - numbered from 1 to 14,000.
Shots	- tubular magazine located beneath the barrel, loaded from the muzzle end of the magazine.

200641 - 4	45-70 GOVT	3	350	Non-Restricted CC 2 "firearm"	Manufacturer Specifications and Commercial Customization	

Notes

Make

- "HENRY REPEATING ARMS" is marked on the left side of the barrel.

Model

- Based on the "X Model" design, introduced in 2026.
- May also be known as "H9/H10/H12 Bear's Leg".
- A model code is marked on the tang at the rear of the receiver/frame depending on the calibre: H012GBLX-357 for 357 MAG, H012GBLX-44 for 44 MAG, H009GBLX-3030 for 30-30 WIN, H010GBLX-4570 for 45-70 GOVT.
- The "Bear's Leg" is a shortened version of the "X Model" lever action rifle, with a design similar to the "Mare's Leg" type of firearms.
- Features include: Closed-top, slab-side receiver/frame; short magazine tube without loading port; shortened birds-head grip with a square butt.
- Overall length with a 350 mm (13.8 inches) barrel is 637 mm (25.1 inches).

Manufacturer

- "HENRY REPEATING ARMS" is marked on the left side of the barrel.

Serial Number

- The serial number is marked on the top of the receiver/frame.
- The serial number consists of two or three letters, followed by five digits and the letters "GBLX".

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Barrel	- The barrel length does not include any attached device such as flash-hider or muzzle brake.
Calibre	- The calibre designation is marked on the barrel.
Shots	- Fixed tubular magazine.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Notes

Make	- "HENRY REPEATING ARMS" is marked on the firearm. - do not confuse with the HENRY RIFLE manufactured by the New Haven Arms Company (owned by Oliver Winchester, later renamed Winchester) from 1860 to 1866. The original Henry Rifle was a lever action repeating rifle, with a fixed underbarrel tube magazine in the .44 HENRY RF cartridge.
Model	- Introduced in 2003. - This is an entry for the base model "Big Boy" rifles. Other "Big Boy" model entries exist which might better describe the firearm. - The base model "Big Boy" features: Fixed under-barrel tubular magazine; solid top brass receiver/frame; plain loop operating lever; brass barrel band and buttplate. - A steel receiver/frame version known as the "Big Boy Steel" was introduced in 2016. - A model revision was introduced in 2023, adding a right side loading gate, calibres 30-30 WIN and 45-70 GOVT. - Overall length with a 508 mm (20 inches) barrel is 978 mm (37.5 inches), average weight is 3.9 kg (8.7 lbs).
Manufacturer	- "HENRY REPEATING ARMS" is marked on the firearm.
Serial Number	- numbered on the receiver/frame, rationalization unknown.
Calibre	- The calibre designation is marked on the barrel.
Shots	- Fixed tubular magazine.

- DO NOT confuse this model with the earlier "Big Boy Deluxe" and "Big Boy Deluxe 2" models, which have different features (engraving patterns and not drilled and tapped for scope mounts).
- Henry has produced at least three "deluxe" engraved versions of the "Big Boy" and care must be taken to properly identify each model.
- the "Big Boy Deluxe" has scroll engraving on each side of the receiver/frame EXCEPT for a bare oval on each side that was left bare for personalization; the "Big Boy Deluxe 2" has NO bare panels in its engraving patterns, where the "Big Boy Deluxe 3" has a rectangular-shaped bare panel and a receiver that is drilled and tapped for scope mounts.
- this is a limited edition run of 3000 rifles, 1000 in each calibre of 44 Mag, 45 Colt, and 357 Mag.
- features include: blued octagon barrel with Marbles semi-buckhorn rear adjustable sight and brass beaded front sight; select American walnut buttstock and forend with solid brass crescent shaped butt plate and forend barrel band; ornately scrolled solid brass, right side ejecting receiver/frame with blued bolt, hammer, action lever and trigger; drilled and tapped for scope mounts; blued under barrel tubular magazine with loading port forward of the forend.
- overall length is 978mm and overall weight is 3.93kgs.

Manufacturer

- "Henry Repeating Arms" is usually marked on the left side of the barrel.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Serial Number	- serial-numbered on the receiver/frame.
Calibre	- calibre designation is marked on the right side of the barrel.
Shots	- tubular underbarrel magazine.

Notes

Make

- "Henry Repeating Arms Bayonne NJ USA" is marked on the firearm.

Model

- introduced in 2011.
- "Mare's Leg" is a registered trademark of J.B. Custom, Incorporated.
- "Mare's Leg" model was based on a design of a firearm used by actor Steve McQueen in the televised series "Wanted Dead or Alive". McQueen named the firearm "Mare's Leg". This particular firearm consisted at the time of a Winchester model 1892 featuring a barrel reduced to 305 mm (12.0") and a stock shortened approximately 102 mm (4") beyond the "large" loop lever.
- "Big Boy Mares Leg" features include: blued tapered octagonal barrel; rifled bore; fixed front sight and adjustable rear sight; Brasslite closed top receiver/frame with right side ejection; external hammer; single action trigger mechanism; blued large loop operating lever; lanyard ring on the left side of the receiver/frame; front loading tubular magazine; walnut forearm with brasslite barrel band and shortened straight grip buttstock with brass buttplate.
- overall length with a 328 mm (12 7/8") barrel is 635 mm (25.0"), and the average weight is 2.6 kgs (5.79 lbs).
- Mares Leg is also availabe in a 22 calibre version known as the Lever Action 22 Mares Leg.

Manufacturer

- "Henry Repeating Arms Bayonne NJ USA" is marked on the firearm.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Serial Number
- serial number is marked on the under side of the receiver/frame.
- observed serial number consisted of a four letter "BBML" prefix and five numbers.

Shots
- tubular magazine is mounted under the barrel.

Notes

Make	- "HENRY REPEATING ARMS" is marked on the left side of the barrel.
Model	- "Big Boy Steel" is not marked on the firearm. - This is a version of Henry's "Big Boy" lever action rifle featuring a blued or color case hardened steel receiver/frame, instead of earlier "Big Boy" versions' brass or silver finish. - In 2026 the "Big Boy Steel" is rebranded as "H12 Classic" and "H12 Color Case Hardened". - The model code "H012" followed by a series of optional alphanumeric suffixes is marked on top of the receiver/frame at the tang. - "R" suffix denotes a "Carbine" model. - "L" suffix denotes a "Large Loop" model. - "G" suffix denotes models with loading gate in receiver. - "M" suffix denotes "Magnum" calibres, except 44 MAG. - "C" suffix denotes 45 COLT calibre. - "CC" suffix denotes color case hardened finish. - Features may include: hexagonal barrels on color case hardened models; optional large lever loop; optional loading port on the right side of receiver/frame.
Manufacturer	- "HENRY REPEATING ARMS" is marked on the left side of the barrel.
Serial Number	- The serial number is marked on the top of the receiver/frame. - The serial number of referenced example consists of three letters, followed by five digits, followed by two letters.
Calibre	- The calibre designation is marked on the barrel.
Shots	- Fixed tubular magazine.

Notes

Make

- "HENRY REPEATING ARMS" is marked on the firearm.
- do not confuse with the HENRY RIFLE manufactured by the New Haven Arms Company (owned by Oliver Winchester, later renamed Winchester) from 1860 to 1866. The original Henry Rifle was a lever action repeating rifle, with a fixed underbarrel tube magazine in the .44 HENRY RF cartridge.

Model

- model designation is not marked on the firearm.
- "MODEL H001TER" OR "MODEL H001TMER" is marked on the lower tang, this refer to the catalogue number.
- "EVIL ROY" signature is engraved in the stock.
- this is a shorter "Carbine" model of the Henry Lever Action 22.
- this firearm is similar in appearance to the Marlin model "1894" rifle.
- features include: octagon rifled barrel with fixed front sight and adjustable rear sight; solid top receiver/frame with right side ejection; receiver/frame is grooved for scope mounts; tubular magazine; exposed spur hammer; large loop operating lever; uncheckered walnut forearm with barrel band and straight grip buttstock with polymer butt plate; nickel finish.
- overall length with a 419 mm (16 1/2") barrel is 870 mm (34.25") and average weight is 2.49 kg (5 1/2 lbs).

Manufacturer

- "HENRY REPEATING ARMS" is marked on the firearm.

Serial Number

- serial number is marked on the lower tang.
- serial number of a referenced example consisted of seven letter prefix "EVILROY", four numbers and a letter suffix "M".

Calibre

- calibre is marked on the barrel.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Shots - tubular magazine is mounted under the barrel.

Model

- Based on the "H001/Classic Lever Action" design, introduced in 2019.
- This is a smoothbore, shotgun version of the Henry "Classic Lever Action" rifle, designed to discharge rimfire shotshells for pest control.
- The model code "H001GG" followed by a series of alphanumeric suffixes is marked on the underside of the receiver/frame.
- "22" or a lack of numerical suffix denotes 22 LR calibre.
- "22M" or "M" suffix denotes 22 MAG calibre.
- Features include: Hooded front sight; barrel band; dark stained wood furniture.
- Overall length with a 470 mm (18.5 inches) barrel is 927 mm (36.5 inches).

Manufacturer

- "HENRY REPEATING ARMS" is marked on the left side of the barrel.

Serial Number

- The serial number is marked on the underside of the receiver/frame.
- The serial number of referenced example consists of a digit, a letter, followed by six digits and the suffix "GG".

Calibre

- The calibre designation is marked on the barrel.
- "22LR SMOOTH BORE FOR USE WITH 22LR SHOTSHELLS ONLY" or "22WMR SMOOTH BORE FOR USE WITH 22WMR SHOTSHELLS ONLY" is marked on the barrel.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Shots - Fixed tubular magazine.

Notes

Make

- "HENRY REPEATING ARMS" is marked on the firearm.
- Note: do not confuse with the HENRY RIFLE manufactured by the New Haven Arms Company (owned by Oliver Winchester, later renamed Winchester) from 1860 to 1866. The original Henry Rifle was a lever action repeating rifle, with a fixed underbarrel tube magazine in the .44 HENRY RF cartridge.

Model

- introduced in 1999.
- features include: blued octagonal barrel with blade front sight and adjustable rear sight; fixed under-barrel tube magazine; solid top brass-coloured receiver/frame with right side ejection; exposed hammer; blued loop operating lever; American walnut forearm with blued or brass barrel band and straight pistol grip buttstock with brass buttplate.
- also available with a large loop lever or a deluxe engraved or personalized receiver/frame.
- overall length with a 413 mm (16 1/4") barrel is 857 mm (33 3/4").
- overall length with a 508 mm (20.0") barrel is 978 mm (38 1/2").
- overall length with a 521 mm (20 1/2") barrel is 991 mm (39.0").
- average weight is from 2.7 kgs (6.0 lbs) to 3.1 kgs (6.75 lbs).

Manufacturer

- "HENRY'S PATENT OCT. 16. 1860 CAL 44-40 HENRY REPEATING ARMS BAYONNE NJ USA" was observed marked on the barrel.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Serial Number	- serial numbered on the receiver/frame.
Calibre	- calibre designation is marked on the barrel.
Shots	- tubular magazine is mounted under the barrel.

Notes

Make

- "HENRY REPEATING ARMS" may be marked on the firearm.
- Note: do not confuse with the HENRY RIFLE manufactured by the New Haven Arms Company (owned by Oliver Winchester, later renamed Winchester) from 1860 to 1866. The original Henry Rifle was a lever action repeating rifle, with a fixed under barrel tube magazine in the .44 HENRY RF cartridge.

Model

- image of a coal miner and "FACES OF COAL" and "HEARTS OF GOLD" in scroll banners are marked on the right side of the receiver/frame.
- image of a coal miner and "COAL MINERS UNITED" are engraved on the left side of the receiver/frame
- Coal Miners Prayer is etched into the right side of the buttstock.
- features include: blued octagonal barrel with blade front sight and adjustable semi-buckhorn rear sight; fixed under-barrel tube magazine; engraved solid top nickel plated "Brasslite" receiver/frame with right side ejection; exposed hammer; blued loop operating lever; American walnut forearm with brass barrel band and straight pistol grip buttstock with brass buttplate.
- overall length is 978 mm (38 1/2") and average weight is 3.1 kgs (6.75 lbs).

Manufacturer

- "HENRY REPEATING ARMS" may be marked on the firearm.

Serial Number

- serial numbers consist of three letters "CTM" followed by 5 numbers starting at serial number CTM00001.

Calibre

- calibre designation is marked on the right side of the barrel.

Shots

- tubular magazine is mounted under the barrel.

195831 - 2	22 SHORT	21	508	Non-Restricted CC 2 "firearm"	Manufacturer Specifications and Commercial Customization	

Notes

Make

- "HENRY REPEATING ARMS" is marked on the left side of the barrel.
- "HENRY" is marked on both sides of the fore-end grips.

Model

- "MODEL H004AE" is marked on the lower tang, underneath the lever. Henry Repeating Arms uses product codes to identify most of their firearms.
- "American Eagle" is marked in cursive on the right side of the buttstock.
- The "Golden Boy Silver American Eagle" is a feature-driven model that uses the "Golden Boy Silver" platform with a wooden stock, mimicking the look of ivory with engravings of an eagle head and floral patterns.
- Features include: hammer half-cock safety mechanism; engraved stock; nickel-plated butt plate.

Manufacturer

- "HENRY REPEATING ARMS" is marked on the left side of the barrel.
- "HENRY" is marked on both sides of the fore-end grips.

Serial Number

- The serial number is marked on the underside of the receiver/frame.
- The serial number of a referenced example consisted of two letters followed by five digits.

Calibre

- The calibre designation is marked on the barrel.
- "CALIBERS .22 S/L/LR" is marked on the right side of the barrel.

Shots

- Fixed tubular magazine.

Notes

Make

- "HENRY REPEATING ARMS - BAYONNE NJ - MADE IN USA" is marked on the left side of the barrel.

Model

- introduced in 2014.
- "SILVER EAGLE" over "HENRY * U.S.A." is marked on the right side of the receiver/frame.
- "Golden Boy Silver Eagle" model is based on the engraved scroll and silver plated Henry Rifle presented to US Secretary of the Navy Gideon Welles by The New Haven Arms Company. Welles served under President Lincoln.
- "Golden Boy Silver Eagle" model has a nickel plated brass receiver/frame with scroll-pattern engraving.
- features include: brass bead front sight and an adjustable semi-buckhorn rear sight; octagonal barrel; tubular magazine is mounted under the barrel; solid top and flat sided receiver/frame with right side ejection; exposed spur hammer; single action trigger mechanism; close loop operating lever; walnut forearm with barrel band and straight grip buttstock with a crescent buttplate; blued barrel, magazine tube, hammer, trigger and close loop operating lever; nickel plated barrel band, receiver/frame and butt plate.
- overall length with a 508 mm (18") barrel is 978 mm (38.5"), and the average weight is 3.06 kgs (6.75 lbs).

Manufacturer

- "HENRY REPEATING ARMS - BAYONNE NJ - MADE IN USA" is marked on the left side of the barrel.

Serial Number

- serial number is marked on the boittom tang of the receiver/frame.
- serial numbers observed consisted of a two letter "SE" prefix and six numbers.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Calibre	- "CALIBERS .22 S/L/LR" is marked on the right side of the barrel.
Shots	- tubular magazine is mounted under the barrel.

Notes

Make

- "Henry Repeating Arms" is usually marked on the left side of the barrel.

Model

- this is a version of Henry's "Golden Boy" 22 LR lever-action rifle produced as a tribute to the "Veterans Of Foreign Wars", a veterans' service organization.
- this is one of two distinct models of the Veterans of Foreign Wars Tribute; one version is made as a tribute to the VFW as a whole, while the other is made for individual VFW posts, usually as a prize for fund-raising activities. These versions have distinct FRT records, and care must be taken to not confuse them.
- the model is partially marked on the firearm; this firearm may be identified by its specific engraved markings; the two versions of these rifles have identical receiver markings, and the differences are seen in the markings on the walnut stock and forearm.
- scroll-work engraving depicting an American flag and "VFW" is marked on the right side of the receiver/frame.
- scroll-work engraving reading "VFW" over "Veterans of Foreign Wars" and a banner reading "No One Does More For Veterans" is engraved on the left side of the receiver/frame.
- a laser-etched Maltese Cross (the logo of the VFW) is marked on the right side of the buttstock, while "Veterans of Foreign Wars" over the Post number and location is marked on the forearm.
- features include: blued octagonal barrel with blade front sight and adjustable semi-buckhorn rear sight; fixed under-barrel tube magazine; engraved solid top nickel-plated receiver/frame with right side ejection; exposed hammer; blued loop operating lever; American walnut forearm with brass barrel band and straight pistol grip buttstock with brass buttplate.
- overall length 978mm (38.5"), weight 3.06kg (6.75lbs).

Manufacturer

- "Henry Repeating Arms" is usually marked on the left side of the barrel.

Serial Number

- serial-numbered on the receiver/frame.

Shots

- tubular underbarrel magazine.

Notes

Make

"HENRY REPEATING ARMS-RICE LAKE, WI-MADE IN USA" is marked on the barrel, ahead of the receiver.

Model

- Introduced in 2023.
- "Homesteader" is not marked on the firearm.
- "Model H027" is marked on the left side of the receiver/frame.
- This firearm uses a modular magazine well design that can accommodate proprietary Henry magazines, Glock style, Smith & Wesson M&P, and Sig Sauer P320 Magazines, depending on the magazine well fitted. The magazine well with which the firearm was originally sold is denoted by the following markings, on the bottom edge of the left side of the receiver as suffixes to the "MODEL H027":
  - "H9" can accept proprietary Henry magazines;
  - "H9G" can accept proprietary Henry magazines and, when the included accessory magazine well is installed, Glock style magazines can be used;
  - "H9S" can accept proprietary Henry magazines and, when the included accessory magazine well is installed, Smith & Wesson M&P or Sig Sauer P320 magazines can be used;
- Features include: Raised front blade sight; barrel mounted rear sight; sling studs on fore end and rear stock; reversible charging handle; magazine catch located under the receiver, ahead of the magazine well (for proprietary Henry magazines), magazine catch located on the side of the magazine well (for Glock, M&P, P320 modular magazine wells); drilled and tapped receiver/frame for scope bases; ambidextrous bolt catch lever on each side of the trigger guard; tang mounted safety lever.
- Features may include: Accessory rail forend; threaded or unthreaded barrel; accessory rail above receiver/frame; color coated finish.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Manufacturer	"HENRY REPEATING ARMS-RICE LAKE, WI-MADE IN USA" is marked on the barrel, ahead of the receiver.
Action	- Blowback operated.
Serial Number	- The serial number is marked on the left side of the receiver/frame. - The serial number of referenced examples consists of the "27" prefix, followed by 7 digits.
Barrel	- The barrel length does not include any attached device such as flash-hider or muzzle brake.
Calibre	- The calibre designation is marked on the barrel. - "Cal. 9mm Luger" is marked on the right side of the barrel.
Shots	- Detachable box magazine. - Model names ending in "H9" uses proprietary 5 and 10 shot Henry magazines. - Model names ending in "H9G" uses "Glock" style handgun magazines. - Model names ending in "H9S" uses "SIG P320" or "Smith & Wesson M&P" hadngun magazines.
Canadian Law Comments	- The ten round limit specified in the cartridge magazine control regulations applies to magazines for this firearm provided: a) the magazine is originally designed or manufactured for use in a semi-automatic handgun, and b) the handgun is commonly available in Canada. - The proprietary Henry magazine must be limited to 5 rounds as it is originally designed and manufactured for use in a centerfire, semi-automatic rifle, as per SOR/98-462, Part 4, 3(1)(ii).

Notes

Make

- "HENRY REPEATING ARMS" is marked on the firearm.
- Note: do not confuse with the HENRY RIFLE manufactured by the New Haven Arms Company (owned by Oliver Winchester, later renamed Winchester) from 1860 to 1866. The original Henry Rifle was a lever action repeating rifle, with a fixed underbarrel tube magazine in the .44 HENRY RF cartridge.

Model

- model designation is not marked on the firearm.
- this firearm is similar in appearance to the Marlin model "1894" rifle.
- features include: octagonal multiple grooved rifled barrel with hooded front sight and adjustable rear sight; solid top receiver/frame with right side ejection; receiver/frame is grooved for scope mounts; tubular magazine; exposed spur hammer; standard size loop operating lever; walnut forearm with barrel band and straight grip buttstock with buttplate; blued finish.

Manufacturer

- "HENRY REPEATING ARMS" is marked on the firearm.

Calibre

- "CAL 17 HMR" is marked on the right side of the barrel.

Shots

- tubular magazine is mounted under the barrel.

Model:	Lever Action 17 Varmint Express
Manufacturer:	Henry Repeating Arms
Level:	Manufacturer Specifications and Commercial Customization
Type:	Rifle
Action:	Lever Action
Country of Manufacturer:	UNITED STATES OF AMERICA
Serial Numbering:	
Legal Classification:	Non-Restricted

Calibre, Shots and Barrel Length

FRN	Calibre	Shots	Barrel (mm)	Legal Classification Legal Authority	Level	Barrel Type Code
121229 - 1	17 HMR	11	508	Non-Restricted CC 2 "firearm"	Manufacturer Specifications and Commercial Customization	

Notes

Make

- "HENRY REPEATING ARMS" is marked on the firearm.
- Note: do not confuse with the HENRY RIFLE manufactured by the New Haven Arms Company (owned by Oliver Winchester, later renamed Winchester) from 1860 to 1866. The original Henry Rifle was a lever action repeating rifle, with a fixed underbarrel tube magazine in the .44 HENRY RF cartridge.

Model

- model designation is not marked on the firearm.
- introduced in 2003.
- this firearm is similar in appearance to the Marlin model "1894" rifle.
- features include: round multiple grooved rifled barrel with hooded front sight and adjustable rear sight; solid top receiver/frame with right side ejection; receiver/frame is grooved for scope mounts; tubular magazine; exposed spur hammer; standard size loop operating lever; checkered walnut forearm with barrel band and Monte Carlo straight grip buttstock with recoil pad; blued finish.
- available with a cantilever scope mount.
- overall length with a 508 mm (20.0") barrel is 953 mm (37 1/2") and average weight is 2.6 kgs (5 3/4 lbs).

Calibre

- "CAL 17 HMR" is marked on the right side of the barrel.

Shots

- tubular magazine is mounted under the barrel.

Notes

Make

- "Henry Repeating Arms - Rice Lake Wisconsin - Made in USA" is marked on the left side of the barrel.

Model

- introduced in 2017.
- the model is not marked on the firearm; this is a descriptor of the firearm type.
- this is a lever-action 410 GA x 2 1/2" shotgun built on Henry's 45-70 steel-framed action, in barrel lengths of 508mm (20") or 610mm (24").
- features include: round, smoothbore barrel with fixed or screw-in interchangeable choke tubes; bead front sight or adjustable rear buckhorn sight and blade front sight; solid top steel receiver/frame with right side ejection; receiver/frame may be drilled and taped for scope mounts; exposed spur hammer; curved operating lever; walnut forearm with barrel band and semi-pistol grip buttstock with rubber recoil pad; sling swivel studs; blued finish.
- overall length with a 508mm (20") barrel is 1029mm (40.5"), average weight is 3.32 kgs (7.33 lbs).
- overall length with a 610mm (24") barrel is 1130mm (44.5"), average weight is 3.42 kgs (7.54 lbs).

Manufacturer

- "Henry Repeating Arms - Rice Lake Wisconsin - Made in USA" is marked on the left side of the barrel.

Serial Number

- serial-numbered on the receiver/frame.

Calibre

- ".410 BORE 2 1/2 INCH CHAMBER" is marked on the right side of the barrel.

Shots

- tubular underbarrel magazine.
- also available with a removable two-round plug in the magazine follower, to allow the shotgun to be used for hunting when a three-shot limit is in effect.

Notes

Make

- "HENRY REPEATING ARMS" is marked on the firearm.
- do not confuse with the HENRY RIFLE manufactured by the New Haven Arms Company (owned by Oliver Winchester, later renamed Winchester) from 1860 to 1866. The original Henry Rifle was a lever action repeating rifle, with a fixed underbarrel tube magazine in the .44 HENRY RF cartridge.

Model

- introduced in 1999.
- features include: blued finish; exposed hammer; side ejection; grooved receiver/frame for scope mounting; plain walnut buttstock with straight pistol grip and polymer buttplate; walnut forend; octagonal or round barrel with adjustable rear sight and blade front sight.

Manufacturer

- "HENRY REPEATING ARMS" is marked on the firearm.

Serial Number

- observed specimens had a letter prefix, five numbers and a one or two letter suffix. e.g. PxxxxxT in 22 LR and e.g. PxxxxxTM in 22 MAG.

Calibre

- the calibre designation is marked on the barrel.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Shots - tubular magazine is mounted under the barrel.

Notes

Make

- "HENRY REPEATING ARMS" is marked on the left side of the barrel.
- "HENRY" is marked on the firearm in various places.

Model

- This is a generic entry. Other "Henry Repeating Arms" model entries exist which might better describe the firearm.
- This entry was created for the "SIDE GATE" configuration of the lever action model without other distinguishing markings to clarify a proper model. The 'side gate' is a feature that may be present in over 30 different "Henry Repeating Arms" lever action models.
- Overall length with a 502 mm (19.8 inches) barrel is 968 mm (38.1 inches), average weight is 3.22 kg (7.09 lbs).

Manufacturer

- "HENRY REPEATING ARMS" is marked on the left side of the barrel.

Serial Number

- The serial number rationalization is unknown.

Calibre

- The calibre designation is usually marked on the right side of the firearm.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Shots - Fixed tubular magazine.

FRN	Calibre	Shots	Barrel (mm)	Legal Classification Legal Authority	Level	Barrel Type Code
28490 - 1	22 LR	8	406	Non-Restricted CC 2 "firearm"	Manufacturer Specifications and Commercial Customization	

Notes

Make

- "HENRY REPEATING ARMS" over "BROOKLYN NEW YORK" is moulded into the left side of the receiver/frame.
- "HENRY REPEATING ARMS" is moulded into the left side of the receiver/frame.
- Note: do not confuse with the HENRY RIFLE manufactured by the New Haven Arms Company (owned by Oliver Winchester, later renamed Winchester) from 1860 to 1866. The original Henry Rifle was a lever action repeating rifle, with a fixed underbarrel tube magazine in the .44 HENRY RF cartridge.

Model

- "HENRY U.S. SURVIVAL" is moulded into the right side of the receiver/frame.
- "US SURVIVAL" is marked on both side of the butt stock/carrying case.
- introduced in 1997.
- this light compact firearm is uniquely suited for campers, backpackers, boaters, and similar outdoors activities.
- this firearm is patterned after the US Airforce AR-7 Survival Rifle, which is dismantled into: the steel-lined aluminum barrel, action, and two eight round magazines that stores into the ABS plastic buttstock and closes with a rubber buttplate.
- features include: adjustable sights; black, camouflage or matte silver finish.

Manufacturer

- "HENRY REPEATING ARMS" over "BROOKLYN NEW YORK" is moulded into the left side of the receiver/frame.
- "HENRY REPEATING ARMS" is moulded into the left side of the receiver/frame.

Action

- blowback operated.

Serial Number

- serial number is marked on the right side of the receiver/frame.
- sample serial number observed consisted of a two letter prefix "US" or "SU" followed by five digits.

Calibre

- ".22 LONG RIFLE ONLY" is moulded into the right side of the barrel.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Shots - detachable box magazine.

Firearm Reference Number (FRN): 139007
Make: Henry, Alexander
Model: Martini Cadet Rifle

Summary

Make:	Henry, Alexander
Model:	Martini Cadet Rifle
Manufacturer:	Henry, Alexander
Level:	Manufacturer Specifications and Commercial Customization
Type:	Rifle
Action:	Single-Shot
Country of Manufacturer:	UNITED KINGDOM
Serial Numbering:	See Note
Legal Classification:	Non-Restricted

Calibre, Shots and Barrel Length

FRN	Calibre	Shots	Barrel (mm)	Legal Classification Legal Authority	Level	Barrel Type Code
139007 - 1	22 LONG	1	660	Non-Restricted CC 2 "firearm"	Non-Commercial Customization	

Notes

Make

- "Alexander Henry", "Alexr Henry Ltd.", "Alex Henry and Co.", "Henry's Patent" or a variation thereof is marked on the barrel and/or receiver/frame.

Model

- "Martini Cadet Rifle" designation does not normally appear on these rifles.
- "Martini Cadet Rifle" is defined by its features.
- "Martini Cadet Rifle" is a Martini action of a rear hinged, lever operated tipping block design incorporating the Francotte system of the easily dismountable trigger mechanism in one assembly which is retained by one forward screw in the receiver/frame.
- "Martini Cadet Rifle" receiver/frame has the visual feature of a larger, rounded upper rear hump that commonly seen on Martini-Henry rifle.
- features include: blade front and notched tangent/ladder type rear sight mounted on the barrel; flat sided receiver/frame; top loading; long, breech block actuating lever located behind the trigger guard having a rear loop to help in the lever operation and forming a semi pistol grip design with the straight grip buttstock; wood forend and buttstock; blue finish.

Manufacturer

- "Alexander Henry", "Alexr Henry Ltd.", "Alex Henry and Co.", "Henry's Patent" or a variation thereof is marked on the barrels and/or receiver/frame.
- the letters "A.H." may also be marked on the barrels and/or receiver/frame.

Action

rear hinged, lever operated tipping block design.
- Martini action is locked in the firing position by the tip of the operating lever holding the breech block face up and in line with the chamber.

Serial Number

- serial number is marked on the receiver/frame.
- serial number may be marked on the front of the receiver/frame, visible when the forearm is removed.

Calibre

- calibre designation is marked on the barrel.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Model	- no model name is marked on this firearm. - this is a generic entry for all Alexander Henry produced single shot sporting rifles that have no model designation marked on them. - production started circa 1853. - usually a patented falling block action, but may include other single shot actions utilized by the Henry firm to produce a sporting rifle. - features will vary widely but may include: under lever operated falling block, bar lock or back action, with the underlever located under the trigger guard; patented push-button type lever release; exposed hammer either right or left side or hammerless; cocking lever/safety on the right side of the receiver/frame on hammerless models; on hammer models a hammer safety lock in front of or behind the hammer; round or octagonal barrel; takedown versions were available; varying degrees of engraving and finish. - various Henry patent numbers and/or dates may be apparent on the receiver/frame. - British proof marks may also be apparent on the barrel and/or receiver/frame. - rifles made in certain calibres prior to 1898 will qualify as antique under Canadian Law.
Manufacturer	- "Alexander Henry", "Alexr Henry Ltd.", "Alex Henry and Co.", "Henry's Patent" or a variation thereof is marked on the barrel and/or receiver/frame. - the letters "A.H." may also be marked on the barrel and/or receiver/frame.
Serial Number	- serial number is usually marked on the receiver/frame. - sequences consisting of four numbers without prefix or suffix have been observed.
Canadian Law Comments	- some examples of this model, when manufactured prior to 1898, are considered "Antique" in Canada.

146163 - 4	58 PERCUSSION	1	222	Antique CC 84(1) "antique firearm" para. (a)	Manufacturer Specifications and Commercial Customization	

Notes

Make

- the make is marked on the firearm as "J.J. HENRY" over "BOULTON".
- John Joseph Henry (a relative of Joseph Henry) was a member of a gunmaking family that had emigrated to the US from Scotland, and the Henry family spread through Pennsylvania (primarily Philadelphia and Lancaster County) taking their craft with them.

Model

- manufactured prior to 1850.
- the model is not marked on the firearm; this is a descriptor of the firearm.
- this is a muzzle-loading flintlock single-shot pistol manufactured by John Joseph Henry of Boulton, Pennsylvania in the early 1800s. These pistols were made for private sale (largely as copies of existing military pistols), and can be distinguished by their markings ("J.J. HENRY" over "BOULTON"), on the lockplate.
- features include: round or part-round/part-octagonal iron barrel; full stock; lockplate marked "J.J. HENRY"; under-barrel ramrod; cock, frizzen, and flash-pan mounted on right side; and brass grip-cap.
- some versions of these pistols are copies of the 1826 Flintlock Pistol, with a barrel band and swivelling ramrod.
- examples of this firearm may also be seen converted to percussion ignition.

Manufacturer

- the manufacturer is marked on the firearm as "J.J. HENRY" over "BOULTON".
- John Joseph Henry (a relative of Joseph Henry) was a member of a gunmaking family that had emigrated to the US from Scotland, and the Henry family spread through Pennsylvania (primarily Philadelphia and Lancaster County) taking their craft with them.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Action	- muzzle-loading single-shot.
Barrel	- seen in both 8 1/2"/216mm (54) and 8 3/4"/222mm (58) barrels (depending on calibre).
Calibre	- seen in both 54 and 58 calibres.

Notes

Make

- the make is marked on the firearm as "J.HENRY", sometimes with a "PHILA", to denote the place of manufacture.
- Joseph Henry (a relative of John Joseph Henry) was a member of a gunmaking family that had emigrated to the US from Scotland, and the Henry family spread through Pennsylvania (primarily Philadelphia and Lancaster County) taking their craft with them.

Model

- manufactured prior to 1850.
- the model is not marked on the firearm; this is a descriptor of the firearm.
- this is a muzzle-loading flintlock single-shot pistol manufactured by Joseph Henry of Philadelphia, Pennsylvania in the early 1800s. These pistols were made for both military contracts and private sale, and can be distinguished by their markings ("J. HENRY", sometimes on both the lock and the barrel).
- features include: round iron barrel (may be marked "J. HENRY"); full stock; lockplate marked "J. HENRY"; under-barrel ramrod; cock, frizzen, and flash-pan mounted on right side; and brass grip-cap. Some of the military versions of this pistol were made for the Navy, and were fitted with a flat iron belt hook on the left side, allowing a pistol to be carried tucked into a belt or sash.
- examples of this firearm may also be seen converted to percussion ignition.

Manufacturer

- the manufacturer is marked on the firearm as "J.HENRY", sometimes with a "PHILA", to denote the place of manufacture.
- Joseph Henry (a relative of John Joseph Henry) was a member of a gunmaking family that had emigrated to the US from Scotland, and the Henry family spread through Pennsylvania (primarily Philadelphia and Lancaster County) taking their craft with them.

Action

- muzzle-loading, single-shot.

Calibre

- some commercial versions of this pistol may be seen in 62 FLINTLOCK/PERCUSSION.

149170 - 1	41 PERCUSSION/12 GA PERCUSSION	3	660	Antique CC 84(1) "antique firearm"	Manufacturer Specifications and Commercial Customization	

Notes

Make

- "L.L. HEPBURN" is usually marked on the firearm.
- Louis Lobdell Hepburn was a prolific gunsmith and designer active in Colton and Ilion, New York, during the mid-to-late-1800s, known for his "swivel"-style percussion guns; in 1886, Hepburn moved to New Haven, Connecticut, where he worked for Winchester until his death in 1914.

Model

- the model is not marked on the firearm; this is a descriptor of the firearm type.
- this is a "drilling"-style percussion combination gun manufactured by L.L. Hepburn prior to 1886.
- features include (may vary): blued or browned finish; round or octagonal barrels (shotgun over rifle or rifle over shotgun); fixed or adjustable open sights; one or more ramrods carried in side thimbles; manually-cocked hammers (with one hammer having a swivelling hammer nose to allow the user to fire the bottom barrel); single trigger; and maple or oak pistol- or straight-grip stock; and may be seen with brass or German silver finishings (including patch box).

Manufacturer

- "L.L. HEPBURN" is usually marked on the firearm.
- Louis Lobdell Hepburn was a prolific gunsmith and designer active in Colton and Ilion, New York, during the mid-to-late-1800s, known for his "swivel"-style percussion guns; in 1886, Hepburn moved to New Haven, Connecticut, where he worked for Winchester until his death in 1914.

Action

- muzzle loaded percussion multi-barrel.

Notes

Make

- "L.L. HEPBURN" is usually marked on the firearm.
- Louis Lobdell Hepburn was a prolific gunsmith and designer active in Colton and Ilion, New York, during the mid-to-late-1800s, known for his "swivel"-style percussion guns; in 1886, Hepburn moved to New Haven, Connecticut, where he worked for Winchester until his death in 1914.

Model

- the model is not marked on the firearm; this is a description of the firearm type.
- this is an unusual style of four barrelled "swivel rifle" (a rifle with multiple barrels, chambers and individual nipples that are rotated by hand around a central axis pin) manufactured by Louis Lobdell Hepburn prior to 1886.
- features include: browned or blued finish; open fixed or adjustable sights; ramrod thimbles may be seen on the side of the barrels; straight-grip maple or walnut stock (no forearm); external manually-cocked hammers on back-action locks; double triggers; finial trigger-guard/grip strap; and a crescent butt.
- this firearm was designed to fire two shots, then the shooter would re-cock the hammers, rotate the barrels through 180 degrees to bring the lower barrels into firing position, and then the next two shots could be fired.

Manufacturer

- "L.L. HEPBURN" is usually marked on the firearm.
- Louis Lobdell Hepburn was a prolific gunsmith and designer active in Colton and Ilion, New York, during the mid-to-late-1800s, known for his "swivel"-style percussion guns; in 1886, Hepburn moved to New Haven, Connecticut, where he worked for Winchester until his death in 1914.

Action

- this is a firearm with multiple barrels and chambers that "swivel" around a central axis pin (in the manner of a revolver), but which are rotated by hand for each shot.

Barrel

- barrel lengths may vary.

Calibre

- calibres may vary.

Notes

Make

- "HERITAGE" is usually marked on the left side of the barrel.
- "HERITAGE MFG." is usually marked on the left side of the receiver/frame.

Model

- introduced in 1992.
- "Heritage Rough Rider" or "Rough Rider" or "Rough Rider Single Action" is usually marked on the left side of the barrel.
- "Heritage" may not be marked on short barreled versions.
- "Rough Rider" resembles a Colt model 1873 Single Action Army revolver.
- features include: blued, satin silver, black satin or simulated colour case hardened finished steel or aluminum alloy receiver/frame and barrel, spurred hammer, the cylinder may have flutes, fixed blade front sight with a fixed or adjustable rear sight, the loading gate and ejector rod are located on the right side of the receiver/frame and barrel, a safety hammer block is located on the left side of the receiver/frame in front of the hammer and the grips may vary from wooden, wooden camo laminated, cocobolo or mother of pearl grip panels.
- some versions may have a "Birds Head" style of grip.
- on the blued models the receiver/frame may have three gold colored screws.
- this model is available with dual cylinders, one for 22 LR ammunition and one for 22 MAG ammunition. The cylinders may have a calibre marking of ".22 LR" or ".22 MAG.". The 22 MAG cylinder will not have any cylinder flutes.
- on the blued models the receiver/frame may have three gold colored screws.
- new for 2001, available with Williams Fire Red Ramp front sight; Millett adjustable rear sight or ADCO reflex sight.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Manufacturer	- "HERITAGE MFG." is usually marked on the left side of the receiver/frame. - Heritage Manufacturing, Incorporated was located in Miami, Florida, U.S.A. - Heritage Manufacturing, Incorporated was located in Opa Locka, Florida, United States of America from 1992 to 2013. - Heritage Manufacturing, Incorporated was purchased by Taurus International in 2012. - Heritage Manufacturing, Incorporated was moved to Miami Lake, Florida, United States of America in 2013.
Action	- single-action revolver.
Serial Number	- serial number is marked on the underside of the receiver/frame ahead of the trigger guard. - serial number observed consisted of a one or two letter prefix and five numbers.
Calibre	- calibre designation is normally marked on the left side of the barrel. - this model is available with dual cylinders. One for 22 LR and one for 22 MAG. The cylinders may have a calibre marking of ".22 LR" or ".22 MAG". The 22 MAG cylinder will not have any cylinder flutes. - 22 LR/22 MAG rifling characteristics: 1 turn in 14 inches, right hand twist.
Other Markings	- on the left side of the barrel: "KEEP EMPTY CHAMBER UNDER THE HAMMER" - on the left side ofthe receiver/frame: "HERITAGE MFG, MIAMI, FL"

Notes

Make

- The company logo is marked on the firearm.
- "Heritage Manufacturing, Incorporated" logo is the letter "H" into a circle.
- "Heritage Manufacturing, Incorporated" was located in Opa Locka, Florida, United States of America from 1992 to 2013.
- "Heritage Manufacturing, Incorporated" was purchased by Taurus International in 2012.
- "Heritage Manufacturing, Incorporated" moved to Miami Lake, Florida, United States of America in 2013.

Model

- Introduced in 2023.
- "SETTLER" is marked on the underside of the receiver/frame.
- "SETTLER" is a small calibre, lever action rifle in two configuration: Full-length and Compact.
- "SETTLER" full-length, features a 508mm (20") barrel, enlarge cocking lever and a crescent buttplate.
- "SETTLER" Compact, features a 419mm (16.5") barrel, regular cocking lever and shortened stock with crescent buttplate.
- Features include: receiver/frame; top of the receiver/frame cover is groove for scope mounting; cross-bolt safety above the trigger.

Manufacturer

- "CBC" is marked on the left side of the barrel.
- "CBC" is the acronym for "Companhia Brasileira de Cartuchos".
- "Companhia Brasileira de Cartuchos (CBC)" is located in Ribeirão Pires, São Paulo, Brazil.

Serial Number

- The serial number is marked on the underside of the receiver/frame.
- Serial number is marked on the right side of the barrel.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Calibre	- "CAL. .22LR" is marked on the left side of the barrel. - Rifling characteristics in calibre 22 LR: 6 grooves, 1 turn in 16 inches, right hand twist.
Shots	- Fixed tubular magazine.

Notes

Make

- The company logo is marked on the firearm.
- "Heritage Manufacturing, Incorporated" logo is the letter "H" into a circle.
- "Heritage Manufacturing, Incorporated" was located in Opa Locka, Florida, United States of America from 1992 to 2013.
- "Heritage Manufacturing, Incorporated" was purchased by Taurus International in 2012.
- "Heritage Manufacturing, Incorporated" moved to Miami Lake, Florida, United States of America in 2013.

Model

- Introduced in 2013.
- "SETTLER MARE'S LEG" is marked on the underside of the receiver/frame.
- "SETTLER MARE'S LEG" is a short barreled and stocked, lever action rifle.
- "Mares Leg" firearms are based on a designed firearm used by actor Steve McQueen in the televised series "Wanted Dead or Alive". McQueen named the firearm "Mare's Leg" based on the fact that when using fully loaded blanks, it kicked harder than a hogs leg. This particular firearm consisted at the time of a Winchester model 1892 featuring a barrel reduced to 305mm (12") and a stock shortened to approximately 102mm (4") past the "large" loop lever.
- Features include: receiver/frame; top of the receiver/frame cover is groove for scope mounting; cross-bolt safety above the trigger.
- Overall length with a 318 mm (12.5 inches) barrel is 590.5 mm (23.25 inches), average weight is 1.9 kg (4.2 lbs).

Manufacturer

- "CBC" is marked on the left side of the barrel.
- "CBC" is the acronym for "Companhia Brasileira de Cartuchos".
- "Companhia Brasileira de Cartuchos (CBC)" is a Brazilian company that primarily produces ammunition but they also manufacture airguns, revolvers, break open shotguns and double rifles under their own name and contracted "house brand" firearms.
- "Companhia Brasileira de Cartuchos (CBC)" is located in Ribeirão Pires, São Paulo, Brazil.

Serial Number

- The serial number is marked on the underside of the receiver/frame.
- The serial number is marked on the right side of the barrel.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Calibre	- The calibre designation is marked on the barrel.
Shots	- Fixed tubular magazine.

Notes

Make

- "Heritage Manufacturing, Inc., Opa Loka, FL" is usually marked on the left side of the slide.
- "HMI" inside an oval is usually moulded into the lower grip panels.
- "HMI" is the abbreviation for "Heritage Manufacturing, Incorporated".

Model

- "Stealth C-1000" is usually marked on the right side of the slide.
- Heritage Manufacturing has offered two basic configurations based on the "Stealth" platform. The basic "Stealth" model is available with a black polymer receiver/frame and stainless steel slide as the "Stealth C-1000" in calibre 9MM LUGER and "Stealth C-4000" in calibre 40 S&W. When the same basic configuration is fitted with a two-tone stainless steel slide (black powder coated with polished side panels) the models are re-designated as "Stealth C -1010" in calibre 9MM LUGER and "Stealth C-4010" in calibre 40 S&W. When factory equipped with a completely black powder coated stainless steel slide the basic "Stealth" model becomes the "Stealth Shadow C-2000" in calibre 9MM LUGER and "Stealth Shadow C-4200" in calibre 40 S&W.
- features include: striker fired design; polymer receiver/frame; blade sights with white bars (rear sight is drift adjustable for windage); receiver/frame mounted ambidextrous safety catch; manual trigger block safety; magazine disconnect safety; closed breech safety and drop safety.

Manufacturer

- Heritage Manufacturing, Incorporated was located in Miami, Florida, U.S.A.
- Heritage Manufacturing, Incorporated was located in Opa Locka, Florida, United States of America from 1992 to 2013.
- Heritage Manufacturing, Incorporated was purchased by Taurus International in 2012.
- Heritage Manufacturing, Incorporated was moved to Miami Lake, Florida, United States of America in 2013.

Action

- gas delayed, blowback operated.

Serial Number

- serial number is stamped onto a small metal plate moulded into the underside of the polymer receiver/frame.
- serial number rationalization is unknown.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Calibre	- the calibre designation is usually marked on the barrel, visible through the ejection port.
Shots	- detachable box magazine housed in the grip.

FRT Report

Firearm Reference Number (FRN): 123032
Make: Heritage
Model: Stealth Shadow C-2000

Summary

Make:	Heritage
Model:	Stealth Shadow C-2000
Manufacturer:	Heritage Manufacturing
Level:	Manufacturer Specifications and Commercial Customization
Type:	Handgun
Action:	Semi-Automatic
Country of Manufacturer:	UNITED STATES OF AMERICA
Serial Numbering:	See Note
Legal Classification:	Prohibited

Calibre, Shots and Barrel Length

FRN	Calibre	Shots	Barrel (mm)	Legal Classification Legal Authority	Level	Barrel Type Code
123032 - 1	9MM LUGER	10	99	Prohibited CC 84(1) "prohibited firearm" para. (a)(i)	Manufacturer Specifications and Commercial Customization	

Notes

Make

- "Heritage Manufacturing, Inc., Opa Loka, FL" is usually marked on the left side of the slide.
- "HMI" inside an oval is usually moulded into the lower grip panels.
- "HMI" is the abbreviation for "Heritage Manufacturing, Incorporated".

Model

- "Stealth Shadow C-2000" is usually marked on the right side of the slide.
- Heritage Manufacturing has offered two basic configurations based on the "Stealth" platform. The basic "Stealth" model is available with a black polymer receiver/frame and stainless steel slide as the "Stealth C-1000" in calibre 9MM LUGER and "Stealth C-4000" in calibre 40 S&W. When the same basic configuration is fitted with a two-tone stainless steel slide (black powder coated with polished side panels) the models are re-designated as "Stealth C -1010" in calibre 9MM LUGER and "Stealth C-4010" in calibre 40 S&W. When factory equipped with a completely black powder coated stainless steel slide the basic "Stealth" model becomes the "Stealth Shadow C-2000" in calibre 9MM LUGER and "Stealth Shadow C-4200" in calibre 40 S&W.
- features include: striker fired design; polymer receiver/frame; blade sights with white bars (rear sight is drift adjustable for windage); receiver/frame mounted ambidextrous safety catch; manual trigger block safety; magazine disconnect safety; closed breech safety and drop safety.

Manufacturer

- Heritage Manufacturing, Incorporated was located in Miami, Florida, U.S.A.
- Heritage Manufacturing, Incorporated was located in Opa Locka, Florida, United States of America from 1992 to 2013.
- Heritage Manufacturing, Incorporated was purchased by Taurus International in 2012.
- Heritage Manufacturing, Incorporated was moved to Miami Lake, Florida, United States of America in 2013.

Action

- gas delayed, blowback operated.

Serial Number

- the serial number is stamped onto a small metal plate moulded into the underside of the polymer receiver/frame, rationalization unknown.

Calibre

- the calibre designation is usually marked on the barrel, visible through the ejection port.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Shots - detachable box magazine housed in the grip.

Type:	Handgun
Action:	Revolver
Country of Manufacturer:	BELGIUM
Serial Numbering:	See Note
Legal Classification:	Antique

Calibre, Shots and Barrel Length

FRN	Calibre	Shots	Barrel (mm)	Legal Classification Legal Authority	Level	Barrel Type Code
142824 - 1	31 PERCUSSION	4	44	Antique CC 84(1) "antique firearm" para. (a)	Non-Commercial Customization	

Notes

Make

- "D. HERMAN D" over "BREVETE" was observed marked on the grip strap.
- "D. HERMAN D" over "BREVETE" means D. Herman's patent.
- David Herman was an inventor and manufacturer.
- David Herman was located in Liege, Belgium from 1856 to 1875.

Model

- model designation is not marked on the firearm.
- "D. HERMAN D" over "BREVETE" was observed marked on the grip strap.
- "D. HERMAN D" over "BREVETE" means D. Herman's patent.
- features observed: no iron sights; round barrel cluster with exposed percussion nipples; engraved receiver/frame with percussion cap shield; boxlock type action; ring trigger; channeled or checked wood bag type grip.

Manufacturer

- "L.F." or "LF" within a circle or shield, "Lefaucheux", "E. Lefaucheux", "E. Lefaucheux Bte a Paris", "E. Lefaucheux Inv Brevete", "Inv. Lefaucheux Brvt S.G.D.G. Paris", "IVon E. Lefaucheux Bvte S.D.G.D. a Paris" or a variation thereof will be marked on barrel and/or receiver/frame.
- "Lefaucheux" is derived from the last name of the inventor of the pin-fire metallic cartridge, Casimir Lefaucheux.
- Casimir Lefaucheux was a French gunmaker who designed and built some of the first firearms to use pin-fire ammunition.
- Casimir Lefaucheux was born in 1802 and died 1852.
- Casimir Lefaucheux's business was located in Paris, France from 1827 to 1852.
- "Lefaucheux" is also associated with Eugene Gabriel Lefaucheux, the son of Casimir Lefaucheux.
- Eugene Gabriel Lefaucheaux was the inventor and manufacturer of an open top frame, double action revolver which used Casimir Lefaucheux's pin-fire metallic cartridge.
- Eugene Gabriel Lefaucheux was born in 1820 and died in 1871.
- Eugene Gabriel Lefaucheux's business was located in Paris, France from 1850 to 1871.
- Eugene Gabriel Lefaucheux also owned Lefaucheux & Company.
- Lefaucheux & Company was located in Liege, Belgium from 1866 to 1869.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Action	- "pepperbox" type, with barrels joined in a rotating cluster. - muzzle loading.
Serial Number	- serial number was observed marked on the top of the firearm, under "L.F." which is the manufacturer's initials. - observed serial number consisted of four numbers without a letter prefix or suffix.

Notes

Make

- Herters was a mail order retailer located in Waseca Minnesota USA that operated in the 1950's, 1960's, and 1970's.
- they sold hunting,fishing,and camping gear.
- the Herters name apeared on many items though they did not manufacture these items.

Model

- this screen is only for firearms marked "MADE IN ENGLAND".
- no manufacturer name appears on the firearm.
- the receiver/frame looks very much like a BSA Monarch action.
- the extractor is a claw type mounted in the head of the bolt with the ejector plunger is mounted in the bolt face.
- the Mark U9 was available as a finished rifle in several grades, a barreled action, and as an action only.
- variations in finish and features will be encountered.

Action

- turn bolt design.

Calibre

- because the Mark U9 was available as an action only it may be found chambered in non factory standard calibres.

Shots

- integral magazine with a hinged floor plate.

FRT Report

Firearm Reference Number (FRN): 31492
Make: Hesse Arms
Model: H22 Competition

Summary

Make:	Hesse Arms
Model:	H22 Competition
Manufacturer:	Hesse Arms
Level:	Manufacturer Specifications and Commercial Customization
Type:	Rifle
Action:	Semi-Automatic
Country of Manufacturer:	UNITED STATES OF AMERICA
Serial Numbering:	See Note
Legal Classification:	Non-Restricted

Calibre, Shots and Barrel Length

FRN	Calibre	Shots	Barrel (mm)	Legal Classification Legal Authority	Level	Barrel Type Code
31492 - 1	22 LR	10	508	Non-Restricted CC 2 "firearm"	Manufacturer Specifications and Commercial Customization	
31492 - 2	22 MAG	9	508	Non-Restricted CC 2 "firearm"	Manufacturer Specifications and Commercial Customization	

Notes

Make	- Hesse Arms is a small company in Inver Grove Heights, Minnesota, that specializes in manufacturing receivers and complete rifles in the FN-FAL, AR-15, 10-22, M14, and Kalashnikov derivative lines.
Model	- this is a Hesse Arms version of the Ruger 10-22 Carbine, built on Hesse's own stainless steel receiver/frame; with a heavy-diameter, screw in, stainless steel barrel and a laminated thumbhole stock with a high Monte Carlo comb. The receiver/frame has an integral scope-mounting rail.
Action	- blowback operated.
Serial Number	- located on the left side of the receiver/frame.
Shots	- will accept all Ruger 10/22 magazines; capacities up to 50 rounds available.

Notes

Make

- make is marked on the receiver/frame.

Model

- model designation is marked on the receiver/frame.
- resembles the Colt produced M-16/AR-15 family of rifles.
- features include: aluminum or stainless upper and lower receiver/frame,
may have a carrying handle with adjustable rear sight or a flattop upper receiver, pistol grip, fixed or telescoping stock, trigger guard, magazine release button, matte or stainless steel barrel with or without front sight.
- may have a flash suppressor or a muzzle brake.

Manufacturer

- manufacturer's designation is marked on the receiver/frame.
- Hesse Arms is a small company in Inver Grove Heights, Minnesota, that specializes in manufacturing receivers/frames and complete rifles in the FN-FAL, Colt AR-15, Ruger 10-22, US Rifle M14, and Kalishnikov style.

Action

- gas operated.

Serial Number

- serial number is marked on the magazine well on the left side of the receiver/frame.

Shots

- detachable box magazine located forward of the trigger guard.
- the HAR-15A2 can accommodate all 5, 10, 20, 30, 40 round AR-15/M16 magazines and drum.

Notes

Make

- make is marked on the barrels and/or receiver/frame.

Model

- "22S" is marked on the firearm.
- features includes: over/under barrel configuration with the shotgun barrel over the floating rifle barrel; front hinged receiver/frame with top tang mounted break open lever and sliding-type safety; box lock action; single-set trigger; European walnut stock with full pistol grip with hand checkered pistol grip and forend; blued barrels; silver finish receiver/frame with engraving; base supplied for quick-detachable scope mounts; patented rocker-weight system that automatically uncocks the gun if it is accidentally dropped.

Action

- over/under barrel configuration.

Serial Number

- serial number is marked on the receiver/frame.
- known example had a five digit number without prefix or suffix.

Notes

Make	- Heym markings will usually be found on the barrel assembly and/or receiver/frame.
Model	- Heym has offered the same design as a combination gun known as the model 25, also known as the model 25 "Bockbuchsflinte" (over/under rifle/shotgun) and as a double-barrelled rifle as the model 25BS, also known as the model 25 "Gleichbergstutzen" (Mountain Carbine). - Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. - model 25 features include: blued barrels with a plain or engraved silver finished receiver/frame; one firing mechanism for both barrels, double triggers with a single set front trigger; cocking safety mechanism mounted on the top tang, in the forward position the gun is cocked, in the rearward position the gun is not cocked; quarter rib with a mounting rail for scope mounts; detachable buttstock with a Bavarian style cheek-piece; available with fixed barrels or a floating rifle barrel when combined with a 12 gauge barrel. - model 25BS features include: same basic action features of the model 25 combination gun but both barrels are free-floating at the muzzle with the smaller barrel (lower) also being adjustable at the muzzle for proper regulation.
Type	- this model has a shotgun barrel over a rifle barrel.
Action	- break open design, over/under barrel pattern.
Serial Number	- serial number is marked on the receiver/frame, rationalization unknown.
Calibre	- available in a wide variety of standard and special order calibre combinations.
Importer	- the Heym product line has been imported into North America by a variety of companies.

Notes

Make	- Heym markings will usually be found on the barrel assembly and/or receiver/frame.
Model	- Heym has offered the same design as a combination gun known as the model 25, also known as the model 25 "Bockbuchsflinte" (over/under rifle/shotgun) and as a double-barrelled rifle as the model 25BS, also known as the model 25 "Gleichbergstutzen" (Mountain Carbine). - Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. - model 25 features include: blued barrels with a plain or engraved silver finished receiver/frame; one firing mechanism for both barrels, double triggers with a single set front trigger; cocking safety mechanism mounted on the top tang, in the forward position the gun is cocked, in the rearward position the gun is not cocked; quarter rib with a mounting rail for scope mounts; detachable buttstock with a Bavarian style cheek-piece; available with fixed barrels or a floating rifle barrel when combined with a 12 gauge barrel. - model 25BS features include: same basic action features of the model 25 combination gun but both barrels are free-floating at the muzzle with the smaller barrel (lower) also being adjustable at the muzzle for proper regulation.
Action	- break open design, over/under barrel pattern.
Serial Number	- serial number is marked on the receiver/frame, rationalization unknown.
Calibre	- available in a wide variety of standard and special order calibre combinations.
Importer	- the Heym product line has been imported into North America by a variety of companies.

Notes

Make

- the make appears on the firearm.

Model

- the model 33 is a drilling (three barrelled combination shotgun/rifle, upper two barrels are smooth bored, lower barrel is rifled) with a box lock action. The term "drilling" refers to the number of barrels on this type of firearm. It derives from the German word "drei" which denotes the number "three". Heym has offered the model 33 in a "Standard" configuration that features scroll engraving on the receiver/frame or in a "de Luxe" configuration that features game scene engraving.
- Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and subject of the engraving may vary on individual examples. Different stock configurations/quality of wood will also be encountered. The model 33, in standard configuration is built for right-handed shooters, left-hand versions are offered on request.
- features include: blued barrel finish with a coin finished receiver/frame; bead front sight with an automatic rear sight (raises when rifle barrel is selected); manual rifle cocking /barrel selector; separate rifle barrel extractor; double triggers with the front one being a set trigger; nylon or steel trigger guard and grip cap; walnut stock and forend with hand cut checkering.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Manufacturer	- the manufacturer's name appears on the firearm.
Type	- this model features a combination of two shotgun barrels and one rifle barrel.
Action	- two smooth bore barrels over a rifled barrel.
Serial Number	- marked on the receiver/frame, rationalization unknown.
Calibre	- available in a wide variety of standard and special order calibre combinations.

Notes

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Make	- make is usually marked on the firearm.
Model	- model designation may be marked on the firearm. - this is a boxlock combination gun in classic "drilling" pattern (two side by side shotgun barrels over a single rifle barrel) . - features include: shotgun barrels over a single rifle barrel with bead front sight; steel receiver/frame with game scene engraving; double triggers; cocking indicators; barrel selector plug on left side of tang; top lever opener; tang safety; checkered semi-pistol grip Monte Carlo stock with cheekpiece.
Manufacturer	- F.W. Heym is a manufacturer that has been building firearms since 1865, first at Suhl in eastern Germany, then in Munnerstadt in West Germany after the occupation of East Germany by Soviet forces; they are known particularly for their custom and semi-custom multi-barreled rifles, shotguns, and combination guns.
Type	- this is a "drilling" type combination gun, combining a side by side shotgun with a single-shot rifle barrel.
Action	- three barrels; two side by side shotgun barrels over a rifle barrel, hinged break barrel design.
Serial Number	- serial number usually on the receiver/frame.
Calibre	- this firearm is/was available in the following calibers and combinations of calibers: 6.5X57R, 7X57R, 7X65R, 8X57JRS, 222 REM, 22 HORNET, 270 WIN, 308 WIN, 30-06 SPRG, 12 GA X 2 3/4", 16 GA X 2 3/4", or 20 GA X 2 3/4" or any combination of these calibers/gauges.

Notes

Make

- Heym markings will be found on the barrel assembly and/or receiver/frame.

Model

- the model 35 is a drilling (three barrelled combination shotgun/rifle, upper barrel is smooth bored, lower and side mounted barrel are rifled) with a side lock action. The term "drilling" refers to the number of barrels on this type of firearm. It derives from the German word "drei" which denotes the number "3". Heym has offered the model 35 in a "Standard" configuration that features scroll engraving on the receiver/frame or in a "de Luxe" configuration that features game scene engraving.
- Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and subject of the engraving may vary on individual examples. Different stock configurations/quality of wood will also be encountered. The model 35 can be built for right- or left-handed shooters.
- features include: blued barrel finish with a coin finished receiver/frame; bead front sight with folding rear sight; self-cocking action with a separate cocking mechanism for the large bore rifled barrel; sliding safety and cocking indicators mounted on the top tang; double triggers, front trigger is a set trigger for the two rifled barrels; walnut buttstock and forend with skip-line checkering.

Type

- this firearm combines a shotgun barrel and two rifled barrels of different calibre's.

Action

- three barrels, one shotgun barrel over a large bore rifle barrel with a small bore rifle barrel mounted on the right side at the mid-rib position.

Serial Number

- serial number is marked on the receiver/frame, rationalization unknown.

Calibre

- available in a wide variety of standard and special order calibre combinations.

Notes

Make	- the make appears on the barrels.
Model	- Heym has offered the model 37 in several variations as a "drilling" or "vierling" which refer to the number of barrels these variations have. A drilling has three barrels (derives from the number "three" or "drei" in German, a vierling denotes four barrels ("vier" is "four" in German). All variations feature a side lock action but differ in barrel configuration. Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model 37 include; - standard model 37: combination gun, this is a drilling (three barrelled combination shotgun/rifle) with upper two barrels smooth bored and rifled lower barrel. It features a top break, hammerless action with automatic safety and double triggers; separate rifle cocking with an automatic front sight activated by the rifle/shotgun selector; separate extractor for the rifle barrel; safety and firing pin indicators mounted on the top tang; walnut, right hand stock with a cheek-piece. - model 37B; same features as the model 37 but with two rifled barrels over a smooth bore shotgun barrel. This model also has a fixed sight system. - model 37BK; combination gun, this is a drilling with three rifled barrels all chambered for rifle calibre ammunition. Usually the two top barrels will be chambered in smaller calibre(s) over a single large bore barrel. Available in a variety of calibre options based on a customer request. - model 37F; three barrelled shotgun, same features as the model 37 but with three smooth bored barrels, all chambered for shotgun ammunition. - model 37V; combination gun, this is a vierling (four barrelled combination shotgun/rifle) with upper two barrels smooth bored and two, rifled lower barrels.
Manufacturer	- the manufactuer's name appears on the barrels.
Type	- this model features a combination of two shotgun barrels and one rifle barrel.
Action	- two smooth bore barrels over a rifled barrel.
Serial Number	- serial number is marked on the receiver/frame, either under the opening lever or on the forward flat. - rationalization unknown.
Shots	- the two shotgun barrels will be chambered for shotgun cartridges and the rifle barrel will be chambered for a rifle cartridge.
Importer	- the Heym product line has been imported into North America by a variety of companies.

Notes

Make

- the make appears on the barrels.

Model

- Heym has offered the model 37 in several variations as a "drilling" or "vierling" which refer to the number of barrels these variations have. A drilling has three barrels (derives from the number "three" or "drei" in German, a vierling denotes four barrels ("vier" is "four" in German). All variations feature a side lock action but differ in barrel configuration. Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model 37 include;
- standard model 37: combination gun, this is a drilling (three barrelled combination shotgun/rifle) with upper two barrels smooth bored and rifled lower barrel. It features a top break, hammerless action with automatic safety and double triggers; separate rifle cocking with an automatic front sight activated by the rifle/shotgun selector; separate extractor for the rifle barrel; safety and firing pin indicators mounted on the top tang; walnut, right hand stock with a cheek-piece.
- model 37B; same features as the model 37 but with two rifled barrels over a smooth bore shotgun barrel. This model also has a fixed sight system.
- model 37BK; combination gun, this is a drilling with three rifled barrels all chambered for rifle calibre ammunition. Usually the two top barrels will be chambered in smaller calibre(s) over a single large bore barrel. Available in a variety of calibre options based on a customer request.
- model 37F; three barrelled shotgun, same features as the model 37 but with three smooth bored barrels, all chambered for shotgun ammunition.
- model 37V; combination gun, this is a vierling (four barrelled combination shotgun/rifle) with upper two barrels smooth bored and two, rifled lower barrels.

Manufacturer

- the manufacturer's name appears on the barrels.

Type

- this model features a combination of two rifled barrels and one smooth bore barrel.

Action

- two rifled barrels over a smooth bore barrel.

Serial Number

- serial number is marked on the receiver/frame, either under the opening lever or on the forward flat.
- rationalization unknown.

Shots

- the two rifled barrels will be chambered for rifle cartridges and the smooth bore barrel will be chambered for a shotgun cartridge.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Importer - the Heym product line has been imported into North America by a variety of companies.

Notes

Make

- Heym markings will usually be found on the barrel assembly and/or the receiver/frame.

Model

- the model 44B is a break open, single-shot rifle. Heym has offered the model 44B in a "Standard" configuration that features scroll engraving on the receiver/frame or in a "De Luxe" configuration that features game scene engraving.
- Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and subject of the engraving may vary on individual examples. Different stock configurations/quality of wood will also be encountered.
- features include: blued barrel finish with a coin finished receiver/frame and sideplates; walnut buttstock and forend; round or octagonal barrel profile; double under-lug locking system; ramp front sight with a blade rear sight; quarter rib machined to accept scope mount bases; adjustable trigger and safety/cocking mechanism mounted on the top tang.
- average overall length is 1010mm (39.75"), average weight is 3kg (6.6lbs).

Action

- break-open design.

Serial Number

- the serial number is marked on the receiver/frame, rationalization unknown.

Notes

Make	- stamped on the top of the barrels.
Model	- this is a drilling,(three barrel combination shotgun/rifle, upper two barrels are smooth bored, lower barrel is rifled.) It features a top break, hammerless boxlock action, double triggers, rifle barrel is activated by a selector behind the opening lever, when activated the rear rifle sight pops up instantly. - features include: extractors, cocking indicator, engraved receiver/frame, checkered European walnut buttstock and forearm. - the word "Dural" is stamped on the underside of the receiver/frame and refers to Duralumin, the material of which the receiver/frame is made. - Duralumin is a light and very strong alloy of aluminium and copper, with the addition of magnesium, and manganese.
Manufacturer	- F.W. Heym is a manufacturer that has been building firearms since 1865, first in Suhl, in Eastern Germany, then in Munnerstadt in West Germany after the occupation of East Germany by Soviet forces; they are known particularly for their custom and semi-custom multi-barreled rifles, shotguns, and combination guns.
Action	- break open, "Drilling"; two smooth bore side by side barrels over a rifled barrel.
Serial Number	- appears on the receiver/frame, either under the opening lever or on the forward flat.

Notes

Make

- Heym markings will be found on the barrel assembly and/or receiver/frame.

Model

- Heym has offered the model 55 in several variations. All variations are fitted with "over/under" pattern barrel assemblies. Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered.
- the model 55 is available with an Anson style box lock action or with a side lock action. DeLuxe versions of the box lock action feature one animal engraved on each side of the action, Deluxe versions of samples using a side lock action feature three animals per side. Variations of the model 55 include;
- model 55BF: shotgun/rifle combination gun, this version features a smooth bored upper barrel over a rifled lower barrel. It features a top break, hammerless action with a double "Greener" style (also known as "Kersten") locking system as well as an under-lug locking system; bead front sight with a folding rear sight; extractors; safety and firing pin indicators mounted on the top tang; walnut, right hand stock with a cheek-piece.
- model 55B; double rifle, same features as the model 55BF but with two rifled barrels of the same calibre and a fixed rear sight
- model 55BS; combination gun with two rifled barrels of different calibre, this model is also known as the model 55 "Bergstutzen" (Heym literature also refers to this model as a "Mountain Carbine"). Same basic features of the model 55B but with double set triggers. Available in a variety of calibre options based on a customer request.
- model 55F; over/under shotgun, same features as the model 55BF but with two smooth bored barrels of the same calibre and ejectors.
- all versions of the model 55 can be factory fitted with accessory barrels in any of the other available barrel configurations.

Action

- over/under barrel pattern.

Serial Number

- serial number is marked on the receiver/frame, may be repeated on the barrel assembly.
- serial number rationalization unknown.

Calibre

- all versions of the model 55 can be factory fitted with accessory barrels in any of the other available barrel/calibre configurations.

Importer

- the Heym product line has been imported into North America by a variety of companies.

FRT Report

Firearm Reference Number (FRN): 4946
Make: Heym
Model: 55BF

Summary

Make:	Heym
Model:	55BF
Manufacturer:	Heym
Level:	Manufacturer Specifications and Commercial Customization
Type:	Combination Gun
Action:	Multi-Barrel
Country of Manufacturer:	GERMANY
Serial Numbering:	See Note
Legal Classification:	Non-Restricted

Notes

Make

- Heym markings will be found on the barrel assembly and/or receiver/frame.

Model

- Heym has offered the model 55 in several variations. All variations are fitted with "over/under" pattern barrel assemblies. Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered.
- the model 55 is available with an Anson style box lock action or with a side lock action. DeLuxe versions of the box lock action feature one animal engraved on each side of the action, Deluxe versions of samples using a side lock action feature three animals per side. Variations of the model 55 include;
- model 55BF: shotgun/rifle combination gun, this version features a smooth bored upper barrel over a rifled lower barrel. It features a top break, hammerless action with a double "Greener" style (also known as "Kersten") locking system as well as an under-lug locking system; bead front sight with a folding rear sight; extractors; safety and firing pin indicators mounted on the top tang; walnut, right hand stock with a cheek-piece.
- model 55B; double rifle, same features as the model 55BF but with two rifled barrels of the same calibre and a fixed rear sight
- model 55BS; combination gun with two rifled barrels of different calibre, this model is also known as the model 55 "Bergstutzen" (Heym literature also refers to this model as a "Mountain Carbine"). Same basic features of the model 55B but with double set triggers. Available in a variety of calibre options based on a customer request.
- model 55F; over/under shotgun, same features as the model 55BF but with two smooth bored barrels of the same calibre and ejectors.
- all versions of the model 55 can be factory fitted with accessory barrels in any of the other available barrel configurations.

Action

- over/under barrel pattern.

Serial Number

- serial number is marked on the receiver/frame, may be repeated on the barrel assembly, rationalization unknown.

Calibre

- all versions of the model 55 can be factory fitted with accessory barrels in any of the other available barrel/calibre configurations.

Importer

- the Heym product line has been imported into North America by a variety of companies.

Notes

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Make	- Heym markings will be found on the barrel assembly and/or receiver/frame.
Model	- Heym has offered the model 55 in several variations. All variations are fitted with "over/under" pattern barrel assemblies. Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. - the model 55 is available with an Anson style box lock action or with a side lock action. DeLuxe versions of the box lock action feature one animal engraved on each side of the action, Deluxe versions of samples using a side lock action feature three animals per side. Variations of the model 55 include; - model 55BF: shotgun/rifle combination gun, this version features a smooth bored upper barrel over a rifled lower barrel. It features a top break, hammerless action with a double "Greener" style (also known as "Kersten") locking system as well as an under-lug locking system; bead front sight with a folding rear sight; extractors; safety and firing pin indicators mounted on the top tang; walnut, right hand stock with a cheek-piece. - model 55B; double rifle, same features as the model 55BF but with two rifled barrels of the same calibre and a fixed rear sight - model 55BS; combination gun with two rifled barrels of different calibre, this model is also known as the model 55 "Bergstutzen" (Heym literature also refers to this model as a "Mountain Carbine"). Same basic features of the model 55B but with double set triggers. Available in a variety of calibre options based on a customer request. - model 55F; over/under shotgun, same features as the model 55BF but with two smooth bored barrels of the same calibre and ejectors. - all versions of the model 55 can be factory fitted with accessory barrels in any of the other available barrel configurations.
Type	- this model uses one small bore rifle barrel and one larger bore rifle barrel.
Action	- over/under barrel pattern.
Serial Number	- serial number is marked on the receiver/frame, may be repeated on the barrel assembly, rationalization unknown.
Calibre	- all versions of the model 55 can be factory fitted with accessory barrels in any of the other available barrel/calibre configurations.
Importer	- the Heym product line has been imported into North America by a variety of companies.

Notes

Make

- Heym markings will be found on the barrel assembly and/or receiver/frame.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Model

- Heym has offered the model 80 in at least three distinct variations. All variations are fitted with "side-by-side" pattern barrel assemblies. Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model 80 include;
- model 80B (also known as the model "80B-Handspanner"): double rifle, this version features two rifled barrels in the same calibre. Available with automatic or manually cocked locks. Features include a walnut "hog's-back" pistol-grip stock and forearm (available in both left- and right-handed versions); automatic extractors; double triggers (single trigger available as an option); tang mounted safety; quarter rib; folding rear sight; post front sight; engraved receiver/frame and sling swivels.
- model 80BS or "80 Bergstutzen" (Mountain Carbine): combination gun that features two rifled barrels chambered for different calibre rifle ammunition. Same features as the model 80B.
- model 80BF (also known as the model "80BF-Handspanner"): "cape gun" configuration with one smooth bore barrel chambered for shotgun ammunition and one rifled bore chambered for rifle ammunition. Same features as the model 80B.
- "Spezial" or "Special": this was simply any of the model "80" variants equipped with factory fitted interchangeable barrels that allowed the same action to be used as a double rifle, double shotgun or combination gun (rifle/shotgun or double rifle with different calibre's).

Action

- break open design, side by side barrel pattern.

Serial Number

- serial number is marked on the receiver/frame, may be repeated on the barrel assembly, rationalization unknown.

Calibre

- all versions of the model "80" can be factory fitted with accessory barrels in any of the other available barrel/calibre configurations.

Importer

- the Heym product line has been imported into North America by a variety of companies.

Notes

Make

- Heym markings will be found on the barrel assembly and/or receiver/frame.

Model

- Heym has offered the model 80 in at least three distinct variations. All variations are fitted with "side-by-side" pattern barrel assemblies. Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model 80 include;
- model 80B (also known as the model "80B-Handspanner"): double rifle, this version features two rifled barrels in the same calibre. Available with automatic or manually cocked locks. Features include a walnut "hog's-back" pistol-grip stock and forearm (available in both left- and right-handed versions); automatic extractors; double triggers (single trigger available as an option); tang mounted safety; quarter rib; folding rear sight; post front sight; engraved receiver/frame and sling swivels.
- model 80BS or "80 Bergstutzen" (Mountain Carbine): combination gun that features two rifled barrels chambered for different calibre rifle ammunition. Same features as the model 80B.
- model 80BF (also known as the model "80BF-Handspanner"): "cape gun" configuration with one smooth bore barrel chambered for shotgun ammunition and one rifled bore chambered for rifle ammunition. Same features as the model 80B.
- "Spezial" or "Special": this was simply any of the model "80" variants equipped with factory fitted interchangeable barrels that allowed the same action to be used as a double rifle, double shotgun or combination gun (rifle/shotgun or double rifle with different calibre's).

Type

- this model features a combination of two rifled barrels in different calibre's.

Action

- break open design, side by side barrel pattern.

Serial Number

- serial number is marked on the receiver/frame, may be repeated on the barrel assembly, rationalization unknown.

Calibre

- all versions of the model "80" can be factory fitted with accessory barrels in any of the other available barrel/calibre configurations.

Importer

- the Heym product line has been imported into North America by a variety of companies.

Notes

Make - Heym markings will be found on the barrel assembly and/or receiver/frame.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Model

- Heym has offered the model 88 in several distinct variations. All variations are fitted with "side-by-side" pattern barrel assemblies and are available built on a box lock or side lock action. When built with a side lock action the model designation usually carries an "/SS" identifier. Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model 88 include:
- model 88B or 88B/SS: standard double rifle, this version features two rifled barrels in the same calibre. Features of these models include: post front sight with a fixed rear sight mounted on a quarter rib; ejectors; blued barrels with a coin finished receiver/frame, standard version has English scroll type engraving; sliding safety and firing pin indicators mounted on the top tang; double triggers with a "set" front trigger; walnut furniture, buttstock with a straight comb and cheekpiece, horn grip cap and rubber recoil pad. Available in calibre's up to 375 H&H MAG.
- model 88BS, 88BS/SS or 88BS Safari (also known as "Bergstutzen" or "Mountain Carbine"): combination gun that features two rifled barrels in different calibre's. The left barrel is usually for the smaller of the two calibres. All features are the same as on the model 88B and 88B/SS. The models 88BS and 88BS/SS are available in a wide variety of calibre's ranging from 22 HORNET to 375 H&H MAG. The model 88BS Safari is available in calibre's ranging from 7X65R BRENNEKE to 500 NITRO EXPRESS.
- for other model 88 variations see REMARKS section.

Action

- side by side barrel pattern.

Serial Number

- serial number is marked on the receiver/frame, may be repeated on the barrel assembly, rationalization unknown.

Calibre

- some calibre's have been offered as options that a customer could special order.
- most Heym models can be factory fitted with accessory barrels in any of the other available barrel/calibre configurations.

Importer

- the Heym product line has been imported into North America by a variety of companies.

Remarks

- further variations of the model 88 include:
- model 88B Safari, 88B/SS Safari and models 88B Safari Classic & 88B/SS Safari Classic: standard double rifle, this version features two rifled barrels in the same calibre. Same features as the model 88B or 88B/SS but equipped with a hinged front trigger; available in calibre's ranging from 375 H&H MAG to 500 NITRO EXPRESS. The "Safari Classic" versions are also equipped with a three-leaf, folding express rear sight.
- 88B/SS Jumbo: standard double rifle, this version features two rifled barrels in the same calibre. This model is only available in large bore "Express" calibre's ranging from 470 NITRO EXPRESS to 600 NITRO EXPRESS. Features include a side lock action with a "Purdey" locking system, long steel trigger guard that extends to the pistol grip cap and a single leaf "Express" rear sight.
- model 88F; standard double-barrelled shotgun; this model features two smooth bore barrels of the same shotgun calibre. Same basic features of the model 88B.
- model 88BF also known as a "Buchcflinte" (rifle/shotgun) or "cape-gun": This model features one smooth bore barrel chambered for a shotgun cartridge and one rifled barrel chambered for a rifle cartridge.
- model 88B/F Safari: this "model" was simply a model 88B that was fitted at the Heym factory with a set of smooth bored shotgun barrels and with a set of rifled barrels.

Notes

Make - Heym markings will be found on the barrel assembly and/or receiver/frame.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Model

- Heym has offered the model 88 in several distinct variations. All variations are fitted with "side-by-side" pattern barrel assemblies and are available built on a box lock or side lock action. When built with a side lock action the model designation usually carries an "/SS" identifier. Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model 88 include;
- model 88B or 88B/SS: standard double rifle, this version features two rifled barrels in the same calibre. Features of these models include: post front sight with a fixed rear sight mounted on a quarter rib; ejectors; blued barrels with a coin finished receiver/frame, standard version has English scroll type engraving; sliding safety and firing pin indicators mounted on the top tang; double triggers with a "set" front trigger; walnut furniture, buttstock with a straight comb and cheekpiece, horn grip cap and rubber recoil pad. Available in calibre's up to 375 H&H MAG.
- model 88BS, 88BS/SS or 88BS Safari (also known as "Bergstutzen" or "Mountain Carbine"): combination gun that features two rifled barrels in different calibre's. The left barrel is usually for the smaller of the two calibre's. All features are the same as on the model 88B and 88B/SS. The models 88BS and 88BS/SS are available in a wide variety of calibre's ranging from 22 HORNET to 375 H&H MAG. The model 88BS Safari is available in calibre's ranging from 7X65R BRENNEKE to 500 NITRO EXPRESS.
- for other model 88 variations see REMARKS section.
- in 1982 the Safari Club International (SCI) commissioned a series of five rifles to be built to honor the African Big Five. The firm Heym manufactured and presented the SCI in 1984 with the Number Three rifle of the series. The Number Three rifle featured an enhanced Heym model 88B/SS double rifle which featured detailed engravings and gold enlays of Cape Buffalos. Accompanying the Number Three rifle was a set of extra side plates and multiple accessories.

Action

- side by side barrel pattern.

Serial Number

- serial number is marked on the receiver/frame, may be repeated on the barrel assembly, rationalization unknown.

Calibre

- some calibre's have been offered as options that a customer could special order.
- most Heym models can be factory fitted with accessory barrels in any of the other available barrel/calibre configurations.

Importer

- the Heym product line has been imported into North America by a variety of companies.

Remarks

- further variations of the model 88 include;
- model 88B Safari, 88B/SS Safari and models 88B Safari Classic & 88B/SS Safari Classic: standard double rifle, this version features two rifled barrels in the same calibre. Same features as the model 88B or 88B/SS but equipped with a hinged front trigger; available in calibre's ranging from 375 H&H MAG to 500 NITRO EXPRESS. The "Safari Classic" versions are also equipped with a three-leaf, folding express rear sight.
- 88B/SS Jumbo: standard double rifle, this version features two rifled barrels in the same calibre. Introduced in 2005, this model is only available in large bore "Express" calibre's ranging from 470 NITRO EXPRESS to 600 NITRO EXPRESS. Features include a side lock action with a "Purdey" locking system, long steel trigger guard that extends to the pistol grip cap and a single leaf "Express" rear sight.
- model 88F; standard double-barrelled shotgun; this model features two smooth bore barrels of the same shotgun calibre. Same basic features of the model 88B.
- model 88BF also known as a "Buchcflinte" (rifle/shotgun) or "cape-gun": This model features one smooth bore barrel chambered for a shotgun cartridge and one rifled barrel chambered for a rifle cartridge.
- model 88B/F Safari: this "model" was simply a model 88B that was fitted at the Heym factory with a set of smooth bored shotgun barrels and with a set of rifled barrels.

Notes

Make

- Heym markings will be found on the barrel assembly and/or receiver/frame.

Model

- Heym has offered the model 88 in several distinct variations. All variations are fitted with "side-by-side" pattern barrel assemblies and are available built on a box lock or side lock action. When built with a side lock action the model designation usually carries an "/SS" identifier. Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model 88 include:
- model 88B or 88B/SS: standard double rifle, this version features two rifled barrels in the same calibre. Features of these models include: post front sight with a fixed rear sight mounted on a quarter rib; ejectors; blued barrels with a coin finished receiver/frame, standard version has English scroll type engraving; sliding safety and firing pin indicators mounted on the top tang; double triggers with a "set" front trigger; walnut furniture, buttstock with a straight comb and cheekpiece, horn grip cap and rubber recoil pad. Available in calibre's up to 375 H&H MAG.
- model 88BS, 88BS/SS or 88BS Safari (also known as "Bergstutzen" or "Mountain Carbine"): combination gun that features two rifled barrels in different calibre's. The left barrel is usually for the smaller of the two calibres. All features are the same as on the model 88B and 88B/SS. The models 88BS and 88BS/SS are available in a wide variety of calibre's ranging from 22 HORNET to 375 H&H MAG. The model 88BS Safari is available in calibre's ranging from 7X65R BRENNEKE to 500 NITRO EXPRESS.
- for other model 88 variations see REMARKS section.

Type

- this model features a combination of two rifled barrels in different calibre's.

Action

- side by side barrel pattern.

Serial Number

- serial number is marked on the receiver/frame, may be repeated on the barrel assembly, rationalization unknown.

Calibre

- most Heym models can be factory fitted with accessory barrels in any of the other available barrel/calibre configurations.

Importer

- the Heym product line has been imported into North America by a variety of companies.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Remarks

- further variations of the model 88 include:
- model 88B Safari, 88B/SS Safari and models 88B Safari Classic & 88B/SS Safari Classic: standard double rifle, this version features two rifled barrels in the same calibre. Same features as the model 88B or 88B/SS but equipped with a hinged front trigger; available in calibre's ranging from 375 H&H MAG to 500 NITRO EXPRESS. The "Safari Classic" versions are also equipped with a three-leaf, folding express rear sight.
- 88B/SS Jumbo: standard double rifle, this version features two rifled barrels in the same calibre. This model is only available in large bore "Express" calibre's ranging from 470 NITRO EXPRESS to 600 NITRO EXPRESS. Features include a side lock action with a "Purdey" locking system, long steel trigger guard that extends to the pistol grip cap and a single leaf "Express" rear sight.
- model 88F; standard double-barrelled shotgun; this model features two smooth bore barrels of the same shotgun calibre. Same basic features of the model 88B.
- model 88BF also known as a "Buchcflinte" (rifle/shotgun) or "cape-gun": This model features one smooth bore barrel chambered for a shotgun cartridge and one rifled barrel chambered for a rifle cartridge.
- model 88B/F Safari: this "model" was simply a model 88B that was fitted at the Heym factory with a set of smooth bored shotgun barrels and with a set of rifled barrels.

Notes

Make

- Heym markings will be found on the barrel assembly and/or receiver/frame.

Model

- Heym has offered the model 88 in several distinct variations. All variations are fitted with "side-by-side" pattern barrel assemblies and are available built on a box lock or side lock action. When built with a side lock action the model designation usually carries an "/SS" identifier. Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model 88 include:
- model 88B or 88B/SS: standard double rifle, this version features two rifled barrels in the same calibre. Features of these models include: post front sight with a fixed rear sight mounted on a quarter rib; ejectors; blued barrels with a coin finished receiver/frame, standard version has English scroll type engraving; sliding safety and firing pin indicators mounted on the top tang; double triggers with a "set" front trigger; walnut furniture, buttstock with a straight comb and cheekpiece, horn grip cap and rubber recoil pad. Available in calibre's up to 375 H&H MAG.
- model 88BS, 88BS/SS or 88BS Safari (also known as "Bergstutzen" or "Mountain Carbine"): combination gun that features two rifled barrels in different calibre's. The left barrel is usually for the smaller of the two calibres. All features are the same as on the model 88B and 88B/SS. The models 88BS and 88BS/SS are available in a wide variety of calibre's ranging from 22 HORNET to 375 H&H MAG. The model 88BS Safari is available in calibre's ranging from 7X65R BRENNEKE to 500 NITRO EXPRESS.
- for other model 88 variations see REMARKS section.

Type

- this model features a combination of two rifled barrels in different calibre's.

Action

- side by side barrel pattern.

Serial Number

- serial number is marked on the receiver/frame, may be repeated on the barrel assembly, rationalization unknown.

Calibre

- most Heym models can be factory fitted with accessory barrels in any of the other available barrel/calibre configurations.

Importer

- the Heym product line has been imported into North America by a variety of companies.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Remarks

- further variations of the model 88 include:
- model 88B Safari, 88B/SS Safari and models 88B Safari Classic & 88B/SS Safari Classic: standard double rifle, this version features two rifled barrels in the same calibre. Same features as the model 88B or 88B/SS but equipped with a hinged front trigger; available in calibre's ranging from 375 H&H MAG to 500 NITRO EXPRESS. The "Safari Classic" versions are also equipped with a three-leaf, folding express rear sight.
- 88B/SS Jumbo: standard double rifle, this version features two rifled barrels in the same calibre. This model is only available in large bore "Express" calibre's ranging from 470 NITRO EXPRESS to 600 NITRO EXPRESS. Features include a side lock action with a "Purdey" locking system, long steel trigger guard that extends to the pistol grip cap and a single leaf "Express" rear sight.
- model 88F; standard double-barrelled shotgun; this model features two smooth bore barrels of the same shotgun calibre. Same basic features of the model 88B.
- model 88BF also known as a "Buchcflinte" (rifle/shotgun) or "cape-gun": This model features one smooth bore barrel chambered for a shotgun cartridge and one rifled barrel chambered for a rifle cartridge.
- model 88B/F Safari: this "model" was simply a model 88B that was fitted at the Heym factory with a set of smooth bored shotgun barrels and with a set of rifled barrels.

Notes

Make

- Heym markings will be found on the barrel assembly and/or receiver/frame.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Model	- the Heym "Express" rifle, advertised as a "Big Game Rifle" is available in calibre's ranging from 300 WIN MAG to 600 NITRO EXPRESS. Heym offers a similar model with minor differences in smaller calibre's as the "Express Light". - Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. - Express model features include: Mauser type "Magnum" action with a flat top profile, drilled and tapped for scope mounts; matte blued finish on metal; walnut pistol-grip stock with cheek-rest and contrasting forearm tip; cross-bolt reinforcement at wrist of stock; hinged floor-plate magazine with a capacity of two to five cartridges depending on calibre; sling swivels at butt and barrel-band; adjustable trigger; trap under grip-cap for spare firing pin and front sight; and "express"-style two leaf rear sight with a large bead front sight. - average weight is 4.5kg (9.9lbs), overall length with the 610mm barrel is 1150mm (45.3"). - Express Light model features include: same features as the Express model but the rear sight is a single blade, the front sling swivel is mounted directly to the underside of the barrel (no barrel band), magazine capacity is three cartridges and average overall weight is reduced to 3.8kg (8.36lbs). - both the Express and Express Light are available in "Take-Down" versions where the barrel assembly can be removed from the receiver/frame.
Action	- turn-bolt design.
Serial Number	- serial number is marked on the receiver/frame, may be repeated on the barrel assembly. - rationalization unknown.
Importer	- the Heym product line has been imported into North America by a variety of companies.

Notes

Make

- Heym markings will be found on the barrel assembly and/or receiver/frame.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Model	- the Heym "Express" rifle, advertised as a "Big Game Rifle" is available in calibre's ranging from 300 WIN MAG to 600 NITRO EXPRESS. Heym offers a similar model with minor differences in smaller calibre's as the "Express Light". - Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. - Express model features include: Mauser type "Magnum" action with a flat top profile, drilled and tapped for scope mounts; matte blued finish on metal; walnut pistol-grip stock with cheek-rest and contrasting forearm tip; cross-bolt reinforcement at wrist of stock; hinged floor-plate magazine with a capacity of two to five cartridges depending on calibre; sling swivels at butt and barrel-band; adjustable trigger; trap under grip-cap for spare firing pin and front sight; and "express"-style two leaf rear sight with a large bead front sight. - average weight is 4.5kg (9.9lbs), overall length with the 610mm barrel is 1150mm (45.3"). - Express Light model features include: same features as the Express model but the rear sight is a single blade, the front sling swivel is mounted directly to the underside of the barrel (no barrel band), magazine capacity is three cartridges and average overall weight is reduced to 3.8kg (8.36lbs). - both the Express and Express Light are available in "Take-Down" versions where the barrel assembly can be removed from the receiver/frame.
Action	- turn-bolt design.
Serial Number	- serial number is marked on the receiver/frame, may be repeated on the barrel assembly, rationalization unknown.
Importer	- the Heym product line has been imported into North America by a variety of companies.

Notes

Make - Heym markings will usually be found on the barrel.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Model

- Heym used the Sturm Ruger produced "No. 1" falling block action as the basis for two Heym models. The model HR30 features a round profile barrel while the model HR38 is equipped with an octagonal barrel.
- Heym has offered the model HR30 in "DeLuxe" version with elaborate engraving or in an "Exclusive" version with false sideplates and extensive engraving. All variations of the model HR30 are available chambered for standard (noted in Heym literature with a model suffix "N") or magnum (noted in Heym literature with a model suffix "G") ammunition.
- Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered.
- features include: "Krupp-Special Laufstahl" steel round barrel with Heym quarter rib, ramp front sight with a single leaf rear sight; single "set" trigger or single adjustable trigger; sliding safety mounted on the top tang; walnut, right- or left-hand buttstock and forend, available with a Bavarian cheekpiece or straight comb, fitted with a rubber recoil pad.

Manufacturer

- this model, produced by Heym of Germany uses a receiver/frame produced in the United States of America by Sturm Ruger.

Action

- these rifles utilize a Ruger model "No.1", falling block action.

Serial Number

- serial number is marked on the receiver/frame, rationalization unknown.

Notes

Make	- Heym markings are usually marked on the left side of the receiver/frame.
Model	- Heym has offered the model SR20 in several distinct variations. The model SR20 is available chambered for standard (noted in Heym literature with a model suffix "N") or magnum (noted in Heym literature with a model suffix "G") ammunition. - most variations are usually marked "Heym SR20 Germany" on the action. - Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model SR20 include; - standard model SR20, features include: right- or left-hand action; blued finish; round barrel profile; barrel mounted V-type rear sight with an adjustable post front sight; three-position safety mounted on the right side which locks the bolt; single, single set- or double set-trigger(s); walnut, Monte Carlo style one-piece stock with rosewood forend tip and grip cap, hand cut checkering on the forend and pistol grip, and a ventilated rubber recoil pad. - model SR20L: similar to the standard model SR20 but this is in "carbine" configuration with a 520mm barrel and a full-length, one-piece "Mannlicher" style stock that has a Monte Carlo style comb with a rosewood pistol grip cap and a metal forend cap. - model SR20 Classic Alpine: same as model SR20L but with a 489mm barrel and the stock has a straight comb and a solid (non-ventilated) recoil pad. - model SR20 Classic Sporter: same basic configuration as the standard model SR20 but the stock has a straight comb and a solid (non-ventilated) recoil pad, and the barrel is not equipped with sights (standard sights are available as optional equipment). - model SR20 Classic Trophy: same as the model SR20 Classic Sporter but equipped with an octagonal barrel with a quarter rib and a fixed blade rear sight and adjustable post front sight. - see REMARKS for other model SR20 variants.
Action	- turn-bolt design.
Serial Number	- serial number is usually marked on the receiver/frame and/or barrel. - one referenced example consisted of five numbers.
Barrel	- comes with a 648mm or optional 559mm barrel in "standard" calibre's, a 648mm barrel is standard in "magnum" calibre's with a 610mm barrel offered as an option.
Calibre	- the calibre designation is usually marked on the barrel.
Shots	- internal magazine, five shot capacity for "standard" calibre's, three shot capacity for "magnum" calibre's and one shot in calibre 10.3X60R SWISS.
Remarks	- other variations of the model SR20 include; - model SR20 Classic Safari: same basic configuration as the model SR20 Classic Sporter but available in larger bore calibre's. Equipped with express sights with three notches in 50,100 and 200 metre increments, matte blued finish, two recoil cross-bolts in the stock and a stronger extractor. - model SR20 Fiberglass: same as the standard model SR20 but equipped with a black or brown fiberglass stock with a straight comb. - model SR20D: same basic features of the model SR20 but fitted with a 520mm barrel with a quarter rib and a walnut, one-piece stock with a Monte Carlo style comb and a rosewood "schnabel" forend tip. - model SR20 Match: available as a bolt action repeating rifle or as a single shot rifle, this model is equipped with a heavy profile barrel with no sights and a target style stock with a vertical pistol grip and a wide forend.

- serial number rationalization unknown.

Calibre

- the calibre designation is usually marked on the barrel.
- other calibre's are available as an option.

Shots

- internal magazine.

Remarks

- other vvariations of the model SR20 include;
- model SR20 Classic Safari: same basic configuration as the model SR20 Classic Sporter but available in larger bore calibre's. Equipped with express sights with three notches in 50,100 and 200 metre increments, matte blued finish, two recoil cross-bolts in the stock and a stronger extractor.
- model SR20 Fiberglass: same as the standard model SR20 but equipped with a black or brown fiberglass stock with a straight comb.
- model SR20D: same basic features of the model SR20 but fitted with a 520mm barrel with a quarter rib and a walnut, one-piece stock with a Monte Carlo style comb and a rosewood "schnabel" forend tip.
- model SR20 Match: available as a bolt action repeating rifle or as a single shot rifle, this model is equipped with a heavy profile barrel with no sights and a target style stock with a vertical pistol grip and a wide forend.

Notes

Make - Heym markings are usually marked on the left side of the receiver/frame.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Model

- Heym has offered the model SR20 in several distinct variations. The model SR20 is available chambered for standard (noted in Heym literature with a model suffix "N") or magnum (noted in Heym literature with a model suffix "G") ammunition.
- most variations are usually marked "Heym SR20 Germany" on the action.
- Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model SR20 include;
- standard model SR20, features include: right- or left-hand action; blued finish; round barrel profile; barrel mounted V-type rear sight with an adjustable post front sight; three-position safety mounted on the right side which locks the bolt; single, single set- or double set-trigger(s); walnut, Monte Carlo style one-piece stock with rosewood forend tip and grip cap, hand cut checkering on the forend and pistol grip, and a ventilated rubber recoil pad.
- model SR20 Fiberglass: same as the standard model SR20 but equipped with a black or brown fiberglass stock with a straight comb.
- see REMARKS for other model SR20 variants.

Action

- turn-bolt design.

Serial Number

- serial number is usually marked on the receiver/frame and/or barrel.
- serial number rationalization unknown.

Barrel

- when chambered in a standard calibre the 603mm barrel length is standard, the 559mm barrel length is available as a special order option.
- when chambered in a magnum calibre the 648mm barrel length is standard, the 610mm barrel length is available as a special order option.
- in calibre 6X62 FRERES the standard barrel length is 622mm.

Calibre

- the calibre designation is usually marked on the barrel.

Shots

- internal magazine.
- magazine capacity when chambered for a "standard" calibre is five shots, when chambered for a magnum calibre capacity is three shots and in calibre 10.3X60R SWISS capacity is one.

Remarks

- other variations of the model SR20 include;
- model SR20 Classic Sporter: same basic configuration as the standard model SR20 but the stock has a straight comb and a solid (non-ventilated) recoil pad, and the barrel is not equipped with sights (standard sights are available as optional equipment).
- model SR20 Classic Trophy: same as the model SR20 Classic Sporter but equipped with an octagonal barrel with a quarter rib and a fixed blade rear sight and adjustable post front sight.
- Model SR20 Classic Safari: same basic configuration as the model SR20 Classic Sporter but available in larger bore calibre's. Equipped with express sights with three notches in 50,100 and 200 metre increments, matte blued finish, two recoil cross-bolts in the stock and a stronger extractor.
- model SR20L: similar to the standard model SR20 but this is in "carbine" configuration with a 520mm barrel and a full-length, one-piece "Mannlicher" style stock that has a Monte Carlo style comb with a rosewood pistol grip cap and a metal forend cap.
- model SR20 Classic Alpine: same as model SR20L but with a 489mm barrel and the stock has a straight comb and a solid (non-ventilated) recoil pad.
- model SR20D: same basic features of the model SR20 but fitted with a 520mm barrel with a quarter rib and a walnut, one-piece stock with a Monte Carlo style comb and a rosewood "schnabel" forend tip.
- model SR20 Match: available as a bolt action repeating rifle or as a single shot rifle, this model is equipped with a heavy profile barrel with no sights and a target style stock with a vertical pistol grip and a wide forend.

- Model SR20 Classic Safari: same basic configuration as the model SR20 Classic Sporter but available in larger bore calibre's. Equipped with express sights with three notches in 50,100 and 200 metre increments, matte blued finish, two recoil cross-bolts in the stock and a stronger extractor.
- model SR20L: similar to the standard model SR20 but this is in "carbine" configuration with a 520mm barrel and a full-length, one-piece "Mannlicher" style stock that has a Monte Carlo style comb with a rosewood pistol grip cap and a metal forend cap.
- model SR20 Classic Alpine: same as model SR20L but with a 489mm barrel and the stock has a straight comb and a solid (non-ventilated) recoil pad.
- model SR20 Match: available as a bolt action repeating rifle or as a single shot rifle, this model is equipped with a heavy profile barrel with no sights and a target style stock with a vertical pistol grip and a wide forend.

Notes

Make	- Heym markings are usually marked on the left side of the receiver/frame.
Model	- Heym has offered the model SR20 in several distinct variations. The model SR20 is available chambered for standard (noted in Heym literature with a model suffix "N") or magnum (noted in Heym literature with a model suffix "G") ammunition. - most variations are usually marked "Heym SR20 Germany" on the action. - Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model SR21 include; - standard model SR20, features include: right- or left-hand action; blued finish; round barrel profile; barrel mounted V-type rear sight with an adjustable post front sight; three-position safety mounted on the right side which locks the bolt; single, single set- or double set-trigger(s); walnut, Monte Carlo style one-piece stock with rosewood forend tip and grip cap, hand cut checkering on the forend and pistol grip, and a ventilated rubber recoil pad. - model SR20L: similar to the standard model SR20 but this is in "carbine" configuration with a 520mm barrel and a full-length, one-piece "Mannlicher" style stock that has a Monte Carlo style comb with a rosewood pistol grip cap and a metal forend cap. - model SR20 Classic Alpine: same as model SR20L but with a 489mm barrel and the stock has a straight comb and a solid (non-ventilated) recoil pad. - model SR20 Classic Sporter: same basic configuration as the standard model SR20 but the stock has a straight comb and a solid (non-ventilated) recoil pad, and the barrel is not equipped with sights (standard sights are available as optional equipment). - model SR20 Classic Trophy: same as the model SR20 Classic Sporter but equipped with an octagonal barrel with a quarter rib and a fixed blade rear sight and adjustable post front sight. - see REMARKS for other model SR20 variants.
Action	- turn-bolt design.
Serial Number	- serial number is usually marked on the receiver/frame and/or barrel. - serial number rationalization unknown.
Calibre	- the calibre designation is usually marked on the barrel.
Shots	- internal magazine.
Remarks	- other variations of the model SR20 include; - model SR20 Classic Safari: same basic configuration as the model SR20 Classic Sporter but available in larger bore calibre's. Equipped with express sights with three notches in 50,100 and 200 metre increments, matte blued finish, two recoil cross-bolts in the stock and a stronger extractor. - model SR20 Fiberglass: same as the standard model SR20 but equipped with a black or brown fiberglass stock with a straight comb. - model SR20D: same basic features of the model SR20 but fitted with a 520mm barrel with a quarter rib and a walnut, one-piece stock with a Monte Carlo style comb and a rosewood "schnabel" forend tip. - model SR20 Match: available as a bolt action repeating rifle or as a single shot rifle, this model is equipped with a heavy profile barrel with no sights and a target style stock with a vertical pistol grip and a wide forend.

Notes

Make - the maker's designation is marked on the left side of the receiver/frame as "HEYM" in an oval, overlaid on a bullseye pattern.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Model	- Heym has offered the model SR21 in several distinct variations. The model SR21 is available chambered for standard (noted in Heym literature with a model suffix "N") or magnum (noted in Heym literature with a model suffix "G") ammunition. Some calibre options within the SR21 model line are offered in single-shot rifle configuration only. - most variations are simply marked "Heym SR21 Germany" on the action. - Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model SR21 include; - standard model SR21, features include: barrel mounted blade rear sight with an adjustable post front sight; bolt head has three locking lugs; three-position safety mounted on the right side of the bolt shroud; single set-trigger; walnut, Monte Carlo style one-piece stock with rosewood forend tip and grip cap, hand cut checkering on the forend and pistol grip, and a rubber recoil pad. When chambered for a "standard" calibre the barrel length is 580mm (22.8"), when chambered in a large/magnum calibre the barrel length is 610mm (24"). - model SR21 DJV Match; this is a turn-bolt design, single-shot target rifle. Features a heavy profile (18mm/.709" diameter), 600mm (23 5/8") barrel that is not equipped with sights and a walnut "target" style stock with a vertical pistol grip and cooling vents in the forend. - model SR21 Sport: this is a turn-bolt design, available as a single-shot or repeating target rifle. Features a heavy profile (20mm/.788" diameter), non-fluted 600mm (23 5/8") barrel that is not equipped with sights and a Ro-Co-Match, laminated "target" style stock with a light or black finish and a patented recoil absorber, a vertical pistol grip, adjustable cheekpiece and a UIT rail inlet into the underside of the forend. - for other model variations see REMARKS.
Manufacturer	- the manufacturer's designation is marked on the receiver/frame. - the Heym logo consists of the word "HEYM" in an oval, overlaid on a bullseye pattern.
Action	- turn-bolt design.
Serial Number	- samples have been noted with the serial number marked on the left side of the barrel.
Calibre	- the calibre designation is marked on the barrel.
Shots	- detachable box magazine.
Importer	- the Heym product line has been imported into North America by a variety of companies.
Remarks	- other model SR21 variations include: - model SR21 Special: same specifications as the model SR21 Sport but the barrel is heavier (25mm/.984") and is fluted. - model SR21 Wild Boar: similar to the standard model SR21 but equipped with a 500mm (standard calibre's) or 580mm (large/magnum calibre's) barrel; front and rear sights feature a luminescent, fibre optic inserts; "hogs back" style stock. - model SR21 Stutzen (carbine); available in standard calibre's only, with a 520mm barrel; equipped with a full-length, one-piece "Mannlicher" style stock that has a rosewood pistol grip cap and a metal forend cap. - model SR21 Classic: similar to the standard model SR21 but equipped with a straight comb stock and a steel pistol grip cap. - model SR21 Concord: similar to the model SR21 Wild Boar but equipped with a fluted barrel, gold plated trigger and steel grey finished receiver/frame with border engraving. - model SR21 Stainless: similar to the model SR21 Concord but metal is stainless steel. - model SR21 First Class: this is the "DeLuxe" version of the model SR21 line. Features include a gold plated trigger; receiver/frame, floor plate and all small parts are silver nitrated and heavily engraved; high grade walnut stock with horn forend tip and pistol grip cap.

Notes

Make - the maker's designation is usually marked on the left side of the receiver/frame as "HEYM" in an oval, overlaid on a bullseye pattern.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Model

- Heym has offered the model SR21 in several distinct variations. The model SR21 is available chambered for standard (noted in Heym literature with a model suffix "N") or magnum (noted in Heym literature with a model suffix "G") ammunition. Some calibre options within the SR21 model line are offered in single-shot rifle configuration only.
- most variations are simply marked "Heym SR21 Germany" on the action.
- Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model SR21 include;
- standard model SR21, features include: barrel mounted blade rear sight with an adjustable post front sight; bolt head has three locking lugs; three-position safety mounted on the right side of the bolt shroud; single set-trigger; walnut, Monte Carlo style one-piece stock with rosewood forend tip and grip cap, hand cut checkering on the forend and pistol grip, and a rubber recoil pad. When chambered for a "standard" calibre the barrel length is 580mm (22.8"), when chambered in a large/magnum calibre the barrel length is 610mm (24").
- model SR21 Classic: similar to the standard model SR21 but equipped with a straight comb stock and a steel pistol grip cap.
- model SR21 Sport: this is a turn-bolt design, available as a single-shot or repeating target rifle. Features a heavy profile (20mm/.788" diameter), non-fluted 600mm (23 5/8") barrel that is not equipped with sights and a Ro-Co-Match, laminated "target" style stock with a light or black finish and a patented recoil absorber, a vertical pistol grip, adjustable cheekpiece and a UIT rail inlet into the underside of the forend.
- for other model variations see REMARKS.

Manufacturer

- the manufacturer's designation is usually marked on the receiver/frame.

Action

- turn-bolt design.

Serial Number

- samples have been noted with the serial number marked on the left side of the barrel.

Calibre

- the calibre designation is marked on the barrel.

Shots

- detachable box magazine.

Remarks

- other model SR21 variations include:
- model SR21 Special: same specifications as the model SR21 Sport but the barrel is heavier (25mm/.984") and is fluted.
- model SR21 Wild Boar: similar to the standard model SR21 but equipped with a 500mm (standard calibre's) or 580mm (large/magnum calibre's) barrel; front and rear sights feature a luminescent, fibre optic inserts; "hogs back" style stock.
- model SR21 Stutzen (carbine); available in standard calibre's only, with a 520mm barrel; equipped with a full-length, one-piece "Mannlicher" style stock that has a rosewood pistol grip cap and a metal forend cap.
- model SR21 DJV Match; this is a turn-bolt design, single-shot target rifle. Features a heavy profile (18mm/.709" diameter), 600mm (23 5/8") barrel that is not equipped with sights and a walnut "target" style stock with a vertical pistol grip and cooling vents in the forend.
- model SR21 Concord: similar to the model SR21 Wild Boar but equipped with a fluted barrel, gold plated trigger and steel grey finished receiver/frame with border engraving.
- model SR21 Stainless: similar to the model SR21 Concord but metal is stainless steel.
- model SR21 First Class: this is the "DeLuxe" version of the model SR21 line. Features include a gold plated trigger; receiver/frame, floor plate and all small parts are silver nitrated and heavily engraved; high grade walnut stock with horn forend tip and pistol grip cap.

Notes

Make - Heym markings usually are found on the receiver/frame.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Model

- Heym has offered the model SR21 in several distinct variations. The model SR21 is available chambered for standard (noted in Heym literature with a model suffix "N") or magnum (noted in Heym literature with a model suffix "G") ammunition. Some calibre options within the SR21 model line are offered in single-shot rifle configuration only.
- samples have been noted marked "Concord" on the receiver/frame.
- Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model SR21 include;
- standard model SR21, features include: barrel mounted blade rear sight with an adjustable post front sight; bolt head has three locking lugs; three-position safety mounted on the right side of the bolt shroud; single set-trigger; walnut, Monte Carlo style one-piece stock with rosewood forend tip and grip cap, hand cut checkering on the forend and pistol grip, and a rubber recoil pad. When chambered for a "standard" calibre the barrel length is 580mm (22.8"), when chambered in a large/magnum calibre the barrel length is 610mm (24").
- model SR21 Wild Boar: similar to the standard model SR21 but equipped with a 500mm (standard calibre's) or 580mm (large/magnum calibre's) barrel; front and rear sights feature a luminescent, fibre optic inserts; "hogs back" style stock.
- model SR21 Concord: similar to the model SR21 Wild Boar but equipped with a fluted barrel, gold plated trigger and steel grey finished receiver/frame with border engraving.
- for other model variations see REMARKS.

Action

- turn-bolt design.

Serial Number

- samples have been noted with the serial number marked on the left side of the barrel.

Calibre

- the calibre designation is marked on the barrel.

Shots

- detachable box magazine.

Remarks

- other model SR21 variations include:
- model SR21 Sport: this is a turn-bolt design, available as a single-shot or repeating target rifle. Features a heavy profile (20mm/.788" diameter), non-fluted 600mm (23 5/8") barrel that is not equipped with sights and a Ro-Co-Match, laminated "target" style stock with a light or black finish and a patented recoil absorber, a vertical pistol grip, adjustable cheekpiece and a UIT rail inlet into the underside of the forend.
- model SR21 Special: same specifications as the model SR21 Sport but the barrel is heavier (25mm/.984") and is fluted.
- model SR21 DJV Match; this is a turn-bolt design, single-shot target rifle. Features a heavy profile (18mm/.709" diameter), 600mm (23 5/8") barrel that is not equipped with sights and a walnut "target" style stock with a vertical pistol grip and cooling vents in the forend.
- model SR21 Stutzen (carbine); available in standard calibre's only, with a 520mm barrel; equipped with a full-length, one-piece "Mannlicher" style stock that has a rosewood pistol grip cap and a metal forend cap.
- model SR21 Classic: similar to the standard model SR21 but equipped with a straight comb stock and a steel pistol grip cap.
- model SR21 Stainless: similar to the model SR21 Concord but metal is stainless steel.
- model SR21 First Class: this is the "DeLuxe" version of the model SR21 line. Features include a gold plated trigger; receiver/frame, floor plate and all small parts are silver nitrated and heavily engraved; high grade walnut stock with horn forend tip and pistol grip cap.

Notes

Make

- Heym markings usually are found on the receiver/frame.

Model

- Heym has offered the model SR21 in several distinct variations. The model SR21 is available chambered for standard (noted in Heym literature with a model suffix "N") or magnum (noted in Heym literature with a model suffix "G") ammunition. Some calibre options within the SR21 model line are offered in single-shot rifle configuration only.
- most variations are simply marked "Heym SR21 Germany" on the receiver/frame.
- Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model SR21 include:
- standard model SR21, features include: barrel mounted blade rear sight with an adjustable post front sight; bolt head has three locking lugs; three-position safety mounted on the right side of the bolt shroud; single set-trigger; walnut, Monte Carlo style one-piece stock with rosewood forend tip and grip cap, hand cut checkering on the forend and pistol grip, and a rubber recoil pad. When chambered for a "standard" calibre the barrel length is 580mm (22.8"), when chambered in a large/magnum calibre the barrel length is 610mm (24").
- model SR21 First Class: this is the "DeLuxe" version of the model SR21 line. Features include a gold plated trigger; receiver/frame, floor plate and all small parts are silver nitrated and heavily engraved; high grade walnut stock with horn forend tip and pistol grip cap.
- for other model variations see REMARKS.

Action

- turn-bolt design.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Serial Number	- samples have been noted with the serial number marked on the left side of the barrel.
Calibre	- the calibre designation is marked on the barrel.
Shots	- detachable box magazine.
Remarks	- other model SR21 variations include: - model SR21 Sport: this is a turn-bolt design, available as a single-shot or repeating target rifle. Features a heavy profile (20mm/.788" diameter), non-fluted 600mm (23 5/8") barrel that is not equipped with sights and a Ro-Co-Match, laminated "target" style stock with a light or black finish and a patented recoil absorber, a vertical pistol grip, adjustable cheekpiece and a UIT rail inlet into the underside of the forend. - model SR21 Special: same specifications as the model SR21 Sport but the barrel is heavier (25mm/.984") and is fluted. - model SR21 DJV Match; this is a turn-bolt design, single-shot target rifle. Features a heavy profile (18mm/.709" diameter), 600mm (23 5/8") barrel that is not equipped with sights and a walnut "target" style stock with a vertical pistol grip and cooling vents in the forend. - model SR21 Stutzen (carbine); available in standard calibre's only, with a 520mm barrel; equipped with a full-length, one-piece "Mannlicher" style stock that has a rosewood pistol grip cap and a metal forend cap. - model SR21 Classic: similar to the standard model SR21 but equipped with a straight comb stock and a steel pistol grip cap. - model SR21 Wild Boar: similar to the standard model SR21 but equipped with a 500mm (standard calibre's) or 580mm (large/magnum calibre's) barrel; front and rear sights feature a luminescent, fibre optic inserts; "hogs back" style stock. - model SR21 Concord: similar to the model SR21 Wild Boar but equipped with a fluted barrel, gold plated trigger and steel grey finished receiver/frame with border engraving. - model SR21 Stainless: similar to the model SR21 Concord but metal is stainless steel.

Notes

Make

- Heym markings are usually found on the receiver/frame.

Model

- Heym has offered the model SR21 in several distinct variations. The model SR21 is available chambered for standard (noted in Heym literature with a model suffix "N") or magnum (noted in Heym literature with a model suffix "G") ammunition. Some calibre options within the SR21 model line are offered in single-shot rifle configuration only.
- most variations are simply marked "Heym SR21 Germany" on the action.
- Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model SR21 include:
- standard model SR21, features include: barrel mounted blade rear sight with an adjustable post front sight; bolt head has three locking lugs; three-position safety mounted on the right side of the bolt shroud; single set-trigger; walnut, Monte Carlo style one-piece stock with rosewood forend tip and grip cap, hand cut checkering on the forend and pistol grip, and a rubber recoil pad. When chambered for a "standard" calibre the barrel length is 580mm (22.8"), when chambered in a large/magnum calibre the barrel length is 610mm (24").
- model SR21 DJV Match; this is a turn-bolt design, single-shot target rifle. Features a heavy profile (18mm/.709" diameter), 600mm (23 5/8") barrel that is not equipped with sights and a walnut "target" style stock with a vertical pistol grip and cooling vents in the forend.
- model SR21 Sport: this is a turn-bolt design, available as a single-shot or repeating target rifle. Features a heavy profile (20mm/.788" diameter), non-fluted 600mm (23 5/8") barrel that is not equipped with sights and a Ro-Co-Match, laminated "target" style stock with a light or black finish and a patented recoil absorber, a vertical pistol grip, adjustable cheekpiece and a UIT rail inlet into the underside of the forend.
- for other model variations see REMARKS.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Action	- turn-bolt design.
Serial Number	- samples have been noted with the serial number marked on the left side of the barrel.
Remarks	- other model SR21 variations include: - model SR21 Special: same specifications as the model SR21 Sport but the barrel is heavier (25mm/.984") and is fluted. - model SR21 Wild Boar: similar to the standard model SR21 but equipped with a 500mm (standard calibre's) or 580mm (large/magnum calibre's) barrel; front and rear sights feature a luminescent, fibre optic inserts; "hogs back" style stock. - model SR21 Stutzen (carbine); available in standard calibre's only, with a 520mm barrel; equipped with a full-length, one-piece "Mannlicher" style stock that has a rosewood pistol grip cap and a metal forend cap. - model SR21 Classic: similar to the standard model SR21 but equipped with a straight comb stock and a steel pistol grip cap. - model SR21 Concord: similar to the model SR21 Wild Boar but equipped with a fluted barrel, gold plated trigger and steel grey finished receiver/frame with border engraving. - model SR21 Stainless: similar to the model SR21 Concord but metal is stainless steel. - model SR21 First Class: this is the "DeLuxe" version of the model SR21 line. Features include a gold plated trigger; receiver/frame, floor plate and all small parts are silver nitrated and heavily engraved; high grade walnut stock with horn forend tip and pistol grip cap.

Notes

Make - Heym markings usually are found on the receiver/frame.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Model

- Heym has offered the model SR21 in several distinct variations. The model SR21 is available chambered for standard (noted in Heym literature with a model suffix "N") or magnum (noted in Heym literature with a model suffix "G") ammunition. Some calibre options within the SR21 model line are offered in single-shot rifle configuration only.
- most variations are simply marked "Heym SR21 Germany" on the receiver/frame.
- Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model SR21 include:
- standard model SR21, features include: barrel mounted blade rear sight with an adjustable post front sight; bolt head has three locking lugs; three-position safety mounted on the right side of the bolt shroud; single set-trigger; walnut, Monte Carlo style one-piece stock with rosewood forend tip and grip cap, hand cut checkering on the forend and pistol grip, and a rubber recoil pad. When chambered for a "standard" calibre the barrel length is 580mm (22.8"), when chambered in a large/magnum calibre the barrel length is 610mm (24").
- model SR21 Wild Boar: similar to the standard model SR21 but equipped with a 500mm (standard calibre's) or 580mm (large/magnum calibre's) barrel; front and rear sights feature a luminescent, fibre optic inserts; "hogs back" style stock.
- model SR21 Concord: similar to the model SR21 Wild Boar but equipped with a fluted barrel, gold plated trigger and steel grey finished receiver/frame with border engraving.
- model SR21 Stainless: similar to the model SR21 Concord but metal is stainless steel.
- for other model variations see REMARKS.

Action

- turn-bolt design.

Serial Number

- samples have been noted with the serial number marked on the left side of the barrel.

Calibre

- the calibre designation is marked on the barrel.

Shots

- detachable box magazine.

Remarks

- other model SR21 variations include:
- model SR21 Sport: this is a turn-bolt design, available as a single-shot or repeating target rifle. Features a heavy profile (20mm/.788" diameter), non-fluted 600mm (23 5/8") barrel that is not equipped with sights and a Ro-Co-Match, laminated "target" style stock with a light or black finish and a patented recoil absorber, a vertical pistol grip, adjustable cheekpiece and a UIT rail inlet into the underside of the forend.
- model SR21 Special: same specifications as the model SR21 Sport but the barrel is heavier (25mm/.984") and is fluted.
- model SR21 DJV Match; this is a turn-bolt design, single-shot target rifle. Features a heavy profile (18mm/.709" diameter), 600mm (23 5/8") barrel that is not equipped with sights and a walnut "target" style stock with a vertical pistol grip and cooling vents in the forend.
- model SR21 Stutzen (carbine); available in standard calibre's only, with a 520mm barrel; equipped with a full-length, one-piece "Mannlicher" style stock that has a rosewood pistol grip cap and a metal forend cap.
- model SR21 Classic: similar to the standard model SR21 but equipped with a straight comb stock and a steel pistol grip cap.
- model SR21 First Class: this is the "DeLuxe" version of the model SR21 line. Features include a gold plated trigger; receiver/frame, floor plate and all small parts are silver nitrated and heavily engraved; high grade walnut stock with horn forend tip and pistol grip cap.

Notes

Make

- Heym markings are usually found on the side of the receiver/frame.

Model

- Heym has offered the model SR21 in several distinct variations. The model SR21 is available chambered for standard (noted in Heym literature with a model suffix "N") or magnum (noted in Heym literature with a model suffix "G") ammunition. Some calibre options within the SR21 model line are offered in single-shot rifle configuration only.
- most variations are simply marked "Heym SR21 Germany" on the receiver/frame.
- Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model SR21 include:
- standard model SR21, features include: barrel mounted blade rear sight with an adjustable post front sight; bolt head has three locking lugs; three-position safety mounted on the right side of the bolt shroud; single set-trigger; walnut, Monte Carlo style one-piece stock with rosewood forend tip and grip cap, hand cut checkering on the forend and pistol grip, and a rubber recoil pad. When chambered for a "standard" calibre the barrel length is 580mm (22.8"), when chambered in a large/magnum calibre the barrel length is 610mm (24").
- model SR21 Stutzen (carbine); available in standard calibre's only, with a 520mm barrel; equipped with a full-length, one-piece "Mannlicher" style stock that has a rosewood pistol grip cap and a metal forend cap.
- model SR21 Sport: this is a turn-bolt design, available as a single-shot or repeating target rifle. Features a heavy profile (20mm/.788" diameter), non-fluted 600mm (23 5/8") barrel that is not equipped with sights and a Ro-Co-Match, laminated "target" style stock with a light or black finish and a patented recoil absorber, a vertical pistol grip, adjustable cheekpiece and a UIT rail inlet into the underside of the forend.
- for other model variations see REMARKS.

Action

- turn-bolt design.

Serial Number

- samples have been noted with the serial number marked on the left side of the barrel.

Calibre

- the calibre designation is marked on the barrel.

Shots

- detachable box magazine.

Remarks

- other model SR21 variations include:
- model SR21 Special: same specifications as the model SR21 Sport but the barrel is heavier (25mm/.984") and is fluted.
- model SR21 DJV Match; this is a turn-bolt design, single-shot target rifle. Features a heavy profile (18mm/.709" diameter), 600mm (23 5/8") barrel that is not equipped with sights and a walnut "target" style stock with a vertical pistol grip and cooling vents in the forend.
- model SR21 Wild Boar: similar to the standard model SR21 but equipped with a 500mm (standard calibre's) or 580mm (large/magnum calibre's) barrel; front and rear sights feature a luminescent, fibre optic inserts; "hogs back" style stock.
- model SR21 Classic: similar to the standard model SR21 but equipped with a straight comb stock and a steel pistol grip cap.
- model SR21 Concord: similar to the model SR21 Wild Boar but equipped with a fluted barrel, gold plated trigger and steel grey finished receiver/frame with border engraving.
- model SR21 Stainless: similar to the model SR21 Concord but metal is stainless steel.
- model SR21 First Class: this is the "DeLuxe" version of the model SR21 line. Features include a gold plated trigger; receiver/frame, floor plate and all small parts are silver nitrated and heavily engraved; high grade walnut stock with horn forend tip and pistol grip cap.

Notes

Make - the maker's designation is marked on the left side of the receiver/frame as "HEYM" in an oval, overlaid on a bullseye pattern.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Model

- Heym has offered the model SR21 in several distinct variations. The model SR21 is available chambered for standard (noted in Heym literature with a model suffix "N") or magnum (noted in Heym literature with a model suffix "G") ammunition. Some calibre options within the SR21 model line are offered in single-shot rifle configuration only.
- most variations are simply marked "Heym SR21 Germany" on the receiver/frame.
- Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model SR21 include:
- standard model SR21, features include: barrel mounted blade rear sight with an adjustable post front sight; bolt head has three locking lugs; three-position safety mounted on the right side of the bolt shroud; single set-trigger; walnut, Monte Carlo style one-piece stock with rosewood forend tip and grip cap, hand cut checkering on the forend and pistol grip, and a rubber recoil pad. When chambered for a "standard" calibre the barrel length is 580mm (22.8"), when chambered in a large/magnum calibre the barrel length is 610mm (24").
- model SR21 Wild Boar: similar to the standard model SR21 but equipped with a 500mm (standard calibre's) or 580mm (large/magnum calibre's) barrel; front and rear sights feature a luminescent, fibre optic inserts; "hogs back" style stock.
- model SR21 Sport: this is a turn-bolt design, available as a single-shot or repeating target rifle. Features a heavy profile (20mm/.788" diameter), non-fluted 600mm (23 5/8") barrel that is not equipped with sights and a Ro-Co-Match, laminated "target" style stock with a light or black finish and a patented recoil absorber, a vertical pistol grip, adjustable cheekpiece and a UIT rail inlet into the underside of the forend.
- for other model variations see REMARKS.

Manufacturer

- the manufacturer's designation is marked on the receiver/frame.
- the Heym logo consists of the word "HEYM" in an oval, overlaid on a bullseye pattern.

Action

- turn-bolt design.

Serial Number

- samples have been noted with the serial number marked on the left side of the barrel.

Calibre

- the calibre designation is marked on the barrel.

Shots

- detachable box magazine.

Remarks

- other model SR21 variations include:
- model SR21 Special: same specifications as the model SR21 Sport but the barrel is heavier (25mm/.984") and is fluted.
- model SR21 DJV Match; this is a turn-bolt design, single-shot target rifle. Features a heavy profile (18mm/.709" diameter), 600mm (23 5/8") barrel that is not equipped with sights and a walnut "target" style stock with a vertical pistol grip and cooling vents in the forend.
- model SR21 Stutzen (carbine); available in standard calibre's only, with a 520mm barrel; equipped with a full-length, one-piece "Mannlicher" style stock that has a rosewood pistol grip cap and a metal forend cap.
- model SR21 Classic: similar to the standard model SR21 but equipped with a straight comb stock and a steel pistol grip cap.
- model SR21 Concord: similar to the model SR21 Wild Boar but equipped with a fluted barrel, gold plated trigger and steel grey finished receiver/frame with border engraving.
- model SR21 Stainless: similar to the model SR21 Concord but metal is stainless steel.
- model SR21 First Class: this is the "DeLuxe" version of the model SR21 line. Features include a gold plated trigger; receiver/frame, floor plate and all small parts are silver nitrated and heavily engraved; high grade walnut stock with horn forend tip and pistol grip cap.

Notes

Make

- Heym markings are usually found on the receiver/frame.

Model

- the SR30 series of rifles uses a "straight-pull bolt" action design.
- Heym has offered the model SR30 in several distinct variations. All variations of the model SR30 series are available as a "turn-bolt" operated rifle designated as the model "SR21". The model SR30 is available chambered for standard (noted in Heym literature with a model suffix "N") or magnum (noted in Heym literature with a model suffix "G") ammunition. Some calibre options within the SR30 model line are offered in single-shot rifle configuration only.
- most variations are simply marked "Heym SR30 Germany" on the receiver/frame.
- Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model SR30 include;
- standard model SR30, features include: barrel mounted blade rear sight with an adjustable post front sight; bolt head has six ball bearings that seat in the receiver/frame; single set-trigger; walnut, one-piece stock with a curved comb and Bavarian cheek piece, rosewood forend tip and grip cap, hand cut checkering on the forend and pistol grip, and a rubber recoil pad. When chambered for a "standard" calibre the barrel length is 580mm (22.8"), when chambered in a large/magnum calibre the barrel length is 610mm (24").
- model SR30 DJV Match; this is a single-shot target rifle. Features a heavy profile (18mm/.709" diameter), 600mm (23 5/8") barrel that is not equipped with sights and a walnut "target" style stock with a vertical pistol grip and cooling vents in the forend.
- see REMARKS for other model SR30 variants.

Action

- straight-pull bolt design.

Serial Number

- samples have been noted with the serial number marked on the left side of the barrel.

Calibre

- the calibre designation is marked on the barrel.

Shots

- detachable box magazine.

Remarks

- other model SR30 variants include;
- model SR30 Sport: available as a single-shot or repeating target rifle. Features a heavy profile (20mm/.788" diameter), non-fluted 600mm (23 5/8") barrel that is not equipped with sights and a Ro-Co-Match, laminated "target" style stock with a light or black finish and a patented recoil absorber, a vertical pistol grip, adjustable cheek piece and a UIT rail inlet into the underside of the forend.
- model SR30 Special: same specifications as the model SR30 Sport but the barrel is heavier (25mm/.984") and is fluted.
- model SR30 Wild Boar: similar to the standard model SR30 but equipped with a 500mm (standard calibre's) or 580mm (large/magnum calibre's) barrel; front and rear sights feature a luminescent, fibre optic inserts; "hogs back" style stock.
- model SR30 Stutzen (carbine); available in standard calibre's only, with a 520mm barrel; equipped with a full-length, one-piece "Mannlicher" style stock that has a rosewood pistol grip cap and a metal forend cap.
- model SR30 Classic: similar to the standard model SR30 but equipped with a straight comb stock and a steel pistol grip cap.
- model SR30 Concord: similar to the model SR30 Wild Boar but equipped with a fluted barrel, gold plated trigger and steel grey finished receiver/frame with border engraving.
- model SR30 Stainless: similar to the model SR30 Concord but metal is stainless steel.
- model SR30 First Class: this is the "DeLuxe" version of the model SR30 line. Features include a gold plated trigger; receiver/frame, floor plate and all small parts are silver nitrated and heavily engraved; high grade walnut stock with horn forend tip and pistol grip cap.

Notes

Make - the maker's designation is usually marked on the left side of the receiver/frame as "HEYM" in an oval, overlaid on a bullseye pattern.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Model

- the SR30 series of rifles uses a "straight-pull bolt" action design.
- Heym has offered the model SR30 in several distinct variations. All variations of the model SR30 series are available as a "turn-bolt" operated rifle designated as the model "SR21". The model SR30 is available chambered for standard (noted in Heym literature with a model suffix "N") or magnum (noted in Heym literature with a model suffix "G") ammunition. Some calibre options within the SR30 model line are offered in single-shot rifle configuration only.
- most variations are simply marked "Heym SR30 Germany" on the receiver/frame.
- Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model SR30 include;
- standard model SR30, features include: barrel mounted blade rear sight with an adjustable post front sight; bolt head has six ball bearings that seat in the receiver/frame; single set-trigger; walnut, one-piece stock with a curved comb and Bavarian cheekpiece, rosewood forend tip and grip cap, hand cut checkering on the forend and pistol grip, and a rubber recoil pad. When chambered for a "standard" calibre the barrel length is 580mm (22.8"), when chambered in a large/magnum calibre the barrel length is 610mm (24").
- model SR30 Classic: similar to the standard model SR30 but equipped with a straight comb stock and a steel pistol grip cap.
- see REMARKS for other model SR30 variants.

Manufacturer

- the manufacturer's designation is usually marked on the receiver/frame.

Action

- the SR30 is a Mauser type straight-pull bolt action sporting rifle. The lockup of the bolt is accomplished by the use of spheres (Columbus' Egg) in place of locking lugs.

Serial Number

- samples have been noted with the serial number marked on the left side of the barrel.

Calibre

- the calibre designation is marked on the barrel.

Shots

- detachable box magazine.

Remarks

- other model SR30 variants include;
- model SR30 DJV Match; this is a single-shot target rifle. Features a heavy profile (18mm/.709" diameter), 600mm (23 5/8") barrel that is not equipped with sights and a walnut "target" style stock with a vertical pistol grip and cooling vents in the forend.
- model SR30 Sport: available as a single-shot or repeating target rifle. Features a heavy profile (20mm/.788" diameter), non-fluted 600mm (23 5/8") barrel that is not equipped with sights and a Ro-Co-Match, laminated "target" style stock with a light or black finish and a patented recoil absorber, a vertical pistol grip, adjustable cheekpiece and a UIT rail inlet into the underside of the forend.
- model SR30 Special: same specifications as the model SR30 Sport but the barrel is heavier (25mm/.984") and is fluted.
- model SR30 Wild Boar: similar to the standard model SR30 but equipped with a 500mm (standard calibre's) or 580mm (large/magnum calibre's) barrel; front and rear sights feature a luminescent, fibre optic inserts; "hogs back" style stock.
- model SR30 Stutzen (carbine); available in standard calibre's only, with a 520mm barrel; equipped with a full-length, one-piece "Mannlicher" style stock that has a rosewood pistol grip cap and a metal forend cap.
- model SR30 Concord: similar to the model SR30 Wild Boar but equipped with a fluted barrel, gold plated trigger and steel grey finished receiver/frame with border engraving.
- model SR30 Stainless: similar to the model SR30 Concord but metal is stainless steel.
- model SR30 First Class: this is the "DeLuxe" version of the model SR30 line. Features include a gold plated trigger; receiver/frame, floor plate and all small parts are silver nitrated and heavily engraved; high grade walnut stock with horn forend tip and pistol grip cap.

- other model SR30 variants include:
- model SR30 Sport: available as a single-shot or repeating target rifle. Features a heavy profile (20mm/.788" diameter), non-fluted 600mm (23 5/8") barrel that is not equipped with sights and a Ro-Co-Match, laminated "target" style stock with a light or black finish and a patented recoil absorber, a vertical pistol grip, adjustable cheekpiece and a UIT rail inlet into the underside of the forend.
- model SR30 Special: same specifications as the model SR30 Sport but the barrel is heavier (25mm/.984") and is fluted.
- model SR30 Wild Boar: similar to the standard model SR30 but equipped with a 500mm (standard calibre's) or 580mm (large/magnum calibre's) barrel; front and rear sights feature a luminescent, fibre optic inserts; "hogs back" style stock.
- model SR30 Stutzen (carbine); available in standard calibre's only, with a 520mm barrel; equipped with a full-length, one-piece "Mannlicher" style stock that has a rosewood pistol grip cap and a metal forend cap.
- model SR30 Classic: similar to the standard model SR30 but equipped with a straight comb stock and a steel pistol grip cap.
- model SR30 Concord: similar to the model SR30 Wild Boar but equipped with a fluted barrel, gold plated trigger and steel grey finished receiver/frame with border engraving.
- model SR30 Stainless: similar to the model SR30 Concord but metal is stainless steel.
- model SR30 First Class: this is the "DeLuxe" version of the model SR30 line. Features include a gold plated trigger; receiver/frame, floor plate and all small parts are silver nitrated and heavily engraved; high grade walnut stock with horn forend tip and pistol grip cap.

Notes

Make - Heym markings usually are found on the receiver/frame.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Model

- the SR30 series of rifles uses a "straight-pull bolt" action design.
- Heym has offered the model SR30 in several distinct variations. All variations of the model SR30 series are available as a "turn-bolt" operated rifle designated as the model "SR21". The model SR30 is available chambered for standard (noted in Heym literature with a model suffix "N") or magnum (noted in Heym literature with a model suffix "G") ammunition. Some calibre options within the SR30 model line are offered in single-shot rifle configuration only.
- most variations are simply marked "Heym SR30 Germany" on the receiver/frame.
- Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model SR30 include:
- standard model SR30, features include: barrel mounted blade rear sight with an adjustable post front sight; bolt head has six ball bearings that seat in the receiver/frame; single set-trigger; walnut, one-piece stock with a curved comb and Bavarian cheekpiece, rosewood forend tip and grip cap, hand cut checkering on the forend and pistol grip, and a rubber recoil pad. When chambered for a "standard" calibre the barrel length is 580mm (22.8"), when chambered in a large/magnum calibre the barrel length is 610mm (24").
- model SR30 First Class: this is the "DeLuxe" version of the model SR30 line. Features include a gold plated trigger; receiver/frame, floor plate and all small parts are silver nitrated and heavily engraved; high grade walnut stock with horn forend tip and pistol grip cap.
- see REMARKS for other model SR30 variants.

Action

- the SR30 is a Mauser type straight-pull bolt action sporting rifle. The lockup of the bolt is accomplished by the use of spheres (Columbus' Egg) in place of locking lugs.

Serial Number

- samples have been noted with the serial number marked on the left side of the barrel.

Calibre

- the calibre designation is marked on the barrel.

Shots

- detachable box magazine.

Remarks

- other model SR30 variants include:
- model SR30 DJV Match; this is a single-shot target rifle. Features a heavy profile (18mm/.709" diameter), 600mm (23 5/8") barrel that is not equipped with sights and a walnut "target" style stock with a vertical pistol grip and cooling vents in the forend.
- model SR30 Sport: available as a single-shot or repeating target rifle. Features a heavy profile (20mm/.788" diameter), non-fluted 600mm (23 5/8") barrel that is not equipped with sights and a Ro-Co-Match, laminated "target" style stock with a light or black finish and a patented recoil absorber, a vertical pistol grip, adjustable cheekpiece and a UIT rail inlet into the underside of the forend.
- model SR30 Special: same specifications as the model SR30 Sport but the barrel is heavier (25mm/.984") and is fluted.
- model SR30 Wild Boar: similar to the standard model SR30 but equipped with a 500mm (standard calibre's) or 580mm (large/magnum calibre's) barrel; front and rear sights feature a luminescent, fibre optic inserts; "hogs back" style stock.
- model SR30 Stutzen (carbine); available in standard calibre's only, with a 520mm barrel; equipped with a full-length, one-piece "Mannlicher" style stock that has a rosewood pistol grip cap and a metal forend cap.
- model SR30 Classic: similar to the standard model SR30 but equipped with a straight comb stock and a steel pistol grip cap.
- model SR30 Concord: similar to the model SR30 Wild Boar but equipped with a fluted barrel, gold plated trigger and steel grey finished receiver/frame with border engraving.
- model SR30 Stainless: similar to the model SR30 Concord but metal is stainless steel.

Notes

Make - Heym markings are usually found on the receiver/frame.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Model

- the SR30 series of rifles uses a "straight-pull bolt" action design.
- Heym has offered the model SR30 in several distinct variations. All variations of the model SR30 series are available as a "turn-bolt" operated rifle designated as the model "SR21". The model SR30 is available chambered for standard (noted in Heym literature with a model suffix "N") or magnum (noted in Heym literature with a model suffix "G") ammunition. Some calibre options within the SR30 model line are offered in single-shot rifle configuration only.
- most variations are simply marked "Heym SR30 Germany" on the receiver/frame.
- Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model SR30 include:
- standard model SR30, features include: barrel mounted blade rear sight with an adjustable post front sight; bolt head has six ball bearings that seat in the receiver/frame; single set-trigger; walnut, one-piece stock with a curved comb and Bavarian cheekpiece, rosewood forend tip and grip cap, hand cut checkering on the forend and pistol grip, and a rubber recoil pad. When chambered for a "standard" calibre the barrel length is 580mm (22.8"), when chambered in a large/magnum calibre the barrel length is 610mm (24").
- model SR30 Sport: available as a single-shot or repeating target rifle. Features a heavy profile (20mm/.788" diameter), non-fluted 600mm (23 5/8") barrel that is not equipped with sights and a Ro-Co-Match, laminated "target" style stock with a light or black finish and a patented recoil absorber, a vertical pistol grip, adjustable cheekpiece and a UIT rail inlet into the underside of the forend.
- model SR30 Special: same specifications as the model SR30 Sport but the barrel is heavier (25mm/.984") and is fluted.
- see REMARKS for other model SR30 variants.

Action

- the SR30 is a Mauser type straight-pull bolt action sporting rifle. The lockup of the bolt is accomplished by the use of spheres (Columbus' Egg) in place of locking lugs.

Serial Number

- samples have been noted with the serial number marked on the left side of the barrel.

Remarks

- other model SR30 variants include:
- model SR30 DJV Match; this is a single-shot target rifle. Features a heavy profile (18mm/.709" diameter), 600mm (23 5/8") barrel that is not equipped with sights and a walnut "target" style stock with a vertical pistol grip and cooling vents in the forend.
- model SR30 Wild Boar: similar to the standard model SR30 but equipped with a 500mm (standard calibre's) or 580mm (large/magnum calibre's) barrel; front and rear sights feature a luminescent, fibre optic inserts; "hogs back" style stock.
- model SR30 Stutzen (carbine); available in standard calibre's only, with a 520mm barrel; equipped with a full-length, one-piece "Mannlicher" style stock that has a rosewood pistol grip cap and a metal forend cap.
- model SR30 Classic: similar to the standard model SR30 but equipped with a straight comb stock and a steel pistol grip cap.
- model SR30 Concord: similar to the model SR30 Wild Boar but equipped with a fluted barrel, gold plated trigger and steel grey finished receiver/frame with border engraving.
- model SR30 Stainless: similar to the model SR30 Concord but metal is stainless steel.
- model SR30 First Class: this is the "DeLuxe" version of the model SR30 line. Features include a gold plated trigger; receiver/frame, floor plate and all small parts are silver nitrated and heavily engraved; high grade walnut stock with horn forend tip and pistol grip cap.

Notes

Make

- Heym markings usually are found on the receiver/frame.

Model

- the SR30 series of rifles uses a "straight-pull bolt" action design.
- Heym has offered the model SR30 in several distinct variations. All variations of the model SR30 series are available as a "turn-bolt" operated rifle designated as the model "SR21". The model SR30 is available chambered for standard (noted in Heym literature with a model suffix "N") or magnum (noted in Heym literature with a model suffix "G") ammunition. Some calibre options within the SR30 model line are offered in single-shot rifle configuration only.
- most variations are simply marked "Heym SR30 Germany" on the receiver/frame.
- Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model SR30 include:
- standard model SR30, features include: barrel mounted blade rear sight with an adjustable post front sight; bolt head has six ball bearings that seat in the receiver/frame; single set-trigger; walnut, one-piece stock with a curved comb and Bavarian cheekpiece, rosewood forend tip and grip cap, hand cut checkering on the forend and pistol grip, and a rubber recoil pad. When chambered for a "standard" calibre the barrel length is 580mm (22.8"), when chambered in a large/magnum calibre the barrel length is 610mm (24").
- model SR30 Wild Boar: similar to the standard model SR30 but equipped with a 500mm (standard calibre's) or 580mm (large/magnum calibre's) barrel; front and rear sights feature a luminescent, fibre optic inserts; "hogs back" style stock.
- model SR30 Concord: similar to the model SR30 Wild Boar but equipped with a fluted barrel, gold plated trigger and steel grey finished receiver/frame with border engraving.
- model SR30 Stainless: similar to the model SR30 Concord but metal is stainless steel.
- see REMARKS for other model SR30 variants.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Action	- the SR30 is a Mauser type straight-pull bolt action sporting rifle. The lockup of the bolt is accomplished by the use of spheres (Columbus' Egg) in place of locking lugs.
Serial Number	- samples have been noted with the serial number marked on the left side of the barrel.
Calibre	- the calibre designation is marked on the barrel.
Shots	- detachable box magazine.
Remarks	- other model SR30 variants include: - model SR30 Classic: similar to the standard model SR30 but equipped with a straight comb stock and a steel pistol grip cap. - model SR30 Stutzen (carbine); available in standard calibre's only, with a 520mm barrel; equipped with a full-length, one-piece "Mannlicher" style stock that has a rosewood pistol grip cap and a metal forend cap. - model SR30 DJV Match; this is a single-shot target rifle. Features a heavy profile (18mm/.709" diameter), 600mm (23 5/8") barrel that is not equipped with sights and a walnut "target" style stock with a vertical pistol grip and cooling vents in the forend. - model SR30 Sport: available as a single-shot or repeating target rifle. Features a heavy profile (20mm/.788" diameter), non-fluted 600mm (23 5/8") barrel that is not equipped with sights and a Ro-Co-Match, laminated "target" style stock with a light or black finish and a patented recoil absorber, a vertical pistol grip, adjustable cheekpiece and a UIT rail inlet into the underside of the forend. - model SR30 Special: same specifications as the model SR30 Sport but the barrel is heavier (25mm/.984") and is fluted. - model SR30 First Class: this is the "DeLuxe" version of the model SR30 line. Features include a gold plated trigger; receiver/frame, floor plate and all small parts are silver nitrated and heavily engraved; high grade walnut stock with horn forend tip and pistol grip cap.

Notes

Make

- Heym markings are usually found on the side of the receiver/frame.

Model

- the SR30 series of rifles uses a "straight-pull bolt" action design.
- Heym has offered the model SR30 in several distinct variations. All variations of the model SR30 series are available as a "turn-bolt" operated rifle designated as the model "SR21". The model SR30 is available chambered for standard (noted in Heym literature with a model suffix "N") or magnum (noted in Heym literature with a model suffix "G") ammunition. Some calibre options within the SR30 model line are offered in single-shot rifle configuration only.
- most variations are simply marked "Heym SR30 Germany" on the receiver/frame.
- Heym offers a variety of upgrades on all its models through their "Heym Exclusive Center", as such the coverage and style of engraving will vary on individual examples. Different stock configurations/quality of wood will also be encountered. Variations of the model SR30 include:
- standard model SR30, features include: barrel mounted blade rear sight with an adjustable post front sight; bolt head has six ball bearings that seat in the receiver/frame; single set-trigger; walnut, one-piece stock with a curved comb and Bavarian cheekpiece, rosewood forend tip and grip cap, hand cut checkering on the forend and pistol grip, and a rubber recoil pad. When chambered for a "standard" calibre the barrel length is 580mm (22.8"), when chambered in a large/magnum calibre the barrel length is 610mm (24").
- model SR30 Stutzen (carbine); available in standard calibre's only, with a 520mm barrel; equipped with a full-length, one-piece "Mannlicher" style stock that has a rosewood pistol grip cap and a metal forend cap.
- see REMARKS for other model SR30 variants.

Action

- the SR30 is a Mauser type straight-pull bolt action sporting rifle. The lockup of the bolt is accomplished by the use of spheres (Columbus' Egg) in place of locking lugs.

Serial Number

- samples have been noted with the serial number marked on the left side of the barrel.

Calibre

- the calibre designation is marked on the barrel.

Shots

- detachable box magazine.

Remarks

- other model SR30 variants include:
- model SR30 Classic: similar to the standard model SR30 but equipped with a straight comb stock and a steel pistol grip cap.
- model SR30 DJV Match; this is a single-shot target rifle. Features a heavy profile (18mm/.709" diameter), 600mm (23 5/8") barrel that is not equipped with sights and a walnut "target" style stock with a vertical pistol grip and cooling vents in the forend.
- model SR30 Sport: available as a single-shot or repeating target rifle. Features a heavy profile (20mm/.788" diameter), non-fluted 600mm (23 5/8") barrel that is not equipped with sights and a Ro-Co-Match, laminated "target" style stock with a light or black finish and a patented recoil absorber, a vertical pistol grip, adjustable cheekpiece and a UIT rail inlet into the underside of the forend.
- model SR30 Special: same specifications as the model SR30 Sport but the barrel is heavier (25mm/.984") and is fluted.
- model SR30 Wild Boar: similar to the standard model SR30 but equipped with a 500mm (standard calibre's) or 580mm (large/magnum calibre's) barrel; front and rear sights feature a luminescent, fibre optic inserts; "hogs back" style stock.
- model SR30 Concord: similar to the model SR30 Wild Boar but equipped with a fluted barrel, gold plated trigger and steel grey finished receiver/frame with border engraving.
- model SR30 Stainless: similar to the model SR30 Concord but metal is stainless steel.
- model SR30 First Class: this is the "DeLuxe" version of the model SR30 line. Features include a gold plated trigger; receiver/frame, floor plate and all small parts are silver nitrated and heavily engraved; high grade walnut stock with horn forend tip and pistol grip cap.

Notes

Make

- "HI-POINT FIREARMS" over a triangle logo is marked on the left side of the slide.
- "HI-POINT FIREARMS" is a trade name/trademark marketed by MKS Supply Inc. of Dayton Ohio.
- "HI-POINT FIREARMS" have been manufactured since 1988.
- "HI-POINT FIREARMS" and the separate manufacturer's names were marked on the firearm prior to 1993. These manufacturers included Beemiller, Haskell Manufacturing, Inc., Iberia Firearms Inc., and Stallard Arms Inc.
- the "HI-POINT FIREARMS" tradename was only marked on the firearm after 1993.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Model	- "MODEL 995" is marked on the side of the firearm. - introduced in 1996. - features include: "clam-shell" style stock made of molded polymer (bolted together with hex-screws); stamped sheet steel receiver/frame; shrouded steel breech-block with cocking handle protruding from right side; stamped sheet-steel ventilated shroud protecting the steel barrel; adjustable rear peep sight is protected by a pair of "ears", and an elevation adjustable front post sight protected by a ring-hood; sling attaches to the right side, with swivels behind the muzzle and on the heel of the stock; black/parkerized or chromed metal finish; black or camouflage pistol grip stock.
Manufacturer	- "by BEEMILLER INC." over "Mansfield OH" is marked on the side of the receiver/frame of an observed example.
Action	- blowback operated.
Serial Number	- the serial number on samples examined were marked on the receiver/frame on a raised boss that protruded through the underside of the stock. - observed sample serial numbers consisted of a letter prefix followed by five numbers.
Calibre	- calibre is marked on the side of the firearm, eg. "CAL. 9mm X 19".
Shots	- uses a detachable box magazine housed in the grip. - the cartridge magazine utilized by this firearm is specifically designed as a rifle magazine.
Canadian Law Comments	- this unique design firearm incorporates a clam-shell design synthetic stock. The Hi-Point Model 995 is not a "bull-pup" design firearm nor does the firearm include a "bull-pup" stock.

25697 - 1	40 S&W	8	121	Restricted CC 84(1) "restricted firearm" para. (a)	Manufacturer Specifications and Commercial Customization	

Notes

Make

- "HI-POINT FIREARMS" over a triangle logo is marked on the left side of the slide.
- "HI-POINT FIREARMS" is a trade name/trademark marketed by MKS Supply Inc. of Dayton Ohio.
- "HI-POINT FIREARMS" have been manufactured since 1988.
- "HI-POINT FIREARMS" and the separate manufacturer's names were marked on the firearm prior to 1993. These manufacturers included Beemiller, Haskell Manufacturing, Inc., Iberia Firearms Inc., and Stallard Arms Inc.
- the "HI-POINT FIREARMS" tradename was only marked on the firearm after 1993.

Model

- introduced in 1992.
- features include: black finish, fixed sights, safety on the left hand side above the grip, and squared trigger guard.
- this model is currently (2000) marketed as the model "JC", and is equipped with adjustable sights.

Action

- direct blowback operated.

Serial Number

- located on the receiver/frame in front of trigger guard.

Shots

- detachable box magazine.

4761 - 3	22 SHORT	22	762	Non-Restricted CC 2 "firearm"	Manufacturer Specifications and Commercial Customization	

Notes

Model

- 1938-1965 approx

Remarks

- Operates as a semi-automatic with 22 LR or high speed cartridges only. Pressing the cross bolt to the left locks the action, adapts the rifle for use as a bolt action or single shot. Has a tube type magazine mounted under the barrel and a thumb safety at the rear of the receiver. Walnut finished one piece pistol grip stock with rubber butt plate (early model had a black tip fore-end). Sporting front sight (early model had gold bead front sight) and an open rear sight with step elevator. Receiver grooved for scope mounting. Same as Stevens 87N with possible internal and/or external mods. Made for Gamble Skogkmo under the house brand Hiawatha.

Notes

Make	- 'Hiawatha' was the trade name for Macleod's Limited (Winnipeg) house brand firearms in the 1950's.
Model	- 'Hiawatha' and calibre designation are marked on the barrel. - features on samples examined included: blued finish on metal; wood stock with checkering on the wrist and forend; plastic trigger guard; safety is applied by rotating the cocking piece so an exposed pin engages a cut-out in the receiver/frame; barrel mounted semi-buckhorn rear sight with a brass bead/blade front sight.
Manufacturer	- manufacturer's name usually does not appear on the firearm.
Action	- turn-bolt design.
Serial Number	- samples examined did not have a serial number.
Calibre	- the calibre designation is usually marked on the barrel. Some examples in calibre 22 LR were marked ".22 CAL" over "S-L-LR".
Shots	- tubular magazine mounted under the barrel.

FRT Report

Firearm Reference Number (FRN): 44783
Make: Higgins, J C
Model: 100

Summary

Make:	Higgins, J C
Model:	100
Manufacturer:	Aguirre y Aranzabal (AYA)
Level:	Manufacturer Specifications and Commercial Customization
Type:	Shotgun
Action:	Multi-Barrel
Country of Manufacturer:	SPAIN
Serial Numbering:	See Note
Legal Classification:	Non-Restricted

Calibre, Shots and Barrel Length

FRN	Calibre	Shots	Barrel (mm)	Legal Classification Legal Authority	Level	Barrel Type Code
44783 - 1	12 GA X 2 3/4"	2	711	Non-Restricted CC 2 "firearm"	Manufacturer Specifications and Commercial Customization	
44783 - 2	20 GA X 2 3/4"	2	711	Non-Restricted CC 2 "firearm"	Non-Commercial Customization	

Notes

Make

- "J.C. Higgins" and/or "J.C. Higgins" and "Sears, Roebuck and Co." and/or "J.C. Higgins" and "Sears, Roebuck & Co." and/or "J.C. Higgins" and "Sears, Roebuck & Company" is marked on the firearm.
- "J.C. Higgins" was a trade name used by "Sears, Roebuck and Co." from 1946 to 1962.
- "Sears, Roebuck & Co." has contracted various manufactures to produce firearms. The following is a list of some of the known manufacturers: Aguirre y Aranzabal (AYA), Companhia Brasileira de Cartuchos (CBC), Crosman Air Guns, Fabrique Nationale Herstal (FN), Harrington & Richardson, High Standard, Hunter Arms, Husqvarna, Ithaca, Laurona, Manufacture d'Armes des Pyrenees, Marlin, Miroku, Mossberg, Remington, Sako, Savage, Stevens, Universal, Voere, Winchester, and Zoli.

Model

- "J.C. Higgins Model 100" is marked on the top of the left barrel.
- this firearm is very similar to the AYA "Matador" model SXS shotgun.

Manufacturer

- "Fabric Aguirre Y Aranzabal" was observed marked on the top of the right barrel.
- "AYA" was observed marked on the underside of the receiver/frame.
- "AYA" is the trademark of "Aguirre Y Aranzabal".

Action

- side by side barrel configuration, hinged barrel design.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Serial Number

- serial number is marked on the water table.
- "SEARS ROEBUCK & COMPANY" and "590.0" may be marked on the barrel.
- the number "590.0" is a Sears Roebuck & Company catalog number and not a serial number.
- in 1995, the Spanish government instituted a new system for firearm's serial numbering. This system incorporated the code number of the gunmaker/manufactuer, weapon code, serial number sequence, and year of manufacturer.
- an example of a serial number is as follows: "16 - 03 - #0# - 95".
- serial number break down, the first two numbers (16) are the code numbers for the manufacture, the next two numbers (03) are the code numbers for shotgun, the next Numbers are the serial number sequence and the last two numbers (95) are the year of manufacture.

Barrel

- the degree of choke is marked on the barrels.

Calibre

- gauge and chamber length is marked on the top of the rib.

Other Markings

- Guide for Sear, Roebuck & Company's firearms sold under the trade name/brand of Ranger, JC Higgins, Sears and Ted Williams.
- firearms sold under the "Ranger", "JC Higgins", "Sears" and Ted Williams brand names will usually have a manufacturer's code as a numbered prefix in the model designation or catalog number.
- the is a list that may help to identify the manufacturer for the previously mentioned MAKES: "101" = Fox / Springfield / Stevens / Savage and Marlin; "102" = Stevens / Savage; "103" = Marlin; "104" = Harrington & Richardson and Hunter Arms; "105" = Harrington & Richardson; "121" = Universal Firearms Co.; "153" = Laurona; "273" = Winchester; "278" = Cooey; "281" = A. Zoli; "282" = Boito / ERA / Compania Brasileira de Cartuchos (CBC) / FIE; "292" = Miroku; "340" = Ithaca"; "433" = Aguirre y Aranzabal (AyA); "446" = Mossberg; "583" = Harrington & Richardson and High Standard and SAKO; and "870" = Voere.

Notes

Make	- "J.C. Higgins" and/or "J.C. Higgins" and "Sears, Roebuck and Co." and/or "J.C. Higgins" and "Sears, Roebuck & Co." and/or "J.C. Higgins" and "Sears, Roebuck & Company" is marked on the firearm. - "J.C. Higgins" was a trade name used by "Sears, Roebuck and Co." from 1946 to 1962. - "Sears, Roebuck & Co." has contracted various manufactures to produce firearms. The following is a list of some of the known manufacturers: Aguirre y Aranzabal (AYA), Companhia Brasileira de Cartuchos (CBC), Crosman Air Guns, Fabrique Nationale Herstal (FN), Harrington & Richardson, High Standard, Hunter Arms, Husqvarna, Ithaca, Laurona, Manufacture d'Armes des Pyrenees, Marlin, Miroku, Mossberg, Remington, Sako, Savage, Stevens, Universal, Voere, Winchester, and Zoli.
Model	- "Model 20" is marked on the barrel. - the make, model designation, calibre and distributors name and catalog number are marked on the left side of the barrel, eg. "J.C. HIGGINS MODEL 20 - 12 GA." and "SEARS, ROEBUCK AND CO. 538.59" - this shotgun is essentially a High Standard model 200, manufactured from about 1960 to 1966 on contract for Sears, Roebuck and Co., under the Sears tradename "JC Higgins". (barrels and internal parts are generally interchangeable with the High Standard Model 200). - features include: forged steel receiver/frame with anodized aluminum alloy trigger housing and trigger guard; cross bolt safety on front of trigger guard; no trigger disconnector; single pump action bar; fixed under-barrel tube magazine; fixed plain or ventilated-rib barrel. - may be encountered with a factory installed compensator/adjustable choke. - usually found with a factory installed ventilated red rubber recoil pad with black line spacer.
Action	- manually operated, slide action.
Serial Number	- this model may not have a serial number on the receiver/frame. - SERIAL NUMBER NOTE: these firearms are marked on the left side of the barrel with a Sears, Roebuck and Co catalog/model number which is often mistaken for a serial number; one of the following numbers may be marked on the left side of the barrel of this firearm and should not be mistaken for the serial number: 583.53, 583.54, 583.55, 583.56, 583.57, 583.58, 583.59, 583.60, 583.200, 583.2003, 583.2005, 583.2006, 583.2050, 583.2051, 583.2001.
Barrel	- barrel length does not include "Pow Pac" adjustable choke.
Calibre	- marked on the left side of the barrel, outside the chamber in two lines, example: J.C. HIGGINS MODEL 20 - 12 GA. - marked on the right side of the barrel, outside the chamber in two lines" PROOF TESTED 12 GA.-FULL / 2 3/4" CHAMBER"
Shots	- fixed under-barrel tube magazine.

62382 - 1	22 LR	15	610	Non-Restricted CC 2 "firearm"	Manufacturer Specifications and Commercial Customization	

Notes

Make

- "J.C. Higgins" and/or "J.C. Higgins" and "Sears, Roebuck and Co." and/or "J.C. Higgins" and "Sears, Roebuck & Co." and/or "J.C. Higgins" and "Sears, Roebuck & Company" is marked on the firearm.
- "J.C. Higgins" was a trade name used by "Sears, Roebuck and Co." from 1946 to 1962.
- "Sears, Roebuck & Co." has contracted various manufactures to produce firearms. The following is a list of some of the known manufacturers: Aguirre y Aranzabal (AYA), Companhia Brasileira de Cartuchos (CBC), Crosman Air Guns, Fabrique Nationale Herstal (FN), Harrington & Richardson, High Standard, Hunter Arms, Husqvarna, Ithaca, Laurona, Manufacture d'Armes des Pyrenees, Marlin, Miroku, Mossberg, Remington, Sako, Savage, Stevens, Universal, Voere, Winchester, and Zoli.

Model

- "J.C. Higgins Model 28" marked on left side of barrel.
- blow back, semi-automatic, under-barrel tubular magazine.
- bolt operating handle located on left side of receiver, right side ejection, cross bolt safety.
- two piece hardwood stock.

Serial Number

- not usually serial numbered.
- SERIAL NUMBER NOTE: these firearms are marked on the left side of the barrel with a Sears, Roebuck and Co catalog/model number which is often mistaken for the serial number; one of the following numbers may be marked on the left side of the barrel of this firearm and should not be mistaken for a serial number: 583.70, 583.71, 583.72, 583.73, 583.74.

Calibre

- "Chambered for 22LR Only" marked on right side of barrel.

Action:	Semi-Automatic
Country of Manufacturer:	UNITED STATES OF AMERICA
Serial Numbering:	See Note
Legal Classification:	Non-Restricted

Calibre, Shots and Barrel Length

FRN	Calibre	Shots	Barrel (mm)	Legal Classification Legal Authority	Level	Barrel Type Code
60536 - 1	22 LR	17	591	Non-Restricted CC 2 "firearm"	Manufacturer Specifications and Commercial Customization	
60536 - 2	22 LR	17	610	Non-Restricted CC 2 "firearm"	Manufacturer Specifications and Commercial Customization	

Notes

Make

- "J.C. Higgins" and/or "J.C. Higgins" and "Sears, Roebuck and Co." and/or "J.C. Higgins" and "Sears, Roebuck & Co." and/or "J.C. Higgins" and "Sears, Roebuck & Company" is marked on the firearm.
- "J.C. Higgins" was a trade name used by "Sears, Roebuck and Co." from 1946 to 1962.
- "Sears, Roebuck & Co." has contracted various manufactures to produce firearms. The following is a list of some of the known manufacturers: Aguirre y Aranzabal (AYA), Companhia Brasileira de Cartuchos (CBC), Crosman Air Guns, Fabrique Nationale Herstal (FN), Harrington & Richardson, High Standard, Hunter Arms, Husqvarna, Ithaca, Laurona, Manufacture d'Armes des Pyrenees, Marlin, Miroku, Mossberg, Remington, Sako, Savage, Stevens, Universal, Voere, Winchester, and Zoli.

Model

- left side of barrel marked, "J.C. Higgins Model 29 Pat. No 2552429".
- the model designation is marked on the left side of the barrel.
- features include: adjustable rear sight, ramped front sight, grooved receiver, tubular magazine, blued barrel and pistol grip stock.

Serial Number

- possible serial number confusion: Sears Roebuck & Company utilized a model numbering system which consisted of numbers only; these numbers are in addition to the manufacturers model number and will appear on the barrel of the firearm after the Sears Roebuck & Company name; eg., 583.78, 583.79, 583.85, 583.2900; these numbers should not be mistaken for serial numbers.
- "2552429" is a Patent number and is not a serial number.

Calibre

- the calibre is marked on the right side of the barrel.

Other Markings

- "Sears Roebuck & Co." is also marked on the left side of the barrel followed by any one of the following numbers; 583.78, 583.79, 583.85, 583.2900.

Calibre, Shots and Barrel Length

FRN	Calibre	Shots	Barrel (mm)	Legal Classification Legal Authority	Level	Barrel Type Code
68925 - 1	22 LR	17	559	Non-Restricted CC 2 "firearm"	Manufacturer Specifications and Commercial Customization	

Notes

Make

- "J.C. Higgins" and/or "J.C. Higgins" and "Sears, Roebuck and Co." and/or "J.C. Higgins" and "Sears, Roebuck & Co." and/or "J.C. Higgins" and "Sears, Roebuck & Company" is marked on the firearm.
- "J.C. Higgins" was a trade name used by "Sears, Roebuck and Co." from 1946 to 1962.
- "Sears, Roebuck & Co." has contracted various manufactures to produce firearms. The following is a list of some of the known manufacturers: Aguirre y Aranzabal (AYA), Companhia Brasileira de Cartuchos (CBC), Crosman Air Guns, Fabrique Nationale Herstal (FN), Harrington & Richardson, High Standard, Hunter Arms, Husqvarna, Ithaca, Laurona, Manufacture d'Armes des Pyrenees, Marlin, Miroku, Mossberg, Remington, Sako, Savage, Stevens, Universal, Voere, Winchester, and Zoli.

Model

- "MOD. 43" is marked on the barrel.
- the Sears, Roebuck and Co. catalog number "103.19810" is marked on the barrel.
- this is a Marlin model 81 sold by Sears, Roebuck & Company as the "J.C. Higgins model 48".
- features include: round tapered barrel; turn bolt action; tubular magazine; manual safety is located on the right side of the receiver/frame; chromed trigger; plastic trigger guard; one piece walnut finished pistol grip stock with plastic butt plate; fixed front bead sight and adjustable rear sight; blued finish.

Manufacturer

- the manufacturer's name is not marked on the firearm.
- "103." in the Sears, Roebuck & Co. catalog number of "103.19810" indicates the manufacturer's code for the "Marlin Firearms Company".

Action

- turn bolt operated.

Serial Number

- observed sample did not have a serial number.
- "103.19810" and "SEARS, ROEBUCK AND CO" may be marked on the barrel.
- the number "103.19810" is a Sears Roebuck & Company catalog number and not a serial number.

Calibre

- "22 CAL. S. L. & LR" is marked on the barrel.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Shots - tubular magazine mounted under the barrel .

Notes

Make

- "J.C. Higgins" and/or "J.C. Higgins" and "Sears, Roebuck and Co." and/or "J.C. Higgins" and "Sears, Roebuck & Co." and/or "J.C. Higgins" and "Sears, Roebuck & Company" is marked on the firearm.
- "J.C. Higgins" was a trade name used by "Sears, Roebuck and Co." from 1946 to 1962.
- "Sears, Roebuck & Co." has contracted various manufactures to produce firearms. The following is a list of some of the known manufacturers: Aguirre y Aranzabal (AYA), Companhia Brasileira de Cartuchos (CBC), Crosman Air Guns, Fabrique Nationale Herstal (FN), Harrington & Richardson, High Standard, Hunter Arms, Husqvarna, Ithaca, Laurona, Manufacture d'Armes des Pyrenees, Marlin, Miroku, Mossberg, Remington, Sako, Savage, Stevens, Universal, Voere, Winchester, and Zoli.

Model

- model designation is marked on the left side of the barrel.
- this model was available with a blued steel or nickel plated finish.
- features include: blued barrel; alloy receiver/frame; checkered, plastic grips.

Serial Number

- serial number is usually marked on the right side of the receiver/frame.
- observed serial numbers consisted of six or seven numbers without a letter prefix or suffix.
- the number "583.881" marked on the barrel is a Sears Roebuck & Company catalog number and not a serial number.

19747 - 4	22 LR	9	140	Restricted CC 84(1) "restricted firearm" para. (a)	Manufacturer Specifications and Commercial Customization	

Notes

Make

- "J.C. Higgins" and/or "J.C. Higgins" and "Sears, Roebuck and Co." and/or "J.C. Higgins" and "Sears, Roebuck & Co." and/or "J.C. Higgins" and "Sears, Roebuck & Company" is marked on the firearm.
- "J.C. Higgins" was a trade name used by "Sears, Roebuck and Co." from 1946 to 1962.
- "Sears, Roebuck & Co." has contracted various manufactures to produce firearms. The following is a list of some of the known manufacturers: Aguirre y Aranzabal (AYA), Companhia Brasileira de Cartuchos (CBC), Crosman Air Guns, Fabrique Nationale Herstal (FN), Harrington & Richardson, High Standard, Hunter Arms, Husqvarna, Ithaca, Laurona, Manufacture d'Armes des Pyrenees, Marlin, Miroku, Mossberg, Remington, Sako, Savage, Stevens, Universal, Voere, Winchester, and Zoli.

Model

- "MODEL 90" is marked on the side of the barrel.
- this model is essentially the High Standard "Double Nine", without the interchangeable cylinder.
- features include:
- single or double action.
- fixed sights.
- blued barrel, anodized receiver/frame.
- square butt, or bird's head butt.
- swing out cylinder "Western" style revolver.
- checkered plastic grips.

Serial Number

- serial number is usually marked on the right side of the receiver/frame.
- observed serial number consisted of seven numbers without a letter prefix or suffix, example "1202952".
- the number "583.994" marked on the barrel is a Sears Roebuck & Company catalog number and not a serial number.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Calibre - marked on the left side of the barrel.

117548 - 2	12 GA X 2 3/4"	4	457	Restricted CC 84(1) "restricted firearm" para. (b)	Manufacturer Specifications and Commercial Customization	

Notes

Make

- "THE HIGH STANDARD MFG. CORP. - HAMDEN, CONN. U.S.A." is usually marked on the right side of the upper carry handle/rear sight mount.

Model

- manufactured from 1967 to 1969.
- "MODEL TEN" over "SERIES A" over "POLICE SHOTGUN" is usually marked on the right side of the upper carry handle/flashlight mount.
- High Standard offered the "MODEL TEN POLICE SHOTGUN" in two "series", the "A" and "B". Both versions share the same basic features but differ in sighting options.
- "10 Series A" is a compact shotgun in "bull-pup" configuration designed for use by law enforcement agencies.
- features include: 4-piece "bull-pup" stock assembly (butt plate, receiver/frame cover, lower pistol grip/trigger/trigger guard and fixed upper carry handle/integral flashlight) that places the pistol grip and trigger ahead of the action; bolt can be retracted either by a bolt mounted cocking piece or a left side, stock mounted handle; cross-bolt safety mounted on the trigger guard; gas piston and recoil spring wrap around the magazine tube; trigger is connected to the trigger group via a trigger bar hidden by the receiver/frame cover.
- "10 Series B" features a rotating carry handle/rear sight, folding front sight and detachable, optional flashlight.

Manufacturer

- "THE HIGH STANDARD MFG. CORP. - HAMDEN, CONN. U.S.A." is usually marked on the right side of the upper carry handle/rear sight mount.

Action

- gas operated.

Serial Number

- serial number is usually marked on the right side of the receiver/frame, behind the ejection port.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Calibre	- the calibre designation is usually marked on the right side of the upper carry handle/flashlight housing and on the barrel (hidden by the upper carry handle/flashlight housing).
Shots	- tubular magazine mounted under the barrel.
Canadian Law Comments	- This firearm, as it left the factory, is fitted with a "bull-pup" stock ("Prohibited Device" PDR, Part 4, Sec. 2). When the "bull-pup" stock ("Prohibited Device" PDR, Part 4, Sec. 2) is removed the receiver/frame/barrel assembly may be correctly classified as "Non-Restricted" or "Restricted".

Notes

Make	- "HI-STANDARD" is marked on the left side of the barrel. - "HIGH STANDARD" is marked on the right side of the barrel.
Model	- "DOUBLE-NINE" is marked on the left side of the barrel, with "W-104" marked on the right side of the receiver/frame, forward of the trigger. - this is a nine-shot double-action revolver manufactured by High Standard beginning in 1959 to capitalize on the "western" theme that was popular in movies and television at the time. Production ended in 1984. - features include: blued or anodized finish in various colours; fixed open sights; a swing-out nine-shot fluted cylinder retained by a spring-loaded ejector-rod/cylinder pin; a single-action/double-action trigger mechanism with a spurred hammer; and synthetic "faux ivory" grips on a square-butt "plow handle" grip-frame.
Manufacturer	- "HIGH STANDARD" and "HI-STANDARD" is marked on the barrel, and High Standard's "eagle with outstretched wings" logo is on the grip logos.
Action	- double-action revolver.
Serial Number	- serial-numbered on the right side of the receiver/frame.

Notes

Make

- "HIGH STANDARD" is usually marked on the left side of the barrel.

Model

- this is a generic record for those Flite King shotguns which cannot be identified to a specific sub-model; other records exist which will more accurately describe the firearm.
- manufactured from 1960 to 1975.
- features include: round smooth bore barrel with or without ventilated rib, rifle type open sights or bead front sight, and fixed or adjustable choke; solid top receiver/frame with right side ejection and bottom loading; tubular magazine; single or dual action bars; action release located on the right front side of the trigger guard; cross bolt safety with red indicator located on the rear of the trigger guard; walnut checkered or grooved forearm and checkered or plain pistol grip buttstock with or without a rubber recoil pad; blued finish.

Manufacturer

- manufacturer's name and address are usually marked on the left side of the barrel.

Serial Number

- firearms manufactured before 1968 may not have a serial number.
- serial number if present may be marked ahead of the loading gate on the bottom of the receiver/frame or on the side of the receiver/frame.

Calibre

- gauge and chamber length are usually marked on the right side of the barrel.

Shots

- tubular magazine mounted under the barrel.
- available with removeable factory plug which limited magzine capacity.
- Flite King shotguns manufactured from 1960 to 1966 with a 2 3/4" chamber had a magazine capacity of four (4) shots.
- Flite King shotguns manufactured from 1966 to 1975 with a 2 3/4" chamber had a magazine capacity of five (5) shots.

Remarks

This record is intended as a generic for those Flite King shotguns which cannot be assigned to another definite entry; other records do exist which will more accurately describe the firearm.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Notes

Make

- "HIGH STANDARD" is usually marked on the left side of the barrel.

Model

- model designation is not always marked on the firearm.
- manufactured from 1962 to 1975.
- features include: round smooth cylinder bore barrel with rifle type open sights or bead front sight and adjustable aperature rear sight; solid top receiver/frame with right side ejection and bottom loading; tubular magazine; single action bar; action release located on the right front side of the trigger guard; cross bolt safety with red indicator located on the rear of the trigger guard; walnut checkered or grooved forearm and checkered or plain pistol grip buttstock with or without a rubber recoil pad; blued finish.

Manufacturer

- manufacturer's name and address are usually marked on the left side of the barrel.

Serial Number

- firearms manufactured before 1968 may not have a serial number.
- serial number if present may be marked ahead of the loading gate on the bottom of the receiver/frame or on the left side of the receiver/frame.
- observed serial number consisted of seven numbers without a letter prefix or suffix.

Calibre

- gauge and chamber length are usually marked on the right side of the barrel.

Firearms Reference Table, National Specialized Services, Royal Canadian Mounted Police. All rights reserved, RCMP, 1998-2026.

Shots

- tubular magazine mounted under the barrel.
- available with removeable factory plug which limited magzine capacity.
- Flite King shotguns manufactured from 1960 to 1966 with a 2 3/4" chamber had a magazine capacity of four (4) shots.
- Flite King shotguns manufactured from 1966 to 1975 with a 2 3/4" chamber had a magazine capacity of five (5) shots.

FRT Report

Firearm Reference Number (FRN): 126712
Make: High Standard
Model: Flite King Special K160

Summary

Make:	High Standard
Model:	Flite King Special K160
Manufacturer:	High Standard
Level:	Manufacturer Specifications and Commercial Customization
Type:	Shotgun
Action:	Pump Action
Country of Manufacturer:	UNITED STATES OF AMERICA
Serial Numbering:	See Note
Legal Classification:	Non-Restricted

Calibre, Shots and Barrel Length

FRN	Calibre	Shots	Barrel (mm)	Legal Classification Legal Authority	Level	Barrel Type Code
126712 - 1	16 GA X 2 3/4"	4	686	Non-Restricted CC 2 "firearm"	Manufacturer Specifications and Commercial Customization	

Notes

Make

- "HIGH STANDARD" is usually marked on the left side of the barrel.

Model

- "FLITE KING", "SPECIAL" and "Model K160" may be marked on the left side of the barrel.
- manufactured from 1961 to 1964.
- features include: round smooth bore barrel with a bead front sight and adjustable choke; solid top receiver/frame with right side ejection and bottom loading; tubular magazine; dual action bars; action release located on the right front side of the trigger guard; cross bolt safety with red indicator located on the rear of the trigger guard; walnut grooved forearm and plain pistol grip buttstock; blued finish.

Manufacturer

- manufacturer's name and address are usually marked on the left side of the barrel.

Serial Number

- firearms manufactured before 1968 may not have a serial number.
- serial number if present may be marked ahead of the loading gate on the bottom of the receiver/frame or on the side of the receiver/frame.
- NOTE: "K160" is not the serial number, this number is part of the model designation.

Calibre

- gauge and chamber length are usually marked on the right side of the barrel.

Shots

- tubular magazine mounted under the barrel.
- available with removable factory plug which limited magazine capacity.
- Flite King shotguns manufactured from 1960 to 1966 with a 2 3/4" chamber had a magazine capacity of four (4) shots.
- Flite King shotguns manufactured from 1966 to 1975 with a 2 3/4" chamber had a magazine capacity of five (5) shots.

Summary

Make:	High Standard
Model:	Griswold & Gunnison Commemorative
Manufacturer:	High Standard/Uberti
Level:	Manufacturer Specifications and Commercial Customization
Type:	Handgun
Action:	Revolver
Country of Manufacturer:	
Serial Numbering:	See Note
Legal Classification:	Restricted

Calibre, Shots and Barrel Length

FRN	Calibre	Shots	Barrel (mm)	Legal Classification Legal Authority	Level	Barrel Type Code
23040 - 1	36 PERCUSSION	6	191	Restricted CC 84(1) "restricted firearm" para. (a)	Manufacturer Specifications and Commercial Customization	

Notes

Make

- "HIGH STANDARD" over "HAMDEN, CT. U.S.A." is marked on the barrel assembly.

Model

- manufactured in 1974.
- approximately 500 firearms produced.
- "GRISWOLD & GUNNISON" over "C.S.A." was observed marked on the left side of the barrel assembly.
- this is a modern reproduction of a Confederate Griswold & Gunnison black powder percussion revolver.
- "Griswold & Gunnison" was a copy of a Colt model 1851 Navy percussion revolver, but with a brass receiver/frame and a dragoon type barrel.
- "Griswold & Gunnison" is also known as a Griswold & Grier, Griswold, or Griswoldville black powder percussion revolver.
- features include: fixed sights; blued round barrel with case hardened rammer/loading lever assembly mounted on the underside; open top brass receiver/frame with a blued unfluted percussion cylinder; exposed spur hammer; single action trigger mechanism; brass trigger guard and backstrap; smooth wood grip.
- overall length is 337 mm (13.25"), and average weight is 1.13 kgs (2.5 lbs).

Manufacturer

- "HIGH STANDARD" over "HAMDEN, CT. U.S.A." is marked on the barrel assembly.
- Griswold & Gunnison Reproduction .36 calibre cap and ball revolver was assembled and finished by High Standard using parts from both High Standard and Uberti.

Action

- muzzle loading.

Serial Number

- serial number is marked on the right side of the receiver/frame and repeated on the cylinder and barrel.
- serial number range is from 00001 to 00500.

FRN	Calibre	Shots	Barrel (mm)	Legal Classification Legal Authority	Level	Barrel Type Code
19836 - 1	36 PERCUSSION	6	191	Restricted CC 84(1) "restricted firearm" para. (a)	Manufacturer Specifications and Commercial Customization	

Notes

Make

- "HIGH STANDARD" over "HAMDEN, CT. U.S.A." is marked on the barrel assembly.

Model

- manufactured in 1974.
- "GRISWOLD & GUNNISON" over "C.S.A." was observed marked on the left side of the barrel assembly.
- this is a modern reproduction of a Confederate States of America (CSA) Griswold & Gunnison black powder percussion revolver.
- "Griswold & Gunnison" was a copy of a Colt model 1851 Navy percussion revolver, but with a brass receiver/frame and a dragoon type barrel.
- "Griswold & Gunnison" is also known as a Griswold & Grier, Griswold, or Griswoldville black powder percussion revolver.
- features include: fixed sights; blued round barrel with a rammer/loading lever assembly mounted on the underside; open top brass receiver/frame with a blued unfluted percussion cylinder; exposed spur hammer; single action trigger mechanism; brass trigger guard and backstrap; smooth wood grip.
- overall length is 337 mm (13.25"), and average weight is 1.13 kgs (2.5 lbs).

Manufacturer

- "HIGH STANDARD" over "HAMDEN, CT. U.S.A." is marked on the barrel assembly.
- Griswold & Gunnison Reproduction .36 calibre cap and ball revolver was assembled and finished by High Standard using parts from both High Standard and Uberti.

Action

- muzzle loading.

Serial Number

- serial number is marked on the right side of the receiver/frame and repeated on the cylinder and barrel.
- serial number range is from 00501 to 02600.

Calibre

- black powder percussion.

Notes

Make

- "HIGH STANDARD" over "MFG. CO. INC." over "HOUSTON. TX" was observed marked on the left side of the magazine housing of the receiver/frame.
- "HIGH STANDARD" over "FIREARMS LTD" over "HOUSTON TX USA" was observed marked on the left side of the magazine housing of the receiver/frame.

Model

- introduced in 2005.
- "MODEL HSA-15" was observed marked on the left side of the magazine housing of the receiver/frame.
- "HSA-15" is of the design commonly known as the AR15/M-16 rifle.
- features include: rear sight/carry handle or flat top with accessory rail and adjustable front sight; ejection port dust cover, case deflector and manual assist are located on the right side of the firearm; safety/semi-auto selector located on the left side of the receiver/frame; single trigger mechanism; solid bottom flash hider; bayonet lug; pistol grip and solid or retractable buttstock.
- this rifle is also supplied with a gas-piston operating system in the upper assembly and is referred to as the "Osprey" by High Standard. There are no markings on the upper assembly that identify it as the "Osprey"; removal of the handgun is required to specifically determine the gas-piston system.

Manufacturer

- "HIGH STANDARD" over "MFG. CO. INC." over "HOUSTON. TX" was observed marked on the left side of the magazine housing of the receiver/frame.
- "HIGH STANDARD" over "FIREARMS LTD" over "HOUSTON TX USA" was observed marked on the left side of the magazine housing of the receiver/frame.
- High Standard Manufacturing Company, Incorporated was established in Houston, Texas, U.S.A. in 1993.
- Firearms International, Incorporated was established in Houston, Texas, U.S.A. in 1998.
- High Standard brand name products have been manufactured by Firearms International Incorporated.
- Crusader Group Gun Company, Incorporated was formed in 2004.
- Crusader Group Gun Company, Incorporated included High Standard Manufacturing Company, Firearms International Incorporated, AMT-Auto Mag, Interarms, and Arsenal Line Products.
- AMT-Auto Mag brand name products have been manufactured by Crusader Gun Company since 2005.

Action

- gas operated.

Serial Number

- serial number was observed marked on the left side of the magazine housing of the receiver/frame.
- serial number observed consisted of a three letter "RES" prefix and five numbers.

Calibre

- calibre designation "CAL 5.56 NATO" was observed marked on the left side of the receiver/frame.

Shots

- detachable box magazine.
